

The hard work of bread-making should be done in the flour mill—not in the kitchen.

When it is necessary for you to make bread by main strength, the miller hasn't done his part. His flour is not fine enough.

Royal Household Flour

is made from hard Spring wheat—which is capable of finer grinding than any other wheat—and milled by a process that insures the finest, and most nutritious of flours. Get enough to try from your grocer.

Charlottetown Business College AND INSTITUTE OF Shorthand and Typewriting

Reopens on Tuesday, Aug. 17, for Business

Intending students should try and get in as early in the term as possible, especially those who have decided to take up the full courses.

We ask this purely in the interests of students, for we can do more for them in assisting them to positions. The reason is plain, for we will have them ready for positions just when there is a keen demand. This term we have ample accommodation for **THREE HUNDRED** students, and we believe we shall require all the space at our command, because **Young Men and Women** find that those who have been educated at the C. B. C. get the cream of paying positions; others have to content themselves with the skim milk.

Our teaching staff is large and experienced. Our system of individual instruction is the **BEST** devised for every student—regardless of qualification—gets a **SQUARE** show. No pets at the C. B. C.

Remember! We can handle Three hundred students as easily as Thirty. The larger the number the more active is business with the students, for this is a **Practical Business Training Institution**, where all are engaged in business. No copying from Text books no reference to keys. It's the **REAL THING, BUSINESS** as **BUSINESS IS DONE**. Before joining an Institution, ask for the names of its teachers and their experience as such. It is due you to know.

Our Shorthand department will continue during the last four years—to produce results not attained by ANY OTHER school in the Provinces. When it is considered that it is advertised throughout America that a man has succeeded in reporting a trial by it, what must be said of a system when a girl is taken from a class-room and reports by it one of the most important trials ever held in this Province? Such work only can be done by the **Benn Pitman System**, as taught in the Shorthand Department of the C. B. C.

Our Typewriting Department is being supplied with the very latest and best typewriting machine made. Nothing but the **BEST** at the C. B. C.

Prizes and medals as usual for competition during the term.

YOU should try for the Prize **UNDERWOOD** typewriter.
