ALL NEWS OF LOCAL INTEREST

THE work upon the new consolidated school at Hazelbrook will be commenced about the first of June immediately after the arrival of Professor J. W. Robertson from Ottawa. It is most probable that the site will be selected on the rear of John Smith's farm adjoining the Hazelbrook Cheese Factory. The building will be of brick 90 feet, by 60 feet with a large hall and a nine foot basement. It will be constructed of brick and the contract will most likely be given to one of the Charlottetown contractors. The school will be a credit to the donor, Sir William McDonald, as well as to the district in which it will be built, and Dr. Anderson by whose ability the scheme has been brought to its present stage.

MALPQUE ITEMS.—Although the weather still continues very cold, the farmers in this vicinity are beginning to prepare the ground for sowing their grain.—Thos. Crafer, one of P. E. Island's most successful teachers, intends leaving on Tuesday, May 12th, for North Dakota where he will take a course in the Normal School at Mayville, in order to fit him for teaching there. This is the result of the meager salary paid to teachers in this province.—Mrs. James Crozier is spending a few days with friends in Kennington.—Master John Montgomery is recovering from his recent serious attack of appendicitis.—The Woman's Auxilliary of Princeton held their annual thank offering meeting in the hall on Monday evening May 4th. The President Mrs. John Woodside of Hamilton occupied the chair.—The program consisted of readings, recitations, music, and addresses by Revs. E. J. Rattee and E. H. Ramsay, which were both interesting and instructive. The collection amounted to \$21. The meeting closed with the benediction by Rev. E. J. Rattee.

OBITUARY.—Passed peacefully away at Cavendish Road on the evening of April 22nd, Henry Nelson Toombs aged 36 years. Deceased had been in failing health for some time but not until the last few weeks did the bereaved family give up all hope of his recovery. Everything that medical aid and kind hands could do was done to restore him to health, but he who knows what is best wills otherwise. He bore his sickness uncomplainingly and patiently thinking more of others than himself. Deceased was noted for his kind sociable and cheerful disposition, thereby winning for himself a host of friends, and when the last breath of life had ceased there came an end to a life which will be greatly missed by all who knew him. He leaves a sorrowing wife, one daughter, an aged father and mother, five brothers and two sisters to mourn the loss of a kind husband, dutiful son and loving brother. Services were conducted at the house by Rev. W. Wilson of Cavendish. The pall bearers were his five brothers, and one brother-in-law. The remains were followed by a large concourse of friends where they were laid to rest in the Presbyterian cemetery at Cavendish. Thus surrounded by loving friends he bade farewell to this world of shadows and darkness and entered into that land of rest and light where God shall wipe away all tears from our eyes.

HORSE NOTES.—David Reid, Victoria Cross, brought over by the S. S. Princess Monday evening, the celebrated stallion Victor of Goodwood, 2329. This draught stallion was sired by Victor Chief 1479 and his dam is Diamond 2381. Both Victor's sire and dam were extremely large horses and well bred, his sire, Victor Chief, weighed nearly 2200 lbs and his dam Diamond 1700 lbs. Victor of Goodwood weighs 2100 lbs, 17 1/2 hands high, was admired by hundreds of horsemen while he was shown on the market square yesterday who all pronounced him to be the largest and most proportionate horse that was ever shown here. He has excellent action for a heavy horse, and can trot well. "Did you ever see such a heavy horse so light on his feet and with such good knee action"—were the remarks on every side. He has a grand neck, being very thick, and a very pretty head. Every farmer of King's and east Queen's should feel proud that such a horse has been purchased for their settlements. Mr. Reid is receiving congratulations from every side in which the Guardian joins and has been asked over and over again to make Charlottetown one of Victor's stands. Mr. Reid left for home yesterday afternoon via road as he could not get a car on the P. E. Island railroad large enough to fit Victor in. This will give an idea of his size. If possible, Mr. Reid will arrange for Victor to visit Charlottetown once a fortnight. Particulars will appear later.

BICYCLE VS. TROLLEY.

After waiting what seems an interminable time on a corner for a street car and then crowding on and standing all the way home, one certainly envies the cyclist. They go fitting by at whatever rate they wish, choosing the shortest or the longest way home, as the mood or the necessity of the moment requires. Certainly wheeling is taking a great boom this season, and every day sees more of them out. The dealers seem to be greatly rushed, and most of them are behind with their orders. Wheels of a much higher grade are most in demand this season.

CITIZENS of Charlottetown and Summerside will remember former visits of Rev. J. G. Shearer, B. A. of Toronto, General Secretary of the L. D. A. In January, 1902, a provincial L. D. A. was organized in the capital branches, having existed previously in both places named. Mr. Shearer is coming to the Island again this week. His program is as follows:—Summerside on Tuesday, 12th; Alberton on Wednesday 13th; Montague on Thursday 14th; Souris Friday 15th and Charlottetown, Sunday 17th. On Monday 18th, the first annual provincial convention will assemble in Charlottetown. The Lord's Day Alliance had made rapid progress since the Secretary's last visit. It numbers now 375 branches in as many cities, towns and villages and covers the entire Dominion, having an enrolled membership of 20,000. It publishes extensively on the Sunday question, and among other things uses a periodical "The Lord's Day Advocate," which is sent to every member and has become a not insignificant influence in arousing public interest in the preservation of the Sabbath, which all good Canadians rightly prize. The society seems to be a simple federation of the churches for the end sought. The organized labor forces also heartily co-operate. In consequence of its broad, reasonable aims and principles, its energetic propaganda and its coalition with the working men, it has become a powerful influence which has to be reckoned with even by the greatest corporations, if they choose to rob their employees of their Sunday rights. It has also become an important factor in all legislation, affecting the national rest day. The General Secretary has just completed a tour of Cape Breton and other parts of Nova Scotia and New Brunswick. While in Sydney, issue was taken with the Dominion Iron and Steel Company which has been doing much unnecessary Sunday work and the C. B. Electric Railway Company an American concern, and the Attorney General is prosecuting both under the Lord's Day Act of Nova Scotia. We would welcome Mr. Shearer to P. E. Island and bespeak for him the cordial hearing and support his work and mission deserve.

THE POOR DYSPEPTIC.

Is the Most Miserable of Mortals—Only Similar Sufferers Can Understand His Hours of Agony.

There is no mortal more miserable than the poor dyspeptic. He is never healthy, never happy—always ailing, always out of sorts. Every mouthful of food brings hours of distress—every moment of the day is spoiled and soured. If you are a dyspeptic, you know the signs; the costiveness, the dull headaches, the heartburn, the biliousness, the persistent torment of eructus, the hopeless despondency. Any one of these signs points to indigestion. The one sure cure for indigestion is Dr. Williams' Pink Pills. They make new blood, and the blood they will brace up your strength, awaken your liver and set your stomach right. If you ask your neighbors you will find proof of this right at your own home. Mr. Charles Wood, Mars, Ont., one of the thousands of dyspeptics cured by the use of these pills, says: "For upwards of twelve years I was a great sufferer from indigestion and nervousness. Everything I ate tortured me. I doctored almost continuously, and used almost everything recommended for this trouble, but never got more than temporary relief. I began the use of Dr. Williams' Pink Pills. Words cannot express the good these pills have done me. I am in better health than I have enjoyed in years before, and I have proved that Dr. Williams' Pink Pills cure when other medicines fail." Bad blood is the mother of fifty diseases and Dr. Williams' Pink Pills will cure them all, because they convert bad blood into good, rich, red blood, without which there can be neither health nor strength. Don't be persuaded to try something else—take nothing but the genuine Dr. Williams' Pink Pills. Sold by all medicine dealers or sent post paid at 50c a box, or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville Ont.

FATHER CORDUKE DEAD.

St. JOHN, May 9.—Rev. Michael J. Corduke C. S. S. R., head of the Redemptorist Order of Priests in this district and late Rector of St. Peter's Church, died this afternoon after a lingering illness of cancer of the throat. He was 54 years of age and was born in Ireland. Father Corduke was sent to St. John three years ago from Baltimore.

CREED REVISION NEAR.

New York, May 9.—Presbyterian creed revision appears to be near at hand, after a prolonged and at times stormy struggle within and without the ranks of that Church, says the Herald. It has been learned that 27 of the 235 Presbyteries in the Presbyterian Church in America voted a lively for creed revision, as based on the eleven overtures sent down by last year's General Assembly.
