FAREWELL PARTY —A very enjoyable afternoon party was held on November 29th at the home of Mrs. Joseph Hughes, Emerald, the occasion honoring one of the members of the Institute, Mrs. Frank MacDougald, who in the very near future is leaving the district. WEATHER PROPHETS BAFFLED—The weather the past few weeks has Prince Edward Island's minor prophets somewhat baffled. After a summer with three unusually dry months and a fall with more than average rainfall the weatherman predicted an early winter. But November and now the first week of December has slipped by with no snow—except for a powdering on a few occasions. December 8 was the deadline, they declared. Not one year in twenty did that day find the province without a considerable fall of snow, although it might melt again before the real winter set in. Today would tell the tale, they declared last night, after a day with mild temperature and moderate winds. Country roads had firmed after a week end of heavy rains and were "fairly good," in many sections, travellers said. Rainfall had passed the average number of inches for this time of the year, it was learned from the Charlottetown Experimental Station. Nevertheless farmers in many districts of the province reported their wells and springs were lower than usual at this time. It was suggested the recent heavy rains had not yet reached lower levels. Rural residents expected wells and springs to flow more freely later, possibly in three weeks time. No fear of water shortage was felt, it was learned.

Miss Lucy Woolner read the accompanying verses. The bride to be in a few well chosen words, thanked her many friends for their lovely gifts. Then all joined in singing for "She's a Jolly Good Fellow." The remainder of the evening was spent in social chat and music. Lunch was served by the ladies present after which all departed to their homes wishing Mary many years of happiness.
