

Wholesale Tailoring

This is Sleepless Hall! It has 210 windows, yet its electric light bill is \$300.00 per month.

It contains 48,000 square feet of floor space, employs 600 tailors and tailoresses, cuts up 20,000 yards of cloth weekly, and makes 5000 gentlemen's garments every six days.

It has 120 electric sewing machines, and 28 electric presses, as well as electric cutting knives, and button hole machines, which each do the work of 28 people daily.

Its tweeds and linings are bought direct from the mills in thousand yard lots, instead of in 2 1/2 yard lengths as the tailor buys them from wholesalers.

It costs "Sleepless Hall" \$2.50 for the making of a dress suit which would cost a tailor \$9.00 for making the coat alone.

This is why no tailor can sell a suit equal to a \$15.00 "Fit-Reform" for less than \$25.00 to \$35.00

THE GUARDIAN regrets to learn of the death of Mr Jas W Robinson, an esteemed resident of Tryon. The deceased was 65 years of age. His death occurred from cancer of the stomach. Mr Geo W Robinson, Manager of the Mechanics Manufacturing Company of this town is a son of the deceased.

FISHERY OVERSEER HOBKIRK with the cruiser Fed M Batt, made a short cruise yesterday east and west of Summerside harbor. On the trip they found 250 traps newly baited, and promptly destroyed them. Four boats seen going shoreward from their newly baited traps were interviewed and found to contain in all something over 5000 lobsters. They were consigned to the deep. It would appear from this condition of things that our western fishermen are not aware that the close season is on. They will no doubt take warning by the results of yesterday's over-seeing, however, and avoid the consequences of a violation of the fishery laws.

Repaired.

A machine that is constantly and incessantly working needs repairs at certain intervals.

The human frame, worn by mental and physical toil and subjected to the worries and cares of our modern life, has need of repairs and rebuilding up. In the hot summer weather nervous energy is at a low ebb, and as a consequence, nervous debility, terrible headaches, dyspepsia and a run-down condition makes life a burden for thousands.

Paine's Celery Compound is the great repairer and builder when weakness and sickness prevail. The great medicine has the power of rapidly repairing the tissues and purifying the blood. It bestows the proper nutriment to all the weakened tissues, bringing strength and true vigor, thus averting breakdown and collapse.

Thousands of lives are now fast wearing out that can be prolonged and happy by the present use of Paine's Celery Compound. Its use to day will save months of sickness, misery and suffering. Take no substitute; get only "Paine's," the kind that cures.

Important Announcement

GREAT INTEREST TO FARMERS.

THE management of the Charlottetown Soap Works, announce to the farmers of Prince Edward Island, that they have purchased at a very low figure for a term of years all the gross by-product of the Charlottetown Soap Packing Factory, accumulating from time to time, and are in a position to supply farmers and others with a cheap soap far superior in quality to the home-made article, and at a price so low as to make it scarcely worth while to worry about soap supplies hereafter.

KLONDIKE BAR will be for sale in a few days by all dealers at the low price of ten cents a box of three pounds.

TRINK OF IT - A first-class laundry and scouring soap only 10 cents for 3 lbs. It will be a waste of time and money for farmers to bother about soap making now. The grosse has sold to the Soap Factory for 5 cents per lb. will be returned to him, manufactured in a first class article of soap at a cost of a fraction over 3c per lb.
