He considers Hollygood Jessie one of the best in the light harness brigade.

The year Etawah had a formidable stable of Etta Druhen and Trumpet. The former won ten races in the fastest company. As has been stated Trumpet was stopped by Lameness. He will make another trip in 1925 when his sire will also be represented by Dr. White and Belaire. Both of them can trot in 2:05.

Crawford and Coleman bear the Belwin label. Murphy raced the former carefully until he arrived at Lexington where he turned him loose in one of the seven furlong events. The first time out he showed so much speed that his owner says he turned down a \$25000 offer. Peter Wooster chased him out.

At the beginning of the season Coleman showed free for all speed in the short races over the Ohio half-mile track. He was kept curb bothered but he kept going to the end of the season.

The eastern half millers which may appear on the mile tracks next year include Worthy Todd, progress, Chastnut Dillon, Judge Blair, Cover Guy and Seaworthy. Worthy Todd was raced from June until October. He is a good trotter, never makes a mistake and can keep up his end of the battle when the heats are split. Snow gave Progress a thorough try out and while he did not show the form of his distinguished sister Tilly Brooke he had more speed than she had in 1922 when Fred Pierce raced her in Quebec and New England.

Darius the Brockton meeting Chastnut Dillon convinced the spectators that he will prove another star for Chestnut Peter Judge Blair was raced on the Pennsylvania and western New York tracks before he made a record of 2:05 1/2 at Lexington. Later on at Pittsburgh he was met in a 2:05 1/2 over the Schenley Oval.

Clover Guy made a three year old record of 2:07 1/2 at Readville. He is by Guy Axworthy out of the Moko mare Lucky Clover which was raced by Cox and Fox over both mile and half-mile tracks. His manners were not very good at the beginning of the season. As soon as they were regulated Clover Guy showed that he could go the route. Seaworthy has been on the go for a couple of seasons, during both of which he could trot in 2:10 over a half-mile track.

Chastnut Peter has another promising trotter in the three year old colt Bob Armstrong. He was expected to duplicate Hollygood

Leonard's coupe in the Matra Stako when a little trouble retarded him for the season. Bob is all right now an will be out in the deep waters in 1925.

Guy Brown and Elsie Scott have not been referred to. Both of them are in Murphy's stable, the last named being a sister to Rose Scott. She trotted in 2:10 and won a seven furlong race at Lexington. Guy Brown was purchased for a stake colt. He trotted in 2:06 1/2 and is apt to be busy four year old.

At several meetings this year The Great Lullwater showed his ability to trot in 2:04. In his last stable companion Peter Green to the half in 1:02 he landed a heat in 2:06 1/2. Next year he will be eligible to the classes in the teen.

WHAT WAS IN IT?

Up till now polo had one distinction which raised it high above the common herd of other sports. Its victories barred the blatant buncombe and misrepresentation of the press agent.

But after that story of the effect that when the International tournament was won and lost, every one of prominence took a swig from the cup which "was filled with water from the old Meadow Brook" over that solace is gone.

HOME RUNS

There was a time when a home run meant

The happening of a rare event. But now it's run to the other way. We see a home run every day.

Of No Use

One of the fruit-stall men in the city market was striving hard to add a few cents to the total of his sales.

"We've got some fine alligator pears," he suggested.

"Silly," laughed the young housewife, "we don't even keep a good fish."
