Said Uncle Harry To Nephew Jim—

"Jim—I'll put up from \$2,000 to \$20,000 (any amount you say) to the credit of Betty and the children—if you will just deposit a small rate of interest against it each year. In that way I am willing to help you provide an Estate for them."
"What is more—I'll never ask you to pay the principal—just the interest—and I'll stop even that if you die, and at once deposit the full Estate in your Bank to their credit."
"And again, if you live to old age and need the money—you can call the deal off—and I'll agree to pay you back all the interest deposits made."

IF YOU WERE JIM—WOULDN'T YOU TAKE HIM UP?

Certainly you would!
The same offer is open to you through a Young Man's Policy in the North American Life Assurance Co. By the payment of 3 to 5% interest each year you create an immediate estate for any sum you name.

Notes by The Way

Continued from page 4
ence can be made for it and any attempted defence so far put forward has only tended to weaken their case and sink them deeper in the mire.

On the other hand, the platform of Mr. J. D. Stewart and his party commends itself strongly to the electorate. His policy is founded on justice and the needs of the country. It is wholly unselfish and patriotic. It is businesslike, easily understood and entirely practicable. Every taxpayer in the Province would profit by its adoption. And

And this need was never before so great. During the past four years the people of Prince Edward Island have been subjected to the

most flagrant and notorious breach of faith in all our Island history. The men in power were greatly trusted with the revenues of the Province and to a large extent with its destinies. They were trusted with almost unlimited taxing power. That trust they betrayed. That power they abused and prostituted to selfish and ignoble uses. That is why the people turn against them and reject them. They have been weighed in the balance and found wanting!

We are selling Canada's Leading PIANOS

for less money, quality considered, than many Pianos of inferior grade sell for.

We will deliver Pianos freight paid with stool and book at a price that compares favorably with any now offered in Canada. Bring your catalogue and let us prove this. We do not sell Pianos on commission. We do not ask our customers to invest their money in an instrument we will not invest our money in first. A Piano, if not a musical instrument, is an expensive piece of furniture at any price. Do not make a mistake about this.

You can get better value in a Piano from us than from any other dealer. We invite comparison. Call or write today.
