

ADULT EDUCATION

PUBLIC LECTURES

The Adult Education League of Prince Edward Island has arranged a series of free public lectures to be given by Prof. E. A. Corbett, formerly of this Province and now Director of the Canadian Association for Adult Education.

These lectures will give everyone an opportunity to become better acquainted with this new and rapidly growing movement.

Meetings will be held at the following points:

Murray Harbour ----- Tuesday, October 12th
Tyne Valley ----- Wednesday, October 13th
Alberton ----- Thursday, October 14th

ADMISSION FREE.

FOX RANCHERS, ATTENTION ! A PRACTICAL ARGUMENT FOR

1. SUNGLO FALL FURRING RATION
2. Late Pelting.
3. Right Selling.

To date out of 90 Pup Pelts taken from the SUNGLO RANCH, Summerside, P.E.I., during 1936-37 season, 78 have been sold for a GRAND TOTAL OF \$2984.71 or an AVERAGE PER PELT OF \$51.10.

1. These pelts represent less than 1-2 of our 1936 crop of pups, and naturally the poorest one-half. 102 pups were retained for breeding purposes or sold alive for breeders.

One pelt sold for over ----- \$100
Two pelts sold for over ----- 90
Three pelts sold for over ----- 80
Six pelts sold for over ----- 70
Thirty-Eight pelts sold for over ----- 50

All pups were used in Experimental work, and were fed varying from 100% Fall-Furring Ration and water to 25% Fall-Furring Ration and 75% meats.

2. All pelts were taken from December 10th to January 6th. 44 pelts were taken off January 6th.
3. All pelts were sold through the Canadian National Silver Fox Breeders' Association; The Prince Edward Island Fur Pool, Ltd., and The Dominion Fur Sales, Ltd., Summerside.

EVERY ONE interested in Prince Edward Island's fox-ranching industry would be interested in going through the remarkable plant in Napanee, Ontario where Ross-Miller Fox foods are processed and packed. Visitors are welcome.

VERNON RIVER C. W. L. — The monthly meeting of the Vernon River sub-division of the Catholic Women's League was held on Sunday, October 3rd, with a large attendance of members present. Mrs. James MacCormack, president, was in the chair and the meeting was opened with a prayer. The president gave a very interesting report of the Diocesan Convention that was held in Souris in September and she also read a letter from Most Rev. James Morrison, Bishop of Antigonish, in reply to a letter written him on behalf of the League on the occasion of his twenty-fifth jubilee. The convenor of magazines spoke on the merits of the League magazine and urged the members of the different districts to subscribe. The members decided to send a donation from different sections of the parish to the Monastery of the Precious Blood each month. Meeting was followed by Benediction.

OAKLEY-STEEVES — A wedding of much interest to friends in this section of the province and in Prince Edward Island was solemnized in the prettily decorated home of the bride's mother Thursday afternoon at three o'clock when Eulah Winifred Steeves, daughter of Mrs. Roy Steeves and the late Mr. Steeves of Dover was united in marriage with William Henry Oakley, son of Mrs. Samuel Oakley and the late Mr. Oakley, of Dudley, England. Rev. A. K. Herman officiated. The bride, charmingly gowned in coronation blue with accessories to match, was given in marriage by her uncle, George P. Steeves, of Hillsboro. The room, decorated with autumn leaves and house plants, formed a picturesque background for the ceremony. The wedding march was played by Mrs. Ralph Dobson, of Dover. Following the ceremony, a dainty buffet luncheon was served. After the luncheon, the happy couple left by motor for Albert County. For travelling, the bride was attired in navy blue with hat and accessories to match. On their return they will reside in Dover. Among the numerous presents received by the bride was one from the Baptist Young People's Union of Tryon, P. E. I., of which club she was secretary and a valued member during the past year. Accompanying the presentation was a fitting address. — Moncton Times.

The many friends of Mrs. Beatrice Crozier are pleased to know that she has recovered from her recent operation in the P. E. I. Hospital. Mrs. Crozier is spending some time with her friend Mrs. Harold Nicholson, of Montague before resuming her duties as nurse at Falconwood Hospital.

BRINGING UP FATHER

"I'm why DADDY SAYS HE MUST PLAN FOR THE FUTURE"

Isn't she the very best of reasons for making provision for the future?

Her father has decided to take an endowment policy with The Imperial Life to assure adequate funds for her education and other needs.

Of course this little lady is happy and carefree. But she is not half so pleased as her father. To him, that Imperial Life endowment policy for his daughter will be a continual source of the deepest satisfaction. He knows that whether he lives or not, funds will be available for his daughter when she needs them most.

In the complex world of today the average man on a salary finds it almost impossible to save money in the ordinary

way. The easiest and by far the safest way to save is through an Imperial Life contract. Four men out of five who try to save in other ways do not keep up their saving schedule. But four out of five who adopt The Imperial Life method actually do save money as planned.

Look into the future. Take a long view of life. Then talk it over with an Imperial Life Representative.

"FINANCIAL SECURITY THROUGH LIFE INSURANCE", by Paul Speicher, an international authority, is an interesting book which should be read by everyone who plans to provide financial security for himself and family. Your local Imperial Life representative will make a copy available to you without cost.

EXCLUSIVE FURRIERS ARE DEMANDING PELTS FROM CLAIRVAL STOCK PROSPECTIVE MINK RANCHERS PLEASE NOTE

FUR BUSINESS BETTER
Prospects for mink ranching have never looked so bright; fur business has improved 25 to 50% and exclusive furriers in New York are NOW trying to assure themselves of Clairval mink next fall.

TERMS OF SALE
We sell in trios only, one male and two females, unrelated, of the best quality, meaning dark, silky, short nap, slate blue underfur, average size and from a litter of 4 minimum, for \$250.00 per trio f.o.b. Laterriere 25% cash deposit with order, balance prior to shipment.

TOPPED CANADIAN MARKET
Last year one lot of 50 Clairval pelts sold at an average of \$50.00 or \$10.00 higher than the next best lot of any breeder. This should convince the most sceptical that Clairval Mink are the most sought for mink on the market today. The demand for Clairval stock is because of its very silky fine fur, its slate blue underfur, short nap, and its indian leather, soft, pliable and light.

SELECTION OF STOCK
All shipments will be made in November, exact date announced later; selection of the stock is usually left to our manager, who is an expert fur man, but can be arranged upon request by Mr. Johan Beetz, Can. Gov't Fur Expert, House of Parliament, Quebec, or possibly by a grader of the Canadian Fur Auction Sales, Montreal or the New York Auction Co., N.Y., both firms having last year and in the past graded a considerable number of mink for shipments.
