All Tired Out Before Day Half Over

Women who should be strong and healthy become weak, run down and worn out, and are unable to attend to their household duties. They get up in the morning dreading the day's work ahead of them.

Some disease or constitutional disturbance has left its mark in the form of shattered nerves, impoverished blood, and an exhausted condition of the entire system.

Women will find in Milburn's Health and Nerve Pills the remedy they need to supply food for the exhausted nerve force, and one that will help them back to sound, perfect health again.

The WEEK at S. D. U.

On Sunday night, a special meeting of St. Thomas Debating Society was held to receive the report of Mr. James McCarthy, chairman of the ways and means committee appointed to look into the possibilities of intercollegiate debating. He informed the Society that there remained no major obstacles to be overcome, and that arrangements for a debate could now be made with St. Mary's College, of Halifax. After some discussion it was decided that the proposed event take place in Charlottetown on March 6th or 8th, with a return engagement in the Nova Scotia Capital the following week.

At the regular meeting of the Society on Wednesday night, the subject for the intercollegiate debate was chosen. It reads as follows: "Resolved that the present day trend in college education, to emphasize the practical at the expense of the cultural, is to be deplored." By "practical" is meant that which will directly fit a man for a job. It was felt that this question was one of current interest, and would permit plenty of discussion on either side.

St. John's Debating Society, in its Wednesday night meeting, argued the following subject: "Resolved that the study of the Arts has contributed more to the advance of civilization than has the study of the Sciences. The affirmative side consisted of Gordon Trainor, Maurice Cahill and Frank Brennan, while the negative was composed of C. Coady, Mr. Smith and D. Morrison. Rev. Dr. Monaghan was guest critic for the evening. This debate served as a tune-up for the affirmative team who will speak on the above subject in a meeting with the Charlottetown Catholic Collegiate Club, which is to take place in about ten days.

The Saints came through for their first win in the Holy Name basketball league last Saturday night when they defeated the Charlottetown team. Father Casse's boys exhibited some sparkling play during the evening. Joe Chisholm and Len Connolly shared scoring honours.

Intramural hockey held the spotlight at the College during the past week. The Wreckers, of First Dalton, held the Second Dalton's league-leading Flyers to a scoreless tie, while the Dormitory Snipers outmanned the Pirates, of the Old Building, to the tune of 4-1. Third Dalton's Crushers remained idle. The Flyers continue to soar in the lead, high above the other teams, and look like a sure thing

for the Intramural League championship.

The first team put in a hard week of practice in preparation for their opening game against the boys from U.N.E. on Friday night. To date (10th) the New Brunswick team lead the Intercollegiate League by a win over St. Thomas and an upset at the expense of Mount A. Friday night's game will give the Saints a good idea of just how they compare with other mainland college puck chasers.

Monday morning the team will entrain for its first mainland campaign, playing at Fredericton and Chatham. Manager Tom Holland promises that the Saints will make a good showing, and hints that there may be surprises in store for any who look forward to an easy victory over the Red and White squad.
