"Well—I had made up my mind to make the Wall Paper on our Parlor do for another year, but I was looking at some of the new paper at Carters' last week, and to tell you the truth, I really could not take my eyes off this pattern. Isn't it pretty and not expensive either. They have the nicest lot of New Wall Paper I have ever seen. Why, they have some patterns at six, eight, and ten cents a roll, that are far handsomer than some I have seen for 15 cents. I guess I'll have the dining room done over while I am about it, when I can get such nice papers for so moderate a price." 301 1w.
