Many Crippled Children Are Examined

In spite of the heavy downpour of rain yesterday, many crippled children were brought to the Red Cross Clinic for examination by Dr. Acker. Most of these were from the eastern part of the province, those from Prince County having been examined in Summerside last Friday.

Hon. B. W. LePage and Mr. Orrin MacGregor of the Rotary Club drove long distances to bring in children who otherwise could not attend, and in Charlottetown, Mrs. Harold Palmer and Mr. Lewis Turner gave valuable assistance in meeting the trains and in taking patients to the hospitals.

Particularly distressing to those conducting the clinics was the realization that the dread disease, infantile paralysis, was present in the province during the past summer. It left in its wake at least three paralyzed children who reported at the clinic for advice as to the all important after-care so necessary for the restoration of muscle power and the prevention of deformities.

Splendid progress towards complete correction is being made by the majority of children examined and several were discharged cured. Many parents expressed their appreciation of this service being given by the Red Cross and remarked on the improvement noticed in the various children seen at the clinics from year to year.

With the interested co-operation of the Charlottetown and Summerside physicians and hospitals, Dr. Acker has had several busy days operating and applying plaster casts and apparatus necessary for orthopedic cases.

which earlier received government-drafted bills providing severe penalties for the chiefs of rioting groups, and nearly 1,000 men were quartered at the Invalides police station across the street from the Foreign Office where Doumergue has his office.

A column of police began moving through the city forming a close network to prevent possible demonstrations.

Leaders feared the "shock troops" of the political right might demonstrate against the Radical Socialists if Herriot became premier.

This, it was believed, would bring out the left group which already has ordered its men to "be on the alert" in the event that the right demonstration, which they maintain is already planned, takes place.

IN MEMORIAM

In Loving Memory of
MR. JOSIAH HOWATT
Who Departed This Life
November 6, 1933.

Why do we mourn when another star
Shines out from the glittering sky?
Do we weep when the voice of war,
And the rage of conflict die?
And why do our tears roll down,
And our hearts be sorely riven,
For another gem. in. the Saviour's crown,—
Another Soul in Heaven?

Inserted by his Loving Wife and Family.

ARRIVES FROM SYDNEY—Rev. E. M. Aitken, pastor of St. Andrew's United Church, Sydney, arrived in Charlottetown yesterday to visit his father who is in the Prince Edward Island Hospital recovering from injuries received when he fell from a scaffolding recently.

AUCTION FORTY-FIVES TOURNEY—The first game of the Auction Forty-fives tournament was held in Holy Redeemer Hall last night. Despite the bad weather a large crowd was in attendance, thirty-two tables playing. Following were the prize winners: Ladies' first, Mrs. J. S. Stewart; Ladies' second, Mrs. Ray Johnston; Gents' first, William Trainor; Gents' second, Louis Arsenault; Lucky Chair, Miss Fielding; Door Prize, Helen Toombs; Freeze-out prizes won by Dominic and James Doyle.

DINNER TENDERED CHANCEL BOYS — The Chancel Boys of St. Dunstan's Basilica parish were entertained last evening to a sumptuous banquet at the Diana Tea Rooms. The boys who enjoyed this treat very much are deeply grateful to Father Dougan, their Chaplain, who provided for this specially prepared repast. The boys also wish to thank the management of the Tea Rooms for their hospitality and splendid dinner.

SECTION A DEBATE—The subject for debate in Section A of Prince of Wales College debating society was Resolved that transportation by motor vehicle rather than by railroad is detrimental to this country. The pro speakers were Miss Grace Whitehead, Mr. William Stewart, Mr. Roderick MacDonald and Miss Marjorie Campbell. The con speakers were Mr. Arthur Woolner, Miss Florence MacTague, and Miss Betty Flood. The vote was unanimously in favor of the pro side. The critic was Mr. Arthur Peake.

C. W. L. MEETING—The regular monthly meeting of the C. W. L. was held on Tuesday evening, Nov. 6th, in the K. of C. Hall at 8 o'clock. Miss Dorsey, the President, presided and opened the meeting with the League prayer. The recording secretary read the minutes of three previous meetings, these being adopted as read. The Convenor of Social Service reported ninety-two garments having been made ready for distribution by the committee during the past month. The treasurer reported bills paid, also our quota sent to the Regina Diocese, as well as a donation toward the Western Relief Fund. Members of Sick Visiting Committee reported having called on members of the League who were ill. Plans were discussed for fall activities, after which business, meeting adjourned.

A $5,000 CAT?—It is to the home of his sister, Mrs. J. S. P. Irving, Cherry Valley, that Mr. Daniel P. MacRae, of Chaplin, Sask., is coming for a tortoise shell cat which he intends to exhibit at the Royal Winter Fair at Toronto. A Canadian Press dispatch on Monday quoted Mr. MacRae as stating that the cat was in possession of his sister in Prince Edward Island, that it was a rarity and that he had read of an announcement in a British newspaper offering a thousand pounds to the persons who could breed a male specimen. Mrs. Irving verifies the report that there is a tortoise shell cat in her home belonging to her mother, the late Mrs. J. N. MacRae, who passed away three years ago. She knew nothing of its breeding, or whether it was of any special value. Her brother had not informed her that he intended to come to Prince Edward Island for the animal.

NURSES ENTERTAINED — On Wednesday last a very pleasant evening was enjoyed by the patients of the Provincial Infirmary when, through the kindness of the Matron, (Mrs. Garrick) and her staff of nurses, they were surprised by a Hallowe'en party. After the serving of refreshments in the form of candy, cake and fruit, the evening was enjoyably spent by the playing of music, dancing, singing, and reciting. The reception room as well as the actors were decorated suitable to the occasion.

FUNERAL SERVICE—Despite the heavy rain of yesterday morning, a large number attended the funeral of Frank MacDonald which was held yesterday morning from his late residence, 206 Dorchester Street, to St. Dunstan's Basilica, where a Requiem High Mass was celebrated by Rev. Eugene Murray. A large number of Knights of Columbus, of which the deceased was a member, preceded the hearse. The pall bearers were: Messrs. Ronald McDonald, Wm. Bradley, D. R. H. Shaw, Wm. Wyatt, Arthur Campbell and Chas. Mitchell. Service at the grave was conducted by Rev. Earl Dalton.

MISCELLANEOUS SHOWER — A large number of friends gathered at the home of Mrs. Herbert Paynter, Long River, on Tuesday evening, October 9th to tender a miscellaneous shower in honor of their daughter, Miss Blanche. The bride-to-be was escorted to an arm chair, beautifully decorated with yellow ribbon under an arch of Autumn leaves entwined with white ribbon and asters by her cousin, Miss Eva Paynter, while Mrs. Murdock McLeod played the wedding march. The parcels were opened by Miss Rhoda McLeod, while Miss Esther Bernard read the witty verses which caused much gaiety and laughter. The bride-to-be in her usual manner, thanked her donors for the many costly and beautiful gifts, after which all joined in singing "For she's a jolly good fellow." A dainty luncheon was served and the remainder of the evening was very beautifully spent in music and dancing. The music for the evening was furnished by Mr. Roland McKenzie and Mrs. Howard Waite.

cratic victory. Shortly after 11 o'clock the house standing was Democrats 130; Republicans 20. Gains were equal—two apiece.

Sinclair Trailing

First returns from California where the radical novelist, Upton Sinclair, ran for the governor's chair on the Democratic ticket but without official blessing, against the Republican Frank F. Merriam, showed the Conservative leading by a margin of 11,000 votes.

Democratic strength re-elected Governor Herbert H. Lehman in New York, put James M. Curley ahead in Massachusetts and other candidates in the lead in Arizona, South Dakota, Oklahoma, Ohio, Connecticut, North Dakota and Maryland. The Democrats counted as won Georgia, Arkansas, Alabama, South Carolina, Texas and Tennessee.

Wet Vs. Dry

As to the seven states where prohibition was up, early returns showed a "wet" trend in two and "dry" in two. Others had not reported. Florida gave a 3 to 1 lead for repeal while West Virginia was 3 to 2 the same way. Kansas was going 4 to 3 against repeal and Nebraska 2 to 1.

The lady in the gubernatorial race, Mrs. William Langer, Republican candidate to succeed her ousted husband in North Dakota, was trailing Thomas H. Moodie, Democrat.

Democratic Victory

NEW YORK, Nov. 6—Democrats cut deep tonight into the traditional Republican strongholds of the industrial East.

In Rhode Island, Connecticut, New Jersey, West Virginia and Maryland, Democrats were ahead for Senatorial seats now held by Republicans.

The only Republican Senators to enjoy an advantage were Austin of Vermont, who outdistanced Democratic Fred C. Martin, and Townsend of Deleware, who had a slender margin over representative Wilbur L. Adams, Democrat.

President Roosevelt's home state, New York, re-elected the Democratic ticket headed by Governor Herbert H. Lehman and Senator Royal S. Copeland by a majority that observers said might reach 1,000,000.

Senator David I. Walsh, Massachusetts Democrat, was well ahead of Robert M. Washburn, Republican. The election as governor of former Mayor James M. Curley of Boston, Democrat, was conceded by the Boston Herald, Republican supporter of Lieutenant Governor Gaspar G. Bacon.

Slender Advantage

When half the Rhode Island precincts were reported the Republican lead of the French-Canadian Senator Felix Herbert switched to a slender advantage for former Senator Peter Gerry, Democrat.

Senator Frederic C. Walcott, Connecticut Republican, trailed representative Francis T. Maloney, Democrat who had the support of organized labor.

New Jersey where the polls closed late, gave an early lead to Governor A. Harry Moore, Democrat, seeking promotion to the seat of Senator Hamilton F. Kean, Republican.

The Republican House leader, representative Bertrand Snell, was reelected in his up-state New York district, as was representative James Wadsworth, another prominent Republican.

Mrs. Caroline O'Day, for whom Mrs. Franklin D. Roosevelt campaigned, was elected one of two representatives at large in New York State.

New York City's Tammany candidate for comptroller, Frank J. Taylor, was 18,000 votes ahead of Joseph D. McGoldrick, Fusion incumbent, with nearly all precincts counted. The office is one of three major posts in the city administration.

B.I.S. MONTHLY MEETING

The regular monthly meeting of the Benevolent Irish Society was held in their hall on the night of November 1st. Owing to the bad weather the attendance was not as large as usual, but an active interest was shown in all discussions, etc., by the members present.

The changes in the Constitution having been completed and approved at the October meeting, the new books were printed a few days previous to this meeting and distributed among those on hand. Many complimentary remarks were made with regard to this most important item and the present executive are working hard to keep all rules and regulations in the proper way.

The report of the committee in charge of the re-conditioning of the grave of the late Edward Whalen was given and when the work is completed it will be a very fitting tribute for this famous brother.

An active membership drive is at present being carried on and an endeavour made to solicit support of many past members.

A new feature of this Society is the formation of two bowling teams which are taking part in the league games on the Holy Name Club alleys. One team is from the Social Evening Committee and the other formed from the membership. The success of these teams will be watched with great interest.

FOX BREEDERS

(Continued from Page 1)

this Province. This season, His Honour understood, we will have in the vicinity of 80,000 pelts which at $40 a pelt will mean a revenue of over $3,000,000 alone—without taking into consideration the foxes that may be sold alive. He emphasized the great importance of this industry. Linked up with the agricultural industry he felt confident that still further progress would be made. The possibilities of the tourist industry were also emphasized. A real intelligent, progressive advertising campaign was suggested as the best means of achieving success.

His Worship Mayor Kennedy on behalf of the City of Charlottetown extended a cordial welcome to out-of-town members of the Association. The industry which the Association was promoting was one of the most outstanding in the Province. $3,000,000 of revenue from fox pelts this year will be "quite a help" to every one in the Province. He hoped that the Association would continue to prosper and that next year would see an equally large turnout..

The chairman read a message of regret from Mr. W. M. Lea, who was unavoidably absent.

Mr. A. E. MacLean, M.P., President of the Dominion Fur Sales, speaking on behalf of Mr. Lea, congratulated the Association on its wonderful banquet and the success which has crowned its efforts this year. He joined with the Lieutenant Governor in paying tribute to the pioneer work of the late Hon. Chas. Dalton and those associated with him. To those who have handled silver foxes for a number of years, the speaker added, there is an increasing problem in the number of low grade foxes coming on the market. The various agricultural departments could assist by co-operating in this matter. He emphasized the enormous loss to our ranches in the loss of even $5.00 a pelt. There was something radically wrong with the industry that we do not get a larger margin of first class pelts. He did not know what could be done to improve the situation but the problem remained one of pressing importance and the government by inaugurating some plan to eliminate low class pelts would add at least $500,000 to the profits of the industry. Some 12,500 farmers of the Province are still struggling along without the assistance of the fox industry, Mr. MacLean continued. If these farmers could be induced to engage in the industry it would prove of substantial benefit to them. He hoped every organization interested would help to emphasize this point. In helping the farmers along, the Fox Exhibitors' Association would be helping themselves.

Expresses Government Support

Hon. Thomas MacNutt, Minister of Agriculture, expressed pleasure at addressing a meeting of men engaged in promoting the important silver black fox industry. The economic depression which has struck so heavily in other parts of the world has touched this Province lightly in comparison—a fact due in considerable measure to the soundness of the fox industry. It is estimated that from $2,500,000 to $3,000,000 in revenue annually accrues to this Province by reason of the industry. The speaker cited the phenomenal prices prevailing during the early boom days. The industry has evolved from what might be called the "gambling stage" to a sound business basis and the present day fox rancher who has an ordinary increase is well on the way to meeting his obligations. The industry has maintained a healthy, high standard and the future prospect is for endurance and stability. The Fox Show which is now going on gives promise of fulfilling the highest expectations. We should endeavour in every way to maintain the highest standards in connection with the industry. Emphasis on quality production was placed by the speaker who said the Government was desirous of helping the industry in every possible way. He congratulated all concerned in the Association's successful activities.

Mr. George Callbeck president of the Canadian National Silver Fox Breeders' Association and judge at the Fox Show, said it was regrettable that the weather so far was unfavorable for the show, as the animals do not show at their best under such conditions. The sales this fall have proven that high quality animals will command the price they are entitled to, and it is up to breeders to raise quality pelts with proper color and fur, the speaker emphasized.

Premier MacMillan

Premier, the Hon. W. J. P. MacMillan, M. D., excused his earlier absence from the meeting as there had been an important meeting of the council of the Medical Association of the Province at which he had been in attendance. One of the matters discussed had been infant feeding. This was a subject, he suggested, with which our scientific fox breeders had made themselves expertly familiar. He went on to express appreciation of the work of the Fox Breeders' Association. It is the government's idea that the Association and the great fox industry with which it is concerned should be promoted in every way. For that reason the Association's request for a grant met with unanimous support of the government. We in common with the other provinces, he said, are passing through a period of unparalleled trouble and it was the government's duty to support such associations as this in every way. This applied to exhibitions in general. The Provincial Government had not followed the example of other governments by cutting down grants. He conceived it to be the duty of the government to foster such enterprises. If it were not for the revenue from the fox industry this Province would be in a very sorry position indeed. He warmly commended the present Fox Show and the objects behind it.

Hon. G. Shelton Sharp, Minister of Public Works and a former president of the Canadian National Silver Fox Breeders' Association and judge at the Fox Show, added his appreciation to the work which the Fox Exhibitors Association is doing. He recalled earlier fox shows, and the educational benefits derived therefrom by the industry. This educational work is going on not only in this Province but all over Canada, a fact which Mr. Sharp particularly emphasized. The lead taken by Prince Edward Island in developing first class breeding strains was also referred to. He emphasized the fact that this year good colored and well furred pelts command the best market, and suggested that by continuing quality production we need not fear as to the future prospects of the industry

Short remarks were also made by the visiting Ontario foxmen, Mr. W. H. Ruthven, who is making his 25th trip to the Island province, and Mr. McCague, Dr. A.D. Teagles of Sussex, N. B., also voiced his pleasure at being present.

During the evening hilarious entertainment was provided by "Al" and "Joe", blackfaced comedians (Messrs. Lowell H. Hancock and Earl Campbell). Mr. Albert Blanchard capably filled the bill as pianist.

The banquet closed with the National Anthem.

PRESBYTERY IN ANNUAL SESSION

Rev. D. L. Griffiths Elected Moderator and Rev. R. H. Stavert Clerk at Yesterday's Meeting.

The Presbytery of Prince Edward Island met in annual session at 11 a. m. yesterday in Zion Church Hall and was opened in due form by the Moderator, Rev. G. Carlyle Webster. A number of sets of minutes were read and approved.

The Home Mission report was given by Rev. Mr. Webster. At West Point John Honeyman did a fine piece of work. The work at Tryon is going along well. At Bradalbane, the fire insurance company has generously settled paying for the damages from lightning on the Presbyterian Church. Since Mr. F. T. Lawson returned to college the work at Brookfield has been at more or less of a standstill. The people of Glasgow Road wish to have regular services as soon as possible. At North Rustico the work has gone on splendidly under the care of Mr. V. E. Orsborne. Mr. Glen Partridge did good work at Rocky Point. It was agreed that Rev. J. W. Lowry, Th.D., be invited to come to Nine Mile Creek and to New Cove as stated supply. Dr. Lowry will also give services at Churchill.

Rev. J. A. Pritchard, inter moderator of the Montague and Cardigan sessions, reported that this combined field has decided to extend a call to Rev. T. O. Hughes, of Halifax.

Rev. D. L. Griffiths, as Inter Moderator of the Wood Island session said that he had been requested to ask Presbytery to have R. Hensley Stavert reappointed to that congregation for a period of six months. The request was granted.

Mr. V. Orsborne was reappointed to the New London congregation for a period of six months.

It was unanimously agreed to recommend Harold Lloyd Henderson, Freeland, to the Presbyterian College, Montreal, as a young man well fitted for entering the ministry of the Presbyterian Church in Canada.

Rev. J. A. Pritchard reported that a very successful Young People's Rally had been held in Zion Church on Oct. 5th and that a Presbyterian Young People's Union for Prince Edward Island had been formed.

The committee to strike standing committees reported that they had selected the following convenors for the various committees:

Foreign Missions—Rev. J. H. Douglas.

Home Missions — Rev. G. Carlyle Webster.

Budget—Rev. J. A. Pritchard.

Statistics—Clerk, Rev. R. Hensley Stavert.

Sunday School and Young People's Work—Rev. W. O. Rhoad.

College and Life Service—Rev. J. Keir Fraser, D.D.

Church Life and Work—Rev. Edwin J. White.

Pensions—Rev. R. Moorhead Legate, D. D.

Session Records — Rev. Fred Williams.

Historical Committee—Rev. D. L. Griffiths.

Treasurer—John Anderson.

The election of the Moderator and also that of the Clerk was left to the Court. Rev. D. L. Griffiths was elected Moderator and Rev. R. Hensley Stavert was re-elected Clerk.

In regard to the sending of carloads of vegetables and other eatables to the needy districts of Western Canada, it was found that quite a number of Presbyterian congregations have already made a splendid response.

The Presbytery of Prince Edward Island will meet as a judicial committee on Tuesday, Nov. 20, in Caledonia at 1 p. m. and at Murray Harbour South at 3 p. m.

Mr. A. E. Morrison of St. James Church very kindly invited the Presbytery of Prince Edward Island to hold every alternate meeting in St. James Church. This very generous offer was accepted and the thanks of the Presbytery was extended to Mr. Morrison, to Dr. Legate who so zealously supported this invitation, and all others of the St. James congregation.

KEEN CONTEST

(Continued from Page 1)

This was another class not distinguished by numbers but by quality and the many friends of Walter M. Gregor, Brackley, were pleased when he carried off first honors, with C. C. Baker, Kensington, second.

Dark Medium Silver Year-old Males was the largest class of the day's judging and took a lot of the Judge's time before the ribbons were affixed. A. L. Rogers of Kensington was first with Brown Bros., Stanley Bridge, very close and W. W. Brown Charlottetown, third. There were ten prizes awarded in this class.

The judging was discontinued at 12.30 and half an hour given for dinner, which was served by Milton's Old Spain in the restaurant under the grandstand. Over eighty foxmen and officials partook of a very good meal, made difficult to provide owing to the weather conditions.

Today judging will be continued starting at nine o'clock. The dark medium silver classes will be finished and will probably take most of the morning, then the medium silver classes which are very heavy will be called. They will probably not be finished until noon on Thursday. The entry list in the light medium silvers is tremendous and Judge Callbeck will find his work cut out to finish judging by Friday night, so as to allow Saturday morning for the herds.

"I DIDN'T have the advantage of a college background when I entered business. Besides, a college background does not solve the problems that come up from day to day. *But this new Encyclopaedia Britannica does!* I study it every day for business—and for pleasure. When the general manager called me in and told me about this last raise, he said it was due to the fact I was the best informed man in the organization. So I can honestly say, I owe this raise to the Encyclopaedia Britannica!"

Today, when authentic information is demanded on every side, the Encyclopaedia Britannica is the finest investment a man can make in his own success—in his own future! And its presence makes any home the most modern library in the world! A small initial payment brings you the entire 24 volumes. Send the coupon for complete information, without obligation.

RECOMMENDS "PLAIN DIET" IN EDUCATION

Forceful Address By Mr. H. H. Shaw At Toronto Convention.

(C. P. By Guardian's Special Wire)

TORONTO, Nov. 6—Delegates to the Canadian Education Association convention tonight joined in a huge public meeting after a day of addresses that produced from H. H. Shaw of Charlottetown, P. E. I., praise for the country school and the statement "self-help is still the only way to an education."

Society should use the schools for the promotion of democracy, and social studies should be placed in the secondary school curriculum, declared several speakers at today's sessions which opened the 18th meeting of the Association.

Mr. Shaw who is superintendent of education for Prince Edward Island and President of the Association, declared the recent increase in students seeking education beyond the elementary grades presented a problem.

"The situation is exceedingly difficult because of the withdrawal of Federal grants in aid of technical and agricultural education," he continued. "Our problem is to determine whether students who do not proceed to college are cared for in the best manner. Are Latin, French and mathematics the best courses? To what extent can intergraded courses be provided in social studies and other subjects?"

He maintained "intellectual indigestion is the deplorable result of sampling the varied menu of studies in the large schools."

"The plain diet of the country school, sparingly served with a plentiful supply of farm chores develops initiative and resourcefulness that the larger schools find it hard to equal.

The ability to think is more important than acquiring information. Self-help is still the only way to an education.

"The meaning of the motto 'nothing is gained without labor' is more readily accepted by the pupil who is encouraged or compelled to acquire the information himself than by one who is supplied with predigested packages of information to be related at a future examination in order to make the grade."

Professor Thomas H. Briggs of Teacher's College, Columbia University, declared he was "thoroughly convinced our society should use the school to promote democracy." The real field for the educationists "is the social field."
