Body of Michael Collins Arrives at Dublin

Is Met by Prominent Free State Officials and Clergymen. Body Will Lie in State at the City Hall.

(Special to The Guardian)
DUBLIN, Aug. 24. — Officials in Dublin and hundreds of the privileged met the body of Michael Collins, the martyred head of the Irish Free State Government, when it arrived on the steamship "Classic" which docked at the North Wall at 1.20 this afternoon. With only a few lights burning and its tri-colour flag drooping at half-mast the steamer entered the harbor and went up the River Liffey, its engines turning slowly. Flashes from the lighthouse, revealed a few persons at the rails as the vessel soundlessly steamed towards the docks, and mewing gulls circled about the prow as if they too were trying to express sorrow. From the city came the sounds of a few rifle shots, for the sniper has little respect for the living and none for the dead. As the hull came to rest against the pier and a mate ordered "make fast" the Fourth Battalion of the Dublin Guards came to "present arms" and the wailing notes of the Last Post echoed across the waters. The civilians present bared their heads to the cold drizzle. Mrs. Margaret O'Driscoll of Cork, a sister of the dead leader, was assisted by the gang, plank by William T. Cosgrove, who succeeds Mr. Collins as head of the Irish republic and followed by clerics, a sad party viewed the remains while a few minutes later six officers bore the casket ashore and laid it gently upon a gun carriage. At the command of "forward march," the pipers began a dirge and the troops fell in with rifles at a slope. The procession continued for two miles through deserted streets to St. Vincent's Hospital.

Ayrshire Breeders Hold Annual Picnic Yesterday

Large Attendance and Interesting Demonstrations and Addresses at Afternoon Outing at Experimental Farm.

The annual picnic of the P. E. I. Ayrshire Breeders' was held at the Experimental Farm yesterday. There were present a large number of the leading breeders of this well known stock and every one spent a very pleasant and profitable afternoon. The first part of the afternoon was taken up in looking over the different parts of the Farm and noting the experimental work being carried on there. After the beautiful herd of Ayrshire at the Farm was inspected by those present a judging class was held for the boys of the Pioneer Boys' Ayrshire Breeders' Club. After the boys had a chance to place them and give their reasons, Mr. C. A. Archibald of the Dominion Live Stock Branch, placed the animals and gave the young competitors some valuable advice on the proper type to look for in a dairy cow. It was a noteworthy fact that quite a number of the boys gave the animals their proper placings and gave very good reasons for doing so. The following were the prize winners: Wallace Rodd, 1st \$3.00; Harold Storey, 2nd 2.75; Elmer Duffett, 3rd 2.50; John Andrews, 4th 2.25; John Rodd, 5th 2.00; Milton Guernsey, 6th 1.00; Unsworth Guernsey, 7th 1.00; Morley McWilliams, 8th 1.00. The prize money was donated 50 per cent by the Ayrshire Breeders' Club and 50 per cent by Mr. C. A. Archibald. A class of heifers was then brought out for the older boys and men which created considerable interest. Much credit is due Superintendent J. A. Clark of the Experimental Farm and Herdsman F. H. Rooper for the splendid condition in which the herd at the Farm is kept and for the entertainment and instructive manner in which the cattle are exhibited to every visitor. After this part of the program was completed the crowd assembled in the beautiful grove back of the farm buildings, where the ladies served lunch to which all did full justice. After lunch the president, Mr. B. R. Brown called the meeting to order and called on Mr. J. A. Clark, who gave an address welcoming the Ayrshire Breeders to the farm and giving a brief outline of the breeding operations which are being followed. Mr. W. J. Gibson, president of the Holstein Breeders Club spoke, expressing his pleasure at being present. He said that although engaged in breeding a different breed of cattle he was always pleased to see animals of another breed making good records as he believed that the success of the dairyman does not depend upon the breed he selects but upon the individual animals of the breed and the care which is given them. Mr. C. A. Archibald of the Live Stock Branch, spoke next, congratulating the Ayrshire Breeders on the success of the event and drawing attention to the splendid showing made by the boys in the judging competition. The speaker expressed the wish that a judging competition for the members of the Boys Club be arranged at the Charlottetown Exhibition this year. Mr. C. L. Miles, manager of the Charlottetown branch of the Canadian Bank of Commerce complimented the Ayrshire Breeders on their enterprise and although he had no favorites in the line of cattle breeds it was a noticeable fact that farmers who paid attention to the class of live stock they kept and who were working along towards having a line of pure bred herds appeared to be making a greater success than those who were not. Mr. J. H. Malcom, manager of the Bank of Nova Scotia, who is a native of Scotland, the home of the Ayrshire, also spoke of the value of pure breeds for commercial dairying. He said he believed it would be possible to increase the production of the province very much by improving the quality of the live stock. He complimented the Ayrshire Breeders on their work in interesting and instructing the boys in the judging and feeding. This cannot fail to be a help to the coming generation. The bank managers present expressed the desire to co-operate and encourage in every way the production of improved live stock. This concluded the program and the visitors left for their homes well pleased with the splendid day's outing.

MR. J. D. O'CONNELL, THE ORPHANS' FRIEND

Hearty Welcome to The Children's Friend Mr. J. D. O'Connell

Mr. J. D. O'Connell, the well known children's friend is once more in the city and young and old are pleased to see him. He has as usual made his northward journey pleasant for all the children who met and he met many thousands of them. Last week he gave a number of picnics in New Brunswick, in Sussex and Renfrew. He also visited Bathurst where he was the guest of Attorney General Byrne and where he promised to give one of his picnics next summer. Tomorrow afternoon the children of Charlottetown will be given their usual O'Connell picnic, when the orphans and the poor children will be treated to fruits and eats and all children will be given the usual bag of candy and the shower of pennies. All are invited to see the children made happy and also to see and greet the man who has made it his life's work to remember little children. Few men who visit Charlottetown are accorded a more hearty welcome than Mr. O'Connell, the Children's friend and he is assured of an enthusiastic welcome tomorrow.

Central Pennsylvania Miners Return to Work

(Special to The Guardian)
ALTOONA, Penn., Aug. 24. — Union leaders today were notifying their 45,000 miners in the Central Pennsylvania field to return to work immediately, while operators were rushing plans that will mean production of 30,000,000 tons of coal a year and this activity followed the signing of an agreement last night.

C. N. R. Presidency Offered W. D. Keeney

(Special to The Guardian)
TORONTO, Aug. 24. — It was rumored in financial circles this morning that the presidency of the Canadian National Railways has been offered W. D. Keeney, vice president of the Great Northern Railway, St. Paul, Minn.

Suspected of Smuggling Russian Crown Jewels

(Special to The Guardian)
NEW YORK, Aug. 24. — Federal agents today are watching incoming liners for a man suspected of trying to smuggle thousands of dollars worth of the Russian Crown Jewels into this country. A "tip-off" on this alleged smuggling plot has reached the government operatives. The White Star Liner "Majestic" was the first ship visited by the detectives, the agents failed to locate their man, but in the course of a search they found \$3,000 worth of undeclared gems among the passengers.

Germany Declines Economic Union With Austria

(Special to The Guardian)
BERLIN, Aug. 24. — Germany has declined Austria's invitation to enter into an economic union with the Vienna Government. Cancellor Schepel, of Austria, conferring with President Ebert and Chancellor Wirth, Wednesday broached the subject of such a union. Schepel was informed that while Germany was entirely sympathetic to Austria's plight she was compelled to decline any such union at this time. It was suggested that something in the nature suggested by Austria might be undertaken in the future. z z

France Refuses German Plans for Moratorium

(Special to The Guardian)
BERLIN, Aug. 24. — Germany submitted plans for a five months moratorium today and her proposals were instantly rejected by France. The German plan, which was thought acceptable to the Allies was for deposits of gold guarantees against a temporary moratorium on reparations payments. Acceptance of the proposal was expected immediately after it was made to Sir John Bradbury and M. Nauecker, the allied guarantees commission here. The Frenchman flatly refused to consider it. France demands a lien on German industry in exchange for temporary relief from payments.

Harvesters Busy in Saskatchewan

(Special to The Guardian)
REGINA, Aug. 24. — Wheat cutting and rye threshing are general in Saskatchewan, according to a crop report issued by the Statistics Branch of the Provincial Department of Agriculture. It is believed the average wheat yield for the whole Province will be close to twenty bushels an acre. Generally speaking the reports are optimistic, and several of the correspondents declare that prospects are much brighter now than they were two or three weeks ago. In some districts the whole rye crop has been harvested, and another week of favorable weather will see the completion of the work of the binders in many territories.

Enthusiastic Party Meeting At Georgetown Yesterday

Cordial Reception Tendered Senator McLean, Mr. J. H. Myers and other Speakers at Annual Meeting of Kings County Liberal Conservative Association. Dr. A. J. Fraser Elected President.

The largely attended and enthusiastic annual meeting of the Liberal Conservative Association of Kings County, held yesterday afternoon in the Town Hall, Georgetown, will go down in the political history of the County as one of the most successful held in recent years. The quick despatch of business, the unanimous approval accorded the newly elected officers and the splendid reception given the speakers of the day, gave ample evidence of the strength and vigor of the party and of the confidence in which its leading men are looked upon by the electorate in general. The meeting opened at 2.30 p. m. with President D. C. Morson in the chair and with an audience representative of every poll in the County. The routine business of the meeting was put through, whether or not such a party can survive righteous judgment. The meeting closed in excellent order after a strong campaign policy had received unanimous assent. The largely attended and enthusiastic annual meeting of the Liberal Conservative Association of Kings County, held yesterday afternoon in the Town Hall, Georgetown, will go down in the political history of the County as one of the most successful held in recent years. The quick despatch of business, the unanimous approval accorded the newly elected officers and the splendid reception given the speakers of the day, gave ample evidence of the strength and vigor of the party and of the confidence in which its leading men are looked upon by the electorate in general. Premier Bell Plays On the People

Premier Bell is an adept at playing upon what he imagines is the credulity of his hearers. Before he was known to them they accepted his word and promises in good faith, and now that they do know him he thinks the old game of deception will still work. The average voter can be fooled once, but in this province it is hard to get away with a trick a second time. According to the Patriot, and that innocent (?) sheet will surely not misrepresent him, he made this declaration at the Egmont Bay meeting: "Then borrow on the credit of these auto fees — such a sum ONLY as the Government could pay back — principal and interest, at the end of say 10 years. "At the end of that time the improved roads WILL BE ALL PAID FOR. NOT A DOLLAR WILL BE OWING FOR THEIR CONSTRUCTION." This is only a part of the gush that was dished out in the same strain by this fake financial wizard. Let us see. On page 10 of the Public Accounts under the heading Highway Improvement — 1921 we read, "Total expenditure \$262,705.28. Less payable by the Dominion Government \$103,404.44. Total amount payable by the Provincial Government \$159,300.84. The whole joke of the thing however, is in the succeeding entry. It reads, "TRANSFERRED TO HIGHWAY SINKING FUND" — just look at the amount intelligent voter and mark it — \$658,000. In Premier Bell's 10 years this would just amount to exactly \$65,800.00, plus interest, and with such a magnificent (?) contribution the "sinking fund" our provincial Ponzi promises to wipe out the total of \$159,300.84 in the short period of 10 years, so that "not a dollar will be owing." And the most amusing feature of it is that he spoke as if he actually expected his hearers to swallow it. It was his estimate of their credulity and gullibility.

Alberton Meeting

A splendid hearing was accorded the Conservative candidate Mr. Gilbert Gaudet at the meeting held last night in the Court House Alberton. The order was good throughout the meeting which was presided over by Mr. W. D. White. The political situation was put clearly before the electors in a brilliant half hour address by Mr. J. D. Stewart, K. C., who was also warmly applauded. Other speakers in addition to Messrs. Stewart and Gaudet were the Liberal candidate, Mr. Blanchard, Mr. Geo. Wheatley, Charlottetown; Messrs. C. Metherell and W. H. Dennis, Liberal members, and Mr. A. J. Mathieson.

Federal Gov't. Sends Relief to Men

(Special to The Guardian)
OTTAWA, Aug. 24. — Relief for four men stated by Vilhu Almur Stefanson the explorer to be now in danger on Wrangel Island has been provided by the Canadian Government the sum of \$3,000 being advanced to Mr. Stefanson for the purpose of taking the necessary relief measures. GRAPE CROP IS GOOD

The Weather Temperature, Tide, Moon, Etc.

TORONTO, Aug. 25. — Moderate to fresh southerly winds, overcast and showery with local fog. Tide will be high this afternoon at 12.22 and to-morrow morning at 12.55. Sun sets this evening at 6.51 and rises to-morrow morning at 5.12. First quarter moon Tuesday Aug. 29 at 7.55 a. m. Tide is high in Summerside 18 minutes later than in Charlottetown.

Irene Castle Recovering From Injuries

ITHACA, N. Y., Aug. 24. — Irene Castle is today recovering from injuries received when she was thrown under a falling horse yesterday, while practising jumping. Her collarbone was broken.

Destitution and Starvation in Newfoundland Colony

(Special to The Guardian)
SYDNEY, Aug. 24. — Newfoundland papers arriving here tell of destitution and starvation in the ancient colony. The Evening Telegram says: "Yesterday's train a number of police were despatched from the city to points along the railway line, and this morning another squad followed. It is stated the unemployed around Conception Bay are becoming restive and trouble feared. The reinforcements, which went out this morning were in charge of Sergeant Symonds, but their destination could not be ascertained. A clue may be contained in the following message received last night by Sir Michael Cashin, "110 men at Badger without money or food in very destitute condition. We wired government yesterday, but got no reply. Reason for leaving work wages not supportable and we are in very serious condition and wish you to do something for our distress. Will you arrange matters to get us out of here to our homes in Harbor Grace and Carbonear. Will you immediately send us a reply." Startling Statement re Canadian Journalist

Western Farmers Advised Not to Hold Wheat

(Special to The Guardian)
WINNIPEG, Aug. 24. — A warning to farmers of Western Canada not to speculate by withholding their wheat from the market in the hope that prices will advance was the reply of Winnipeg bankers today, when interviewed regarding the latest proposal of Premier Charles Dunning, of Saskatchewan. Premier Dunning, following up his proposal of several days ago, that a bankers conference be held to consider ways and means of helping the farmers to realize the highest price for their crops now suggests that the bankers should "extend portions of amounts due them from all creditors to enable more gradual liquidation.

Turks Launch Great Offensive Against Greek Frontier

The Former Place Themselves in Strong Position Greek Line has Been Weakened by Withdrawal of Her Military Forces.

(Special to The Guardian)
PARIS, Aug. 24. — The news that the Turks have launched a great offensive against the Greek frontier in Asia Minor, was received here from the French High Commissioner in Constantinople and the purpose of the offensive is to put the Turks in the strongest position before the Venice Conference, just as the Greeks did to their army, when threatening Constantinople. The spearhead of the Turkish army is pointed at Usak, which is directly in a line to Smyrna. The objective is not only the Smyrna district over which the Greeks proclaimed autonomy but to reduce area in Asia Minor held by the Greek army. The Greek line has been weakened lately through 40,000 troops being taken to threaten Constantinople. More than a hundred thousand troops are being used in the Turkish offensive in addition to an equal amount holding the lines. lians shipped their wheat in bond through United States ports," said one prominent trader to your correspondent, "and that they could exercise supervision over it until it was loaded on the ships. Your Minister made it clear that the grain is simply dumped into American elevators, where, if the trans-shippers choose to be dishonest, they can be so by mixing inferior American grain with the good Canadian product. Our practice has been to buy c.i.f. and let the seller choose the method of shipment, but now that we understand the situation, most of us will in future ask that shipments be made only by Canadian ports, where we are assured, rigid supervision may be exercised." If the British grain men are as good as their word, more elevator accommodation may be required at Montreal and other Canadian ports. Recent shipments have been much heavier than those of last year.

Use Canadian Ports For Shipping Grain

(Special to The Guardian)
LONDON, Aug. 23. — It is likely that the outcome of the conference held last week between Hon. J. A. Robb, Canadian Minister of Trade and Commerce, and the London and Liverpool corn traders will be a demand on the part of British purchasers that Canadian grain be shipped in future via Canadian ports only. "We thought that the Canadian long has been kept out of the press on both sides, of the Atlantic except as heroine who bearded Bolsheviki; in his den. The national union journalists declare they are going to see American journalists are informed of "Truths" exposure and hope they take immediate steps to clear themselves of the stigma put on by Harrison so
