## Irregular Trend On N.Y. Market

By Frank MacMillan, Associated Press Financial Writer (By Guardian's Special Wire)

NEW YORK, Nov. 18.—Stocks today received with no more than a little uncertainty the announcement of the terms of the new Canadian trade treaty.

Final prices were irregular, with the general level a little lower. Taking the list as a whole, however, declines were only slightly more numerous than advances.

Realizing and selective buying went on side by side. Selling in alcohol, apparently based on the cut in the U. S. tariff on Canadian whiskeys, seemed the most direct market response to the new treaty provisions. Some of the leaders in the group were off around 2 points for a time, but later recovered about half of early losses.

The Associated Press average of 60 stocks, off 1 of a point at 55.4, was partially checked in its dip by a rise of 2 of a point in the utilities used in the compilation to a new 1935 high of 43.5. The 30 industrials and the 15 rails each lost 3 of a point.

The bond market rode along on an even keel, with secondary rail loans climbing out of the rut for fair gains in some cases. U. S. Government obligations dipped around 1-82 to 3-32 of a point.

Transactions in the equity market were at a brisk pace during most of the day, although running below the rush of the first half hour. Turnover in the stock exchange was 3,230,520 shares.

Canadian Distillery issues, which stand to benefit under the terms of the new treaty, were higher. Advances of a point or more were shown by Canadian Industrial Alcohol, Distillers-Seagrams and Hiram Walker. Elsewhere the Canadian list was mixed with small changes the rule. McIntyre-Porcupine was off 1/4. Fractional reactions occurred in Dome Mines, International Nickel and Dominion Stores. Ford of Canada, Lake Shore and Massey Harris were somewhat higher.

General Motors and Du Pont were in the profit-taking column but not under any particular pressure.

Some of the issues which dipped major fractions to around 2 points included Du Pont at 14 1/2, National Distillers at 30 1/2, Bethlehem at 49 1/2 and Westinghouse Electric at 95 1/2. Among others which moved ahead small amounts to 2 points or a little more were Woolworth at 50, Allied Chemical at 166, American Tobacco "B" at 107 and Westinghouse Air Brake at 33 1/2.

**Prices Move Higher On Mt'l. Market**

(C. P. By Guardian's Special Wire)

MONTREAL, Nov. 18.—Buyers gained renewed confidence on Montreal stock Exchange today as a result of the Canada-United States trade treaty and prices spurted higher with eight issues resting on new high ground for a year or more at the close.

A new peak was established in volume with a turnover of more than 52,000 shares compared with only 17,000 for the same day a year ago.

Announcement of reduction of the duty on Canadian liquors exports to the United States under the treaty boosted the "A" and "B" shares of Canadian Industrial Alcohol to new tops of 13 1/2 and 12 respectively. National Breweries was at a new high at 39 1/2. All receded before the final bell to hold fractional gains.

When selling appeared in the liquor division power issues took over the market leadership and Bathurst at 9 1/2, Power Corporation at 12 and Shawinigan at 22 1/2 all reached new peaks. International Nickel preferred scored a five-point gain and Montreal, British Columbia, Canada Northern and Quebec firmed fractionally.

An outstanding feature was a six-point gain by Lake of the Woods Preferred to a new high of 111 while Massey Harris moved to a new gain. Dominion City Preferred, quiet recently, found buying support and mounted nearly a point.

Total sales were 52,131 shares; bonds \$16,950.

**Mining**

(Canadian Press)

TORONTO, Nov. 18.—The Toronto mining market numbered along heavily today, showing partiality for the selling side, particularly in the secondary gold group. Foremost in the display of weakness appeared God's Lake which hit 1.19 with 34,000 shares coming out. The price recovered to 1.23 to show a net loss of only 3 cents. Base metals displayed general firmness. The gold index dropped .10 and the miscellaneous mines index .18. Volume was understated.

Several other medium-priced golds accompanied God's Lake on the down grade but on smaller volume. Central Patricia lost 4 cents to \$2.12. Long Lac 5 to 5.55, San Antonio 5 to 2.80 and Siscoe 5 to 2.65. Issues off 2 cents each were Pickle Crow, McKenzie, Macassa and Mining Corporation. Noran, a gold producer, advanced a net loss of 3-4 to 43 after touching 44 in the early trading. Hudson Bay also eased slightly.

Nipissing was the strongest of the silvers, closing 9 cents up and Castle adding a cent. Eldorado and Bear eased slightly and Peterson-Cobalt gained 1-8. Texas-Cuba, which moved in considerable volume, registering a gain of 9 cents. Other silvers were slow.
