**—WANT THE INSPECTOR**—It is very strange to relate that seven months of the school term have slipped by and several western schools have not yet received an official visit from a school inspector. It appears very negligent on the part of the Education Office in some Districts where the rate payers are taxed for a heavy supplement and are not receiving satisfaction in return there is a great deal of dissatisfaction, especially where children are at the mercy of a careless teacher who is indifferent as regards the progress of the school. As the staff of Inspectors is large enough to cover the whole island, many deem it necessary that those schools should be examined without delay.

**—EVANGELISTIC MEETINGS**—Everyones present would be either a diva or a Lazarus, is the way Mr. Herman began his sermon at the evangelistic service held in the Baptist Church, Summerside, on Monday evening. His text was Act. 16:30-31. Here was the great of all questions, the greatest, in jail ever asked and the greatest question any person can possibly ask is, what must I do to be saved? The speaker then drew a word picture of two homes, one was an ancient home at Phillip, where around the table sat the whole family and two guests, with their bodies full of pain because of un-just laceration, but nevertheless preachers of the great gospel of salvation, and this same company were rejoicing in the love shed abroad in their hearts. The other picture was that of a home where a widowed mother bowed down in sorrow was telling her children that their father would not return to them again; that all the prisoners had escaped from the jail of which he was keeper, and rather than face death at the hands of others he had committed suicide. But just then a knock is heard on the door, and father enters, and the scene changes to the one first described. What has happened? Why, the jailer has asked the great question and received the answer in a new life and love. Ex- important things; (a) must: There are a great many times in our lives when we "must", when matters must be dealt with, when decisions must be made, and (b) in the result of government decisions were reached and the people fell in line; questions were considered by the Church Council and its members, fell in line, but salvation was a question for each individual to deal with: "What must I do?"; (c) "Do" We cannot add to the finished work of Christ but there was still something for us to do. We are called upon to believe with our minds, will our hearts, and with our will and our knowledge; to place ourselves in a position where grace can begin its redemption work through Christ. The testimony period following the hearing witness to faith in Jesus and His power to save. The service was most helpful. You are invited to the next meeting. Come!

Sheen some 16 years ago, and so successfully carried on by him, will be continued as before, as the new owners form one of the largest wholesale furriers in Massachusetts.

### GLAD TO BE ABLE TO WORK

Toronto Woman Gives Credit to Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario. "I suffered with irregular periods, was weak and run down, and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy, and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep home and go out to work and am like a new woman. If these facts will help some poor woman, use them as you would." Mrs. J. F. Pracey, 357 King St., West Toronto, Ontario.

Various forms of female weakness many times make work almost impossible. Lydia E. Pinkham's Vegetable Compound has helped thousands of women.
