Commencement Of Wireless Season

Once more the clear cold evenings are with us and the Radio Telegraph and Telephone enthusiasts are preparing for an interesting winter.

Charlottetown now has four licensed private stations, viz. The Navy League Building, Harold Clarke, Fitzroy Street; Stewart Henry at Marine Hospital and Major K. S. Rogers, Bayfield Street. There are one or two other stations in course of erection which will be duly licensed. All the above stations are equipped with the finest of receiving apparatus which will pick up telegraph and telephone messages by wireless for thousands of miles. Two of them are equipped with sound amplifiers, viz., the Navy League and Major Rogers. This piece of apparatus enables a fair sized audience to hear the Radiophone music, vaudeville, sketches, etc., which otherwise would be audible to the operator wearing the telephones alone.

The Westinghouse Electric Company at Newark, N. J., is one of the large firms specializing in wireless equipment and in order to entertain their many patrons throughout the country they put on a splendid and varied performance each evening by radiophone. This entertainment can be enjoyed by audiences upward of a thousand miles away. The voice comes clear and distinct with sufficient volume at times to fill a room like a high class phonograph. Tuesday evening Major Rogers at his home on Bayfield Street, Charlottetown with a friend was entertained for a period of roughly two hours by vaudeville sketches rendered by some of the best artists in New York City, many vocal selections as well as orchestral numbers. Last evening the program included Uncle Wiggily's stories for Children and an address by the District Governor of the Rotary Clubs of New York State on Rotary subjects. It is expected that these programs will be carried out during the whole of the winter season now with us.

Major Rogers now has a transmitting apparatus which is powerful enough to send messages upwards of a thousand miles and already has communicated and sent personal messages to stations in the States of Maine, New Hampshire, Vermont and Massachusetts. The operation of a receiving set capable of getting the Radiophone concerts are very little more complicated than the operation of a camera and the apparatus is not what would be called expensive.

Any British subject can secure a license under certain easy conditions and on payment of a fee of one dollar. These licenses are issued by the Canadian Dept. of the Naval Service.

Summerside now has a very good receiving station operated by Harold Gaudet at his home. It is expected that before long someone in Alberton and Montague or Souris will see the possibilities of entertaining their communities with high class concerts during the winter evenings and install similar apparatus.

'No Appetite

Nervous exhaustion leads to distaste for food. The nerves of the stomach are weak, digestion fails and you become generally upset and out of sorts.

The secret of complete restoration is in getting the nervous system fully built up.

Mrs. R. Cheney, 208 Richmond St., Chatham, Ont., writes:

"I was troubled with indigestion, which caused me many sleepless nights. I would be in terrible distress at times, and would get no relief for two or three hours. For sixteen months I ate nothing but Shredded Wheat biscuits, as I dare not eat anything else. I did not know what to do, as I had tried so many different remedies, as well as doctors' medicines, without gaining permanent relief. Finally I got some of Dr. Chase's Nerve Food, and while on the second box noticed that I was improving. I continued the treatment until I am now fully restored, and have returned to my regular diet. My husband has also taken Dr. Chase's Nerve Food with splendid results, so we are glad to recommend it to others."

ELECTION PROPHISIES. — "I will leave the field of prophecy to those who are destitute of better argument", he said, "but you can take it from me as a general statement, that our opponents are in for a disastrous disappointment in a few days." This is the forecast that the Prime Minister has given on his seven weeks' tour and the huge audience cheered him again and again.

EXTRAORDINARY CONDUCT—At the Police Court a few days ago there was brought out in evidence an extraordinary state of affairs in regard to the conduct of officers enforcing the Prohibition Act. It appeared that two officers entered a house armed with a Prohibition Search Warrant to search the premises for intoxicating liquor. They found the defendant's wife alone in the house. One of the officers stated he saw the woman put something under her clothes at her breast. Those officers immediately, without searching the premises, took hold of the woman, one hold of each arm, and bent her backwards over the table, and while she was in this position one of the officers put his hand down under her clothing at the breast and brought out a small medicine bottle, 8 oz., full of liquid, which is claimed to be rum. During this time the woman was screeching so loud as to alarm the neighbors. The officers then left without making further search. Comment is withheld at present, as it is reported that the matter will be taken to a higher Court.

BIG QUEBEC BOND ISSUED

(Special to The Guardian.)

MONTREAL, Nov 30—A striking example of the esteem in which the credit of the province of Quebec is held by those most closely in touch with the finances of the province is shown in the award today of a $4,000,000 issue of 15½ per cent bonds to a syndicate of six Montreal bond houses. The price at which the issue was secured was 97.62 and accured interests, the province having secured its money on a basis of 5.74 per cent which incidentally is the most favorable provincial financing to have been accomplished in Canada in the past two years. The successful tenderer was a syndicate composed of Hanson Brothers, Beausoliel Limited, National City Company, Harris Forbes and Co., Ltd., United Financial Corporation and Rene T. Leclerc.

London University, London, Eng., with a total of 20,000 students is the largest in the world; it includes 65 institutions scattered over the metropolitan area.

ADDING TO COST OF MAINTENANCE.—Little 5-year-old Eva was visiting in the country for the first time, and she happened to notice the cattle enjoying their cud. "Say, grandpa," she exclaimed. "does you have to buy gum for all those cows to chew?"

...The King Crerar combines have much to say about the price of hides and cowhide kid boots, but they are silent about taking the duty off our eggs and letting the cheap Yankee eggs flood our markets. Our farmers are going to protect their eggs by voting for the Government candidates.

If Your Trouble Is Scrofula

As Often Acquired as Inherited

You have eruptions and sores, and perhaps enlarged glands of the neck. This blood disease affects the internal organs especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the blood-purifying medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scorfula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills.

question before the country was where to get the other seventy per cent of the revenue. The "free trade" cry against the Progressives was not right. "All we want is free implements of production and foodstuffs, and so far as free trade in foodstuffs goes the Liberals have the same plank." Within their borders the Americans have absolute free trade, he argued. They only import three dollars per head from outside sources and Canada imports twenty-one dollars per head." Preaching the benefits of reciprocity with the States, particularly for this province, Mr. Jones was a little taken back by an interruption from the Chairman who remarked dryly: "Let's cut loose altogether, eh?"

Reviewing taxation methods, Mr. Jones suggested a return to the luxury tax and the adoption of graduated inheritance and unimproved land values taxes. The Liberal bloc will split after the election when Lapointe and Gouin take sides, he believed. Gouin wants Laurier tariff, which was a reduction of only three per cent. in fifteen years. "That's not fast enough for us" declared the Progressive candidate.

Mr. Donald McKinnon, referring in his opening remarks to the last speaker's repeated charge that lawyers in politics "were a bad lot," pointed out the well known fact that one of the most prominent men at the convention that nominated Mr. Jones was a leading lawyer of this province and the speaker understood that this gentleman had even taken the stump in the interests of the Progressive candidate in Prince County. Mr. McKinnon also referred to the investigation called in connection with the Western grain growers' business, which had been staved off with the assistance of some corporation lawyers hired by Mr. Crerar. The claim of the farmer candidate of having no press support was also ridiculed by the speaker who referred to the Public Press, Limited, the Grain Growers Guide and the Farmers' Guide, all organs under the wing of the grain growers and all actively campaigning.

Mr. McKinnon then took up the free trade arguments of his opponents and showed the disadvantages such trade would place upon this province in the importation of eggs and other products. Mr. Jones had declared the policy of his party was free agricultural products. If that meant anything, it meant, not free trade, but the removal of Canadian duties whether we get reciprocity or not. At the conclusion of his address on the tariff Mr. McKinnon was interrupted frequently by an old gentleman in one of the front seats. After being rebuked from the Chair, this gentleman held his peace until the conclusion of the meeting, when he attempted to make a little speech of his own and was unable to get a hearing from the audience.

The meeting adjourned with a vote of thanks to the Chairman and the singing of the National Anthem.

Plenty Of Golfing For Lloyd George

LONDON, Nov. 30.—Mr. Lloyd George has purchased from Lord Ashcombe, a portion of the Court estate, which lies about five miles from Farnham, in Surrey and forty miles from London. It is situated in the midst of the most beautiful part of a heavily wooded district.

It possesses other attractions which will appeal to Mr. Lloyd George. The Hartley common golf links, which has just been extended to 18 roles, is quite handy, while not more than three miles away is the Hindhead course of 18 holes, said to be the omst natural course in the south of England.

Whatever changes the political future may have in story for Mr. Lloyd George he will trus be able to avail himself of the consolations of golf.

IN MEMORIAM

THE LATE MR. AGUSTINE MCDONALD

Seldomly have the family ties been so sorely bruised as has been in the case of the sudden and unexpected death of Mr. Agustine McDonald, which took place after a short illness at her home in Boston. The late Mr. McDonald, has been in his usual good health up to a short time before his death. He was a man of unusual bright cheerful disposition always ready to lend a helping hand and many a neighbor and friend found in him a friend indeed. The late Mr. McDonald, was one of St. Peter's finest and most respected citizens. He moved to United States some years ago. Besides a sorrowing brother he leaves to mourn one sister Mrs. Joseph Bouchard of Georgetown, to whom sincere sympathy is extended.A.

EDNA MINNIE GODFREY

At North Wiltshire on Nov. 14th 1921, after many weeks of suffering, Edna Minnie, eldest daughter of Mr. and Mrs. John T. Godfrey, passed peacefully away from the scenes of earth to dwell in the Father's home of many mansions. At the early age of 19 years the call came and one so fair has been transplanted to bloom in the paradise above. "E'er time could blight or sorrow fade, death came with kindly care". "The opening bud to heaven conveyed and bade it blossom there."

During her illness she manifested the greatest patience and was perfectly resigned to her Heavenly Father's will. Her cheering presence will be greatly missed in the home church and community. Her parents are left to mourn their loss and also a brother and sister living at home.

The funeral on Nov. 16th, was largely attended, there being 108 carriages in the procession. The services at the home and cemetery were conducted by Rev. H. Pierce of Cornwall, assisted by Rev. R. H. Stavert of Hunter River.

The pall bearers were Robert Smith, Davis Mitchell, Miller Henderson, Cecil Campbell, Harrison Balderston and William McKinnon.

The following were the floral tributes:

Wreath: Mr. and Mrs. George Beers, Charlottetown.

Wreath, Mr. and Mrs. Lohmes Charlottetown.

Wreath: Members of "Triumph Division" North Wiltshire.

Cresent: Mr. and Mrs. John Lewis, West Royalty.

Cross: Master Reginald Younker, Kingston.

Sheaf of Wheat: Miss Muriel Campbell, North Wiltshirt.

Wreath: Miss Fidessa Reeves, P. E. I. Hospital.

She was laid to rest in the cemetery close by the Methodist Church at North Wiltshire.

BAZIL GORMAN.

Though death at all times casts a gloom over a community, yet scarcely ever has the parishioners of St. Joseph's received a greater shock than when they learned of the sudden and untimely death on Oct. 28 of Bazil Gorman, son of Jas. Gorman, South Melville. The deceased met his death in a mining accident, while in the discharge of his duties on the engineering staff of the Mritannia Mining and Smelting Co. B. C.

The late Bazil Gorman, was a young man of sterling qualities and high ideals and had before him a future of the brightest success and prosperity. In early youth re received his education at South Melville School and from there entered St. Dunstan's University, where he graduated with high honors in 1914.

At the outbreak of the war Bazil inspired with patriotism, laid aside the comforts of home and dear ones, donned the kharki and offered his services for his country in the 55th Battalion. He was severely wounded at the battle of Ypres, in 1916. After a complete and successful recovery in the hospitals in England, he returned to the front and joined the 85th Highlanders with which unit he remained until the armistice was signed.

On his return to Canada he took a course in mining engineering at Queens University Kingston, and having an opportunity he left for British Columbia, where he was taking the practical part of his profession in the mines, with the intention of completeing his course in some Western University. But Providence deemed otherwise, and in the flourishing manhood with ambitious almost achieved, his young life as above mentioned was sadly and accidently ended.

His brother Raymond, accompanying the remains of the deceased home, and arrived at Emerald Jct. on the evening of Nov. 8th. where a large crowd of friends and relatives gathered to follow his remains to his home in South Melville.

The funeral took place Wednesday morning, Nov. 8, and by the exception large procession which wended its way to St. Joseph's church showed that deceased was a young man highly respected and mourned by the community. Requiem Mass was celebrated by Rev. Dr. Carron, assisted by Rev. Dr. Smith, Kinkora, after which the body was laid in its final resting place in St. Joseph cemetery to await a glorious ressurection. Besides a sorrowing father deacesed leaves to mourn following sisters and brothers: Mrs. Fred Monoghan, St. Gregory Sask Mrs. Ernest Leonard Cornwall, P. E. Edyth Nashu, N. H, Mabel Ri Glade N. B. Myrtle and Sadie home William and Louis in I ver Colo., Frank in Jasper Wy ing, Raymond in Vancouver, B. and Ernest on the homestead, of whom have the heartfelt s pathy of the community in t recent sad bereavment. The bearers were: Gordon Dunsfo Fred Dunsford, Oswald Kelly, cent McQuaid, Joseph MasGui and Cecil Devereaux. Spiritual Floral offerings were received f the following:— Rev.
