**LONDON HOTELS ROBBED.**  
LONDON, May 30.—The safe at the Berkeley, one of London's smartest and at the same time most conservative hotels, was robbed early today of \$35,000 worth of jewels belonging to its visitors. Scotland Yard, after grilling the servants, believe it to be an inside job. Screams and yells at 3 a. m. from the inside of the locked doors of the hotel brought policemen who forced the doors and found the two hall porters, trussed up with ropes. One of them had been gagged and the other struck on the back of the head with a butt of a revolver and rendered unconscious for a time. On recovering consciousness, he gave the alarm.

Twelve years ago he was the commander of the Royal Engineers on this station. He only recently arrived here to spend the summer with friends. ## DISCOVER SOURCE OF BAFFLING DISEASE

**ROME, May 31.**—Pellagra, the mysterious skin disease prevalent in semi-tropical climates which has baffled medical authorities for nearly two hundred years, is caused by infected water, according to professors Scala and Alessandrina, of the Institute of Hygiene in Rome. ## How I Made My Hair Grow

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair, I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:  
Bay Rum, 6 oz.; Menthol Crystals, 1/2 drachm; Lavona de Compose, 2 oz. If you like it perfumed add a few drops of To-Kalon Perfume, which mixes perfectly with the other ingredients. This, however, is not necessary. Apply night and morning; rub thoroughly into the scalp.
