Dyspepsia of Women
 ABSOLUTELY NEEDLESS AGONY

Caused by Uterine Disorders and Cured by Lydia E. Pinkham's Vegetable Compound
 A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar uterine-tonic effects also.
 As proof of this theory we call attention to the case of Mrs. Henry Beaubien, 58 Sparks St., Ottawa, Ont., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes: "Dear Mrs. Pinkham: I had been troubled with indigestion and general stomach disorders for nearly a year. I had a soreness in my stomach and was unable to digest my food. I tried and failed with various remedies, but Lydia E. Pinkham's Vegetable Compound brought me permanent relief. I used three bottles and I cured myself of my stomach trouble and built up my general health. I now enjoy a splendid appetite, can eat all kinds of food, have no trouble with indigestion, and know that I owe it all to Lydia E. Pinkham's Vegetable Compound."
 No other medicine in the world has received such widespread and unqualified endorsement, or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.
