VIGOROUS CHAMPION OF RECIPROcity BETWEEN CANADA AND THE U. S.

In Henry Melville Whitney, President of the Boston Chamber of Commerce, organizer of great industrial enterprises, and builder-up of communities, the cause of commercial reciprocity between the United States and Canada has one of its most vigorous and influential champions. It is very true that a treaty of reciprocity between this country and the Dominion has not yet been achieved but it is equally true that never has the issue been so sharply and intelligently defined or public opinion on the matter so generally stimulated.

Sore Throat and Coughs
A simple, effective and safe remedy for all throat irritations is found in **Cresolene Antiseptic Tablets**. They combine the germicidal value of Cresolene with the soothing properties of slippery elm and licorice.

Cured her husband.

It was a happy thought on the part of the dominating element in the Boston Chamber of Commerce that suggested the election of Mr. Whitney as president of that representative body in January of last year, for it placed him officially in just the right position for leading in a movement that personal knowledge of the situation on both sides of the line had shown him to be of paramount importance.

During the greater part of his business career, Mr. Whitney had been prominently identified with the Boston Chamber of Commerce, as member and director, and when its present new building was being projected he generously donated the valuable tract of land on which it stands. Nothing was ever farther from his thoughts, however, than serving as president of the organization, and it was with great reluctance that he accepted the nomination when it was tendered him.

Henry M. Whitney was born in the quiet little town of Conway, Mass., in the beautiful Deerfield Valley, Oct. 22, 1850. So greatly absorbed had he been in his manifold industrial and financial enterprises that he had not visited his native town for nearly a quarter of a century until last summer. A man's standing in his own community is one of the best indices of his success, and it was not strange, therefore, that his old friends and neighbors in Conway, on learning of his contemplated visit to the old homestead, should have arranged in his honor one of the most remarkable receptions ever tendered a man in private life.

well as for his own country, and it is quite in accordance with the eternal fitness of things that he should be president of the Submarine Signal Company, whose system has recently been adopted by the Canadian government as a means of making navigation through the St. Lawrence river safer.

To give the names of all the different companies with which Mr. Whitney is connected, as president or director, would require a large space. Among other responsibilities he is a director of the Boston & Maine Railroad. He has magnificent residences in Brookline and at Cohasset and his home life is ideal. He has found time to make one trip to Europe. Personally, Mr. Whitney is one of the most democratic and approachable of men. He is a patient listener, a forcible writer, and when the spirit moves him he can make a most effective public speech. He is a splendid entertainer, also, and noted men who have been his guests, like Prince Fushimi of Japan, who was recently here, are invariably charmed with him.

You Must Look To The Liver
If You Would Have Good Digestion And Good Health. It Is Kept Active By **DR. CHASE'S KIDNEY-LIVER PILLS**
Bile in the blood is poison. Bile in the intestines is necessary to digestion and the healthful action of the bowels. Bile in the blood causes biliousness, headache, jaundice, muddy complexion and is the source of innumerable pains and aches. The lack of bile in the intestines brings on indigestion, constipation, kidney derangements and a clogging of the whole digestive and excretory systems. The liver separates bile from the blood, where it is poison, and pours it into the intestines, where it is of inestimable worth. For this reason, the health of the body is dependent on the health and activity of the liver. By making the liver active, when it becomes torpid, Dr. Chase's Kidney-Liver Pills insure a beautiful flow of bile into the intestines and the cure of all ailments arising from "bile" poison, indigestion and constipation. Set the liver right by using Dr. Chase's Kidney-Liver Pills and you will remove the cause of many pains and aches, of many annoying symptoms, of irritable temper and depressed spirits. There is no liver regulator so lastingly beneficial. Mr. Clement Chisson, Lanerque, N. B., writes: "I wish to say that I have used Dr. Chase's Kidney-Liver Pills for Dyspepsia and they have proved of very great benefit to me. In fact, this is one of the best of many family medicines that I have ever come across. We always keep Dr. Chase's Kidney-Liver Pills in the house and have recommended them to several of our friends who have also proven them of great value." Mr. Alex. M. Finn, Inkerman, N. B., writes: "I have used Dr. Chase's Kidney-Liver Pills for derangements of the kidneys and liver and stomach troubles and can certify that they did me a great deal of good. I can heartily recommend them to anyone suffering as I did." Dr. Chase's Kidney-Liver Pills, 25 cents a box, at all dealers, or Edmondson, Bates & Company, Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

John Bell and His Teachers.
Professor Edgar of St. Andrew's University, in a recent address to secondary teachers, made some suggestive remarks (says a writer in The People's Friend). He said that the salary paid to a thoroughly educated female teacher was less than that paid to a second-class cook. In fact, if you take into account board and compulsory cost of suitable apparel, an ordinary female teacher is far worse paid than a capable domestic servant. Moreover, the profession is held in scant public esteem. And yet, the professor wisely urged, is there any man on whom rest such transcendent responsibilities? The teacher has the opportunity of moulding for time and eternity the young lives upon whom the future destinies of the race must hang. In Germany the "Herr Professor" is the most honored and revered man in the community. It is, perhaps, natural for "a nation of shopkeepers" to under-estimate the importance of the higher things of life.

With a Reservation.
"I suppose," said the physician to the scoffer, "that you would throw physic to the dogs?"
"Not good dogs," the other returned gravely.

Those Hard Times
Why buy a new coat or suit, either lady or gent, when for a trifle you may have your old garments, if they are not worn too much, made to look like new; some may be faded or soiled, you may be tired of some color, when spring comes you will want to change. Loose no time, but bring all your extra goods either wearing apparel or otherwise, lace curtains, or any other kind, silks, etc., ties, gloves, opera cloaks, etc., or any article but furs. Dyeing, cleaning and finishing is the best and cheapest at Parke's Dye Works, the largest in Canada.

Park's Perfect Emulsion by any other name would be just as good; but the name at once classifies it as different from the ordinary, because it is as the name signifies, PERFECT.
There are a few things to observe about it
(1) It has the well-known properties of Cod Liver Oil.
(2) It performs the functions of Cod Liver Oil more easily than the plain oil, just as all emulsions do.
(3) But it is better than the ordinary emulsion because it contains Guaiacol, the consumption germ killer, giving it a value that no other Cod Liver Oil preparation in the world can possess.
(4) It combines with all this excellence, the tissue-repairing and system building properties of Hypophosphites of Lime and Soda.
(5) All the elements of Park's Perfect Emulsion are just what a consumptive needs. It is, without question, the very best medicine the sickest consumptive can use. There's hope in every dose
Price 50c and \$1.00 per bottle, at all druggists.
