CHURCH OF SCOTLAND.—Rev. Ewen McDougall will preach at Point Prim on Sabbath, 23rd, at 8 p.m., and at 10 a.m. on Wednesday, 19th. Also on the same day at Birch Hill at 11 and Kilroos at 3.30.

NAVY LEAGUE APPEAL.—The appeal of the Navy League of Canada for the relief of sailors of the Royal Navy and Mercantile Marine and their dependents will be held this year from the 1st to 7th of September. The members of the Empire have again offered to work in conjunction with the Navy League in making this very laudable object a grand success.

GAZETTED.—Among notices of appointments, promotions, etc., in the last issue of the Canada Gazette appears the following: "To be brevet Lieutenant-Colonel: Major C. Leigh, Prince Edward Island Heavy Brigade, Canadian Artillery, 8th October, 1915." The unmentioned is granted the local rank of Lieutenant-Colonel, as stated: "Major F. W. L. Moore, Permanent Staff, whilst performing the duties of Assistant Adjutant-General in charge of Administration, Military District No. 11 18th April, 1918."

MANGEL SEED. A limited quantity of mammoth mangel seed at a special low price to clear. Mackie & Nelson, Grafton St. East. 8053

FISH MORE PLENTIFUL.—There was a large supply of fish on sale at Tuesday's market. Some excellent catches of cod were taken on the north side, the first of any account. It was bringing 8 cents per pound. Herring were selling at 25 cents a dozen, and lobsters at 15 cents a lb.

PATTERNS.—To do your own sewing is a valuable war saving—and it's easy if you use Standard Patterns. See Miss Bennett of the Standard Fashion Co. of New York, at this store, today. Leave your order with her for a year's subscription to the Designer—one of the smartest fashion magazines in the world—59 cents per year.

A MODEL ROAD.—Autoists are loud in their praise of the Winstoe Road, which they declare is one of the best in the Maritime Provinces. The roadmaster, Mr. Younker, has been heard to make the declaration that he intends to make his section the best in the province. Some of the autoists say that he has already attained this object, but there are still other places to hear from, and the palm for the best must be withheld yet awhile. In the meantime it is gratifying to note this growing friendly rivalry among roadmasters and the hope may well be entertained that through it good roads will be the rule, not the exception, throughout the province. No doubt the autoists themselves have much to do with the making of good roads, their wide tires and their ton or so of weight helping to smooth and solidify the roads they pass over.

Announcing New Series "E" McLaughlin Leaders in All Points of Merit

The New McLaughlin Models Eclipse all Previous Standards of Beauty and Value

EVEN more graceful in design with greater power the new series "E" more than maintains the supremacy accorded "Canada's Standard Car" for eight successive seasons.

The famous McLaughlin valve-in-head motor develops more power than any other type of motor of the same bore and stroke, and develops this reserve power with the minimum gasoline consumption. Every mechanical feature of McLaughlin cars has been perfected to the same high standard of efficiency as the motor.

McLaughlin designers and engineers have built 12 body styles of rare beauty—worthy masterpieces of our coach builders' art.

This complete line of 12 new models built in one group of factories and distributed by 12 branches and over 300 dealers from coast to coast includes a car for every need. See the new series "E" before you buy your car.
