DOWN THE BACK STRETCH

J. H. Dewitt, noted horseman of Woodstock, N. B., paid a short visit to our Province last weekend and purchased a two-year-old filly by Calumet Budlong 2.02 3-4, dam, Charlotte B. 2.09 1-4 from F. F. Sigsworth of Charlottetown. By the way, Mr. Sigsworth had an enquiry for Charlotte B. from Fairmeade Farms, Wilmington, Ohio, so news of this grand brood mare has travelled far. Two weeks ago Charlotte B. dropped a very beautiful foal sired by Simcoe Harvester 2.04 1-4.

Don MacAulay, Pugwash, N. S., recently sold the pacer Ace Fingo 2.17 3-5, by Calumet Fingo 2.04 1-4, to Stan Cleary, North Sydney. Ace won eight heats last year and is now eligible to the 2.25 class. He is a full brother to Colonel Dan 2.09 2-5.

Cecil Drake, Cardigan, owner of Nellie Worthy 2.16 1-5 and Mary Stuart 2.19, bought a handsome colt from Terrence McInnis, Peake's Station. The youngster is sired by Real Money 2.09 1-4 and his dam is by Lusty Frisco 2.07 1-4, and the grandam is the noted race mare Quinla 2.04 1-2.

When Emmet Gallant is not too busy pounding out speed shoes on his anvil he often likes to talk about the horses he has shod in the past and display the shoes he made to correct deficiencies of gait, etc. Tacked on the wall is one of the Russian saw shoes that The Yank wore when he set up a new world's trotting record on ice at Mount Clemens, Michigan, January 24th, 1924. Then there is one of the four shoes worn by Dick C. 2.14 1-4 in his memorable race with College Swift 2.11 1-4 twenty-nine years ago. Dick's four shoes weighed exactly ten ounces. There is another shoe built especially for Dan Patchen who had very bad corns in his heels and this padded shoe made things comfortable so that he won a great many races. The shoes worn by Golden, Volo Rico, Calumet Budlong, Heatherbell, Lucky Lindy, Billy Cope and many others are also there. Our advice is to order your shoes early as steel for race shoes is scarce and difficult to get. At the back of the forge if one takes a look he will find Ott Gallant bending the finest ash into shafts for broken sulkies and finishing material for racing carts. Ott is working night and day to get sulkies ready for the first night racing meet June 18th.

Goldie Carr, who started out with the trotters and pacers some forty-one years ago and thoroughly mastered the art of caretaking, was regrettably compelled last week to rest up. All Winter and Spring he had taken care of the Sammy Kennedy stable and had it in excellent shape. Yesterday we heard the good news that Goldie will be back on the job next week. In the meantime the horses are being looked after by "Buddy" Shepherd, who is a hard and conscientious worker, very fond of horses and very capable. Buddy will be assisting Goldie during the summer.

Things livened up a bit at the Charlottetown track the latter part of this week, particularly yesterday with the warmer weather. The fastest mile to date was Tennessee Sue pacing in 2.20 2-5. Billy McVay and Kavola each stepped in 2:21; Wait N'See, who showed that he can be reckoned with as one of the best trotters this season, was a handy mile in 2.23 2-5; the trotter Tim O'Shanko was in 2.24, Nell Kalmuck in 2.27, Dudy Budlong in 2.27, Calumet Onward in 2.28 and Buddy Budlong in 2.28. Kentucky Derby stepped in 2.27, also Richard Budlong and the trotter Guy Aubrey each in 2.27; Romeo and Lady Abner worked miles in 2.28 together and later Lady Abner, owned by Claude Smith, Bradalbane with trainer Art McInnis up, paced a mile in 2.25 with the last half in 1.10. When trainer McInnis stepped off the car he said, "there's a real one," and Art is a good judge. Josedale Hoosier was in 2.27 as was also Pearl Bumpas. The above are just samples of the many miles stepped by the upwards of ninety trotters and pacers stabled at the Charlottetown oval.

Our Montreal correspondent writes that great crowds are attending the races at Richelieu Park and that while no fast time is made the finishes are very close and exciting. Closest finish in the afternoon came in the second heat of the Classified Trot and Pace, Johnny Worthy winning by a nose from Stillwell and Signal Lee which were in a dead heat for second place. Good prices were paid on the pari-mutuel, the best being $46.15, and another ticket returned $32.50. The fastest time for the mile was 2.19 made by Mr. Admiral Direct. There was a handicap free-for-all special in which the ex-Toronto owned Matt McKinney started 150 feet behind his field. A shower of rain made the track slippy and he could not make up the ground, finishing third the first heat and fourth the second heat.

The many friends of Harry Murphy were delighted to see him out and around Thursday for the first time since his very serious illness. It is grand to know that Harry will be able to see the racing this year. He has all his life been interested in the horses and has owned several.

Secretary Carl MacKenzie of the Truro Raceway, Ltd., has announced the early closing events to be raced Exhibition Week, August 30 to September 2. They are 2.16 pace, 2.19 pace, 2.23 pace, 2.26 pace, 2.28 pace, 2.19 trot, 2.26 trot. All purses are $600 and entries close June 15th with a 1¼% entry fee. Another 1¼% is due July 15th when horses must be named. Races will consist of two dashes, one at one mile and one at one and one-sixteenth mile.

The Tantramar Race Track, Ltd., Sackville, N. B., announce their racing program for July 1st in this paper. The four classes are 2.18 Trot and Pace, 2.21 trot and pace each for purses of $400, and a 2.30 class trot and pace, two dashes each $100. Entries close June 20th. Trotters allowed three seconds. For further particulars write Secretary, Tantramar Race Track, Ltd., Sackville, N. B.

The Sydney Raceway, Ltd., is putting on a race meet next Monday, June 6th, and we understand will use the Starting Gate. A new management is in control and they expect to give several meetings during the summer and fall ..... Summerside race track is being revamped by Curran & Briggs under the direction of Harry O'Brien and most of the horses are being trained over George Callbeck's track nearby ..... One of the best three-year-olds in the Province is said to be Abner T. Clegg owned by Lorne McFarlane, Summerside, and in the stable of Clarence Schuman, Kensington ..... Don't be surprised if the George Brookins stable, in charge of Clarence Schuman, arrives in Charlottetown in the near future, also two stables from the mainland. We noticed President H. J. Kennedy and Director Willard Kelly looking around Friday for places to put them up.

A welcome addition to the race track the past week was the trotter May Todd 2.11 1-5, owned by Lester Johnston, Fortune, and in the Willard Kelly stable. May was given an easy workout in 2.35 by Director Rankine McLaine. Last season May won twelve dashes, mostly in fields of pacers. She was trained and driven by Frankie Carr who certainly knew how to handle her. During the winter in the Robie Isnor stable she was top trotter over the Halifax speedway. She should make things lively for the others here.

When Hayes Hanover, a five-year-old stallion by the world's champion Billy Direct 1.55, owned by W. O. Wright of Federalsburg, Md., won the Connecticut Free For All Pace at Roosevelt two weeks ago he certainly upset the apple cart. No one expected him to outstep Indian Land, that had won the previous two free-for-alls, Dr. Stanton and Josedale Dandy. The odds were 27 1-2 to one. Driver Jack Brown allowed Dr. Stanton and Indian Land to battle for the lead for almost the entire mile but when the horses hit the stretch he highlined Hayes Hanover and the Maryland owned stallion responded nobly and came on to gain the verdict by a neck in the last few yards. The mile was comparatively slow for a free-for-all—2.07 2-5, but the track was from two to three seconds slow because of rain. A tremendous amount of money passed through the mutuels with Dr. Stanton and Indian Land almost equal favorites.

Indian Land "took hold of the iron" and that was the cause of his downfall. Previously driver Joe O'Brien managed to rate him and save his best effort for the closing quarter. Indian Land, that usually tucked in, was forced out in the second horse place as Clint Hodgins had Josedale Dandy tight in behind Dr. Stanton. The above shows that no matter how good a driver you are or how good your horse is, position and racing luck count a great deal. From the writer's short observation of the Starting Gate it is our opinion that it has changed racing luck very much, making it harder to place a horse and therefore creating greater odds for the spectators.

In the Trotting and Pacing Guide published by the United States Trotting Association it shows the leading dash winning aged trotters in 1948. Nell Kalmuck 2.10, owned by Willard Kelly, Southport, P.E.I., is the 18th on the list with 21 dashes won. In the leading dash winning aged pacers of 1948 Scott Spencer 2.06, owned by Harry Hirsch, Sydney, N. S., is fifth with 39 dashes won and Bright Spot is 14th with 28 dashes won ..... Mighty good work for the Maritimes to have three representatives in the select list which is compiled from thousands of race horses.

Horsemen who read Frank Trott's column in the Boston Globe, will deeply regret to learn that he is confined to the Winchester Hospital having suffered a severe heart attack. We trust that he will soon regain his health.

Lawrence B. Sheppard has purchased the interest of his father, H. D. Sheppard, in the Hanover Shoe Farms of which C. N. Myers is also a shareholder. Mr. H. D. Sheppard is over eighty years old. The Hanover Shoe Farms were originally purchased from A. B. Cox and have been one of the best investments in the harness horse world that we know of. Of course intelligent management has played a large part in that success. It is always a great pleasure to meet Mr. Sheppard at meetings of the U. S. T. A. and hear the words of

SPORTING NEWS

Local fans are going to get more than their share of sporting entertainment here over the holiday week end, in fact, they are going to be as the saying goes "torn between two loves", namely baseball and softball.

* * *

Sunday, which will be the big feature day, has a doubleheader offering in both baseball and softball. In the baseball department, the Island League will make its initial start in its schedule for the season, with Abbies and Summerside R. C. A. F. tangling in the first game at 1:30 and the Summerside Curran and Briggs opposing the Abbies in the second encounter about 3.30. Both games will be played on the Memorial Field diamond.

* * *

Holding the spotlight in the softball matches the same afternoon will be the Charlottetown Braves and the Moncton, N. B. Marven Royals girls squads who will meet in a doubleheader event at the Knights of Columbus diamond at Victoria Park, which is to be a return exhibition affair, the locals having split a doubleheader event when the Royals played host to the Braves at Moncton on the 24th of May. The times for the games are scheduled for 2:30 and 6 o'clock.

* * *

So much for Sunday sport. On Monday afternoon, the City Junior League baseball schedule will get underway for the season when the Knights of Columbus nine and the Charlottetown Kinsmen aggregation come to grips in the league opening tilt at Memorial Field diamond at 2:30. The game itself will not be the only highlight feature of this event, as the 17th Recce Regiment Band will lead a parade around the field prior to the start of the game, with the players of both teams taking part in the show.

* * *

Although the above mentioned activities will be the main attractions over the weekend as far as fandom is concerned, it is by no means all the sporting activity which will take place during that period. Other individual sports will also draw a large following as far as active participants are concerned. In the tennis division, the Charlottetown Tennis Club will launch its season today, and a large number of members and prospective members are expected to turn out to take part in the play.

* * *

The Charolttetown Golf Club, too, have a series of competitions lined up for the Belvedere course today and Monday. This afternoon commencing at two o'clock, the first stage of the MacKinnon Cup competitions will get underway, which will consist of 18 holes medal play, while on Monday, the second stage of the President's Match will be run off. The Monday competitions will also commence at two o'clock.

* * *

And last, but by no means least, on the week-end's sporting program, will be the enthusiastic marksmen who will make their way to the Squaw Point range this afternoon at 2:30 where they will compete in the first trial shoot in a series of three, for the honored positions on the eight-man team who will represent the Province in the Inter-Maritime Championships which will be held here on June 18th. The shoot will be under the direction of the P. E. I. Rifle Association.

* * *

Plans in the development of the minor leagues of Bantam, Pee Wee and Midget groups are progressing rapidly under the direction of Wes "Bucko" Trainor of the Department of Physical Fitness and his large and competent group of volunteer coaches and organizers throughout the City. During the past couple of days the directors in the various districts of the City have been holding their group meetings in order to get their boys registered and formed up into teams, and according to reports, everything is going along in a highly successful manner and indicates an early opening of the different group leagues.

* * *

The diamonds which will be used by the minor leagues will include the old diamond at Victoria Park, the Spring Park Field diamond in the North side, and a third diamond which will be located at the East end of the City in the Hillsborough Bridge area. The first two diamonds have already been put in readiness for play, and work on the East end diamond was commenced yesterday, and is expected to be ready for play within the next few days.

REMEMBER WHEN

Helen Jacobs, famed California tennis star, made her fifth attempt a winner when she won the All-England women's tennis title at Wimbledon 13 years ago today. She defeated Hilda Krahwinkel Sperling of Germany and Denmark 6—2, 4—6, 7—5.

Island Baseball League Opens Tomorrow With Twin Bill Scheduled

The Island Baseball League will be launched officially here Sunday afternoon at Memorial Field diamond when Ev MacNeill's Charlottetown Abegweits tangle with the Summerside R. C. A. F. and Curran and Briggs squads in a twin bill as the League opener.

The first game, which will be between R.C.A.F. and Abbies, will get underway at 1:30 with Lefty MacAleer starting on the mound for the Abbies, while in the second game, Abbies versus Curran and Briggs, it is understood that Cyril Smith will be the starting hurler for the local squad. The second half of the double bill will commence about 15 minutes after the conclusion of the first, which will be approximately 3:30 or 4 o'clock. Just who will be the leadoff men for the two Western Capital teams was not released last night, although it is a safe bet that Gerry Bernard will head the list of the hurling department of the Curran and Briggs nine.

Coach Ev MacNeill announced last night that his Abbie aggregation are in tip-top shape for their two-game struggle and figures his chances of garnering at least one game out of the two-some looks pretty good, although he is not underestimating the capabilities of the two visiting teams by building up false hopes.

Although the Curran and Briggs squad have made one appearance in the City this year in an exhibition encounter in which they earned a 4-4 tie with the Abbies, it will be the first appearance of the R. C. A. F. team on a Charlottetown diamond this season.

It would be a hopeless task at the moment to try and predict the final outcome of the games or which one will prove to be the best encounter, as both have the possibilities of being bang-up affairs, so that the best advice to give baseball fans at the moment, is to see them both, and not take any chances of missing out on a real thriller.

N. Y. Giants Defeat Chicago Cubs 15-5

By The Canadian Press

The New York Giants cuffed the Chicago Cubs around with a vengeance yesterday (Friday) pounding out three homers and a 15-5 National League triumph.

The Giants ripped Bob Chipman and Calvin McLish for 14 blows. Sid Gordon, who along with Whitey Lockman drove home four runs, paced the bombardment with a homer, double and single.

Monte Kennedy, who went the distance for the Giants, cruised to his fifth victory. The southpaw granted 11 hits.

Philadelphia Phillies and the Cincinnati Reds ended their doubleheader just where they started—tied for fifth place in the league pennant race.

The Reds won the opener 3-2 on the strength of Lloyd Merriman's triple and pinch-hitter Danny Litwniler's outfield fly in the ninth. The Phils came back to square accounts 3-1 as Andy Seminick, star of Thursday night's home-run battle with three round-trippers, drove two runs home with a first-inning double.

Brooklyn Dodgers salvaged the final game of their three-game series with St. Louis beating the Cardinals 5-2 on the strength of a four-run seventh-inning rally.

Gerry Staley, making his second start of the season, was working on a 2-0 lead when the Dodgers came to life in the seventh.

Lefty Joe Hatten started for Brooklyn and yielded both Cardinal runs in the fifth when Ed Sauer singled and Nippy Jones homered. Hatten left in the sixth and Minner took over.

Moncton Girls Softball Team Here Sunday

It was announced here yesterday that the Marven Royals, Moncton girls softball team will be the visiting team here Sunday afternoon in a doubleheader exhibition encounter with the Charlottetown Braves, which is scheduled to get underway at the Knights of Columbus diamond at Victoria Park at 2:30. The second game of the doubleheader is scheduled for six o'clock at the same diamond.

The local girls squad split a doubleheader with the Royals at Moncton on the 24th of May, the Mainlanders taking the first game 10-9, with the Braves coming out on top in the second encounter by a score of 16-11.

If the same brand of ball and keen competition prevails in the return encounters here Sunday, local softball fans should be in for two really high class, interesting games.

The following is the lineup of the Charlottetown Braves:— Barbara Coyle, Kay White, Adelaide Sentner, Patsy Crawford, Leah McMahon, Stephanie McNeill, June Bryenton, Gloria MacNeill, Peggy Keough, Shirley McNally and Wanda MacMillan; coaches — Lloyd Moore and Harry Sentner.

West End Teams Plan Practice

The Midget and Bantam teams of the West End will hold their first practice on the Old Diamond in Victoria Park this morning at ten o'clock, coaches Buck White and Glen Matheson disclosed last night. A large turnout for this initial workout is requested and both coaches were confident that a formidable squad will be on hand at the practice.

Curran and Briggs diamond
Games 2 p. m. and 5 p. m.

The crowing of Cock pheasants resounding from hedgerows and alder swales, as the sun peeks above the horizon, is proof beyond question that the pheasant outlook for the coming season is by far the brightest on record. In some districts the pheasants are really plentiful. It's not uncommon to hear five different Cocks answering each other within a three hundred yard radius on a fine morning.

The big gaudy birds seem to be spreading eastward rather then toward the west. I'd say offhand that southern Queens holds the bulk of the pheasant population at the present time. The Ringnecks had a good winter and were seldom seen around farmyards. This gave rise to the thougnt that it was because the birds were scarce. Pheasants appear better able to withstand severe winters, particularly those associated with deep crusted snows, then the Hungarian partridge. They have one weakness however. When the going gets tough they repair to farm buildings and feed with the hens. Many meet an untimely fate through the medium of a 22 cal. rifle or shotgun for a big cock pheasant in all the glory of his winter plumage is a target that many find impossible to resist.

A farmer friend of mine told me a few days ago that he has a pair of cocks at the front of his farm and another pair at the back. He presumes that they all have mates for they appear quite contented and each male favours his own particular nook. Another farmer who lives approximately 3 miles distant as the crow flies told me that he can see at least five Cocks along the edge of his woodlot any evening he has occasion to travel to the back of his farm.

This farmer hunts in season and he related an experience he had last fall. He knew that there were quite a few pheasants in his woodlot during the late summer and when the pheasant season opened toward the end of October he and a hunter friend of his spent several hours the opening morning tramping the woodlot and fields without seeing a single bird. He came to the conclusion that the birds had either died or had moved to another section and gave up looking for them. Near the end of November he got the surprise of his life when he went back to the rear of the farm to cut firewood and counted twenty pheasants of both sexes in his back field. He informed me that the birds wintered well and for a wonder there were no rabbit hunters on his land last winter.

A question that may be puzzling readers of this column is: "Where were those twenty pheasants on the morning of the opening day?" In all probability they were hiding in some fence corner and ducked and ran when they spotted the hunters. A fast hunting dog, one that will not bother to stop and point every few yards, is the medicine for pheasants. It takes a fast working setter or pointer to pin a pheasant down. A Cock pheasant is a cagey customer in October and well able to look out for himself . . . in fact a little too able. I have yet to bring one to bag; I have had excellent opportunities for a shot before the season opened and after it closed. Methinks that the 5 day open season on Cock pheasants is too short. They could well stand a 10 day season. Five days doesn't give one much leeway especially if weather conditions cuts into the hunting time and one needs time for hunting pheasants.

Crows are reported to be interfering with the pheasant hatch. To date two nests have been found that were raided by crows. One held 4 eggs and the other 7 that had been rolled clear and holes neatly drilled in the ends of each. A skunk always digs a nest out after it has robbed one. A skunk generally eats an egg, shell and all. Mr. Stripes caught in a barrel trap was fed a few eggs and his actions observed. He'd sit on his hunkers with his back propped against the side of the barrel and gather the egg in between his hind feet. Held fast in this makeshift egg cup he'd sink his teeth in the end and after lapping out the contents would cram the shell into his mouth.

Two observers in the Pownal district reported crows kicking up a racket in their woodlot and hearing hen pheasants doing a lot of fretful calling. One of these farmer observers managed to shoot three crows that persisted in hanging around where pheasants were known to be nesting although the nests were not actually found. Six or seven years ago the Fish and Game Association conducted a crow shooting contest and offered substantial prizes for the most crows feet turned in. The contest lasted several months and month-

(Continued on Page 7)

R. C. A. F. Wins S'side Intermediate League Opener By Large Margin

The R.C.A.F. Red Sox opened their season auspiciously at the Summerside High School diamond yesterday evening by trouncing the Sheen and MacInnis Juniors by the overwhelming score of 18 to 1. The juniors had a lot of inexperienced players of juvenile and midget age on their line-up, and the boys didn't quite have the savvy needed for this intermediate league.

Freddie Foy went the route for the victors allowing only three hits in the five innings of play. Bill Stewart, midget southpaw, started for Sheen and MacInnis, but was hit hard and threw a lot of wild pitches to increase his troubles. Donnie Simmons, juvenile flinger, relieved him, and for a time was also very wild, but steadied down somewhat and held the Airmen pretty well for two innings, but tired in the fifth to allow five counters in that frame.

Foy, the winning pitcher, also captured batting honors getting three hits in as many trips to the plate. Baron, Labonte and Greig each got a brace of bingles.

The R.C.A.F. boys were steadier afield, committing only one miscue during the game. The Sheen and MacInnis nine booted the ball around on six different occasions.

Indian Land Wins Event In Fast Time

WESTBURY, N. Y., June 3 —(AP)—A crowd of 24,674 tonight saw Indian Land make the fastest time of the Roosevelt Raceway season in winning the Massachusetts free-for-all pace event in 2:04 for the one mile.

It was the third time in five starts that William W. Erving's seven-year-old brown veteran, ridden by Joe O'Brien of New Glasgow, N. S., and Alberton, P.E.I., has won the free-for-all pace. The $7.70 for $2 chance spurted through the stretch to score by slightly more than a length. Forbes Chief was second.

Golf Program For Holiday

The Charlottetown Golf Club announced yesterday that they have prepared a large program of competitions to be held at the Belvedere Course during the holiday week-end.

The first feature on their program will be the first stage of the MacKinnon Cup play which will get underway there this afternoon at two o'clock, with the competitions consisting of 18 holes, medal play.

In addition to the large number of members who are expected to turn out for regular play on Sunday, the second stage of the President's match will also be held on Monday afternoon, with play starting at 2 p.m.
