Makes Appeal For Farm Help

Making an appeal for farm workers Mr. W. R. Shaw, deputy minister of agriculture last night said anyone volunteering in the "farm army" to save food stuffs was performing a "most outstanding and meritorious" service to the national war effort, comparable at least to that performed by those who buy war bonds or work in war plants.

He said there was not enough labor available in rural areas and made an appeal for enlistments from urban centres, urging both employers and employees to cooperate in providing the assistance which farmers must have. He said the hay crop was just as important as any other, for on its quality and quantity depended to a large extent the meat products available in the next 12 months and more.

Mr. Shaw asked farmers to tell their labor requirements to the Farm Labor Board at Charlottetown immediately. If they did not do so they had no kick coming if they were unable to get help later. And he asked farmers to be patient with help from the cities, not to expect too much from them for the first few days. To residents of the city he said they would enjoy work in the fields and probably would get a better understanding of the farmer's problems

In Memoriam

In loving memory of our dear son and brother Donald A. Nicholson, Springton, who passed away July 5th, 1942.

He little thought when leaving home,
He would no more return;
That he, in death, so soon would sleep
And leave us here to mourn.
We do not know what pain he bore,
We did not see him die,
We only know he passed away
And never said good-bye.

Lovingly Remembered by His Father, Mother, Brother and Sisters
