Sprains There is many a dollar lost in wages by persons having a sprain, besides the pain they suffer. What a pity these people don't go and get a bottle of Griffiths' Menthol Liniment when the accident happens. It takes out all the pain, swelling, and soreness in just a few minutes, and there won't be any more suffering. Try

Griffiths' Menthol Liniment.

there is a cause for it. Perhaps it is gas on the stomach may be cramps or diarrhoea. Don't lose sleep anticipate such contingencies by always keeping handy a bottle of Polson's Nerviline. Just a few drops of water given inwardly than rub the little one's stomach with a small quantity of Nerviline and perfact rest is assured for the night for both mother and baby. You may not need Nerviline often but when you do need it you need it badly. Get a 25c. bottle to-day

BOSTONIA SEXTETTE.—Mr. Watts announces that the capacity of the Kindergarten Hall has been subscribed for. As previously mentioned the Opera House is engaged for the whole of that week. The manager of the company engaging it was informed that it would be a great disappointment to many of our musical people if they were unable to hear this talented Sextette. Owing to their only remaining one night in each place neither the date nor route could be changed. It is to be hoped the courtesy may be extended by giving up the Opera House for that one evening and the balance of the week would make amends.

BOSTONIA Sextette, Monday. May 13th, This justly celebrated company will give a concert on Monday, May 13th. It unfortunately happens that the Opera House is rented from Wednesday to Saturday inclusive the week preceeding and from Monday 13th, and balance of week to another company. Mr. Watts is corresponding with the manager to try and secure the Opera House for the 13th. Should he be unsuccessful the concert will be held in the Kindergarten. In the latter case it is probable only subscribers will secure tickets. If your name is not on the list put it on at once. The lists are still open at Mr. Watt's studio, Kindergarten Building.

A large number of amateur photographers took advantage of the free demonstration on Dekko Paper by Mr. G.S. Barr yesterday afternoon at Messrs. Johnson and Johnson's drug store and Mr. Barr was kept busy from half past two until almost 6 o'clock. Everybody seemed delighted and surprised at the simplicity of the process and the richness of the finished picture. Mr. Barr will give another demonstration this afternoon from 2 to 6 o'clock and wants any person who wishes to bring a negative and he will develop the print while they wait, the whole process only taking about a moment. Mr. Barr expresses himself as being very much pleased with Charlottetown and its people and says that he rarely visits a city where such an interest is taken in amateur photography or where the people seem to have such an intelligent grasp of the subject and ask such sensible questions. He gives a talk on photography in the Y. M. C. A. parlor to-night at eight o'clock. Any person interested in photography is invited. No admission fee or collection.

THE health officer in the next few days will examine the different back yards and premises of the City. Those who do not clean up will be given a limited time to clean up and then if the work is not done will have to appear before Stipendiary Hazzard. At the present time the state of some yards is a disgrace to any City. They are full of ashes, rubbish, garbage, old papers, boots, everything useless, worthless and noisome. The rear of many business places is decidely below the health line. Every true citizen should take a pride in cleaning up his own place. His example is contagious. He is fond of hearing his city called healthy, beautiful and attractive and he should extract considerable pleasure in the thought that he at least, is doing his share. It does not matter what your neighbor does. If he is not enterprising or energetic enough to take a hand in the work inform the authorities and they will soon see that he does his duty. With premises all clean and tidy streets well kept, lawns cropped and trees trimmed the householder has the satisfaction of seeing some fruit from his labors. Then if you have a dollar or two to spare, purchase a few pounds of paint and some oil, and touch up your verandah, your porch or your fence. It will not cost you much now, but neglect it a few summers more and the outlay will be considerable. It is a sad commentary on the lack of taste or niggardliness of some property owners that they never wield a paint brush. There is no form of decoration which gives such pleasing results for such a trifling expenditure. "I cannot afford it," says someone. It might also be argued that you cannot afford to patch your clothes when worn or rent, to get your shoes half-soled or to put on a clean collar. Men who would scorn to be seen in the streets with greasy garments, unpolished shoes or dustbegrimed hat will give very little attention to keeping their houses in repair. A few dollars expended now may save them many later on.

THERE ARE OTHERS but only one Kendrick's Liniment, the greatest modern household remedy. For all Pains, Lameness and Swelling get Kendrick's.

DON'T forget the rummage sale is to be held during the last week of May.

WILL those who have promised donations to the rummage sale, kindly send them to the Y. M. C. A.

MRS. NORMANDEAU

A Lady of Campbellton, N. B. has at last Effectively Disposed of an Enemy that Persecuted Her for Years.

For years, Mrs. Philomene Normandeau of Campbellton, N. B. suffered with Dyspepsia. In addition to the tortures consequent on this disease, she also was very much troubled with sick headache the result of the derangement of the stomach.

She has found a cure, and is so greatful that she is anxious for the benefit of others who may be suffering as she was to give the matter the greatest possible publicity. She has therefore written the following open letter:—

"It is my duty' and I consider it a great pleasure for me to testify that I have been cured of a very serious case of Dyspepsia, by the use of Dodd's Dyspepsia Tablets.

"For years, I suffered with stomach sickness. My head ached almost continually. I could eat very little, and had to be very careful.

"I consulted several physicians, and used the medicines they prescribed, but instead of getting better, I gradually grew worse.

I read in one of the newspapers an advertisement which told how a lady who had been suffering from Dyspepsia in much the same way as I was had been cured by Dodd's Dyspepsia Tablets.

Although I had but little faith, I decided to make a trial, and bought two boxes. I was relieved from the very first and can safely say that I am completely cured.

I can therefore highly recommend Dodd's Dyspepsia Tablets to all who suffer from this most terrible malady, as I am satisfied that what cured my case will cure anyone.

Science to-day knows but one way to relieve Dyspepsia, Indigestion, Heartburn, Sour Stomach and other stomach troubles That way is Nature's way—Rest.

Dodd's Dyspepsia Tablets digest all the food and tone up the stomach troubles by giving it a respite from the work of digestion. The small brown Tablets stimulate the Liver, and regulate the Bowels. All in one box, 50.

MILLINERY

Of course in Millinery buying—first of all you want absolute correctness of style—and artistic up-to-date workmanship.

But there are other considerations.

For example—you want your hat done when promised.

And when you give a limit of price you don't want that price exceeded.

And you don't want YOUR hat to look just like every other hat.

People who leave their orders at our Millinery department get all these advantages—and customers say they don't have to pay so much for them either.

But leave your order early—we want time to do it full justice.
