

For Two Years SUFFERED SEVERE PAIN IN THE BACK.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise, and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills go right to the seat of the trouble, cure the back and prevent any further trouble from the kidneys.

Mrs. D. J. McAnis, Carleton, P.E.I., writes:—"For two years I had a severe pain in my back. I was so bad that when I would stoop down I could not straighten up for quite a time. I got a box of Doan's Kidney Pills and they helped me so I kept on using them until I had used three boxes, and now I am completely cured. I think they are the only remedy for disordered kidneys."

Doan's Kidney Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

—PROHIBITION CASE.—On Monday last Stipendiary Wright gave his decision in the prohibition case for third offence against Mr. T. B. Lewis, Alberton, dismissing the case. In the case against Mr. Frank McKenna, Alberton, a conviction for first offence was recorded. This was also the result of a seizure made by Inspector Phillips.—J.

Invest With a Reliable Fox-Breeding Company

The fox business is the greatest money maker this country has ever known but to secure the best results and greatest returns you will need to invest your money in a company of real guized worth.

Prince Royal Black Foxes, Limited

Authorized capital \$750,000—750 shares, par value \$100.

Directors: Frank R. Hartz, John O. Hyndman, A. W. Weeks, C. H. B. Longworth, Charlottetown, and J. S. Hinton, Summerside.

The foxes owned by this company are the best strains of Oulton, Dalton and Tuplin blood, none over four years old. Three of the breeding females have an average yearly production of five pups each.

This is a strong and reliable company and one which merits the attention of all wise investors.

The shares are \$100 each, payable 10 per cent on application, 15 per cent August 1st and balance quarterly payments in October, November and December.

The Provincial Silver Black Foxes, Limited

Authorized capital \$150,000—150 shares at \$100 each.

Provisional Directors: John Agnew, John O. Hyndman, George D. DeBlois.

This ranch is located on Brackley Point Road, three miles from Charlottetown. The location is all that could be desired.

The company owns five pairs of silver black foxes, proved breeders from one to three years old, bred from Dalton and Oulton stock.

It is estimated that this company will pay 70 per cent the first year. This company gives a written guarantee of 20 per cent dividend the first year to each stock holder.

The Garden of the Gulf Silver Black Fox Company, Limited

Authorized capital \$100,000—100 shares at \$100 each.

Provisional Directors: S. A. McDonald, Chester W. S. McLure, Thomas W. Morris, Charlottetown; John E. Andrews, Belmont Farm, and F. E. Morris, Montreal.

Under options one to five authentic pedigrees for each animal will be furnished insuring maximum price both for animals and pups.

The increase per pair should be three young or fifteen young from the five pairs and these at the present price of \$15,000 a pair would leave a net dividend of almost 100 per cent. Taking the price of foxes at the lowest possible price, \$7,500 a pair, the profits after paying all expenses would be 46 per cent.

ONTARIO JUDGE ON MATRIMONY.

TORONTO, May 21.—"Matrimony does not appear to be proving a great success among some of these people," remarked Judge Morgan, when Meyers Berger was arraigned before him on a charge of non-support.

The complainant is a little Russian woman. She claims that she and Berger were married in New York eight years ago, but that he has since left her and refuses to give her support.

Dr. Graham, who examined her, stated that the woman is suffering from the effects of an operation and is not able to support herself. Mr. McDonald, counsel for Berger, suggested that the woman is not looking any too diligently for work.

"A woman is not bound to go and hunt for work, when her husband leaves her," declared Judge Morgan. "If a man marries a woman, he is bound to support her."

"I tried to work but could only earn \$1.60 last week," said the woman. Berger maintained that all he wanted was a divorce, because he did not know whether or not the woman is

DELECT PATTERSON DESPITE SENTENCE

TRANSPLANTING OF KIDNEYS MAY SAVE POISONED BANKER

BALTIMORE, Md., May 21.—To transplant the healthy kidneys from a man who had just died to the body of B. Sanders Walker, millionaire banker of Macon, Ga., is probably the only remedy that would save the unfortunate banker's life, if the mercury tablet he swallowed has destroyed one of his kidneys. This is the statement of a prominent physician, a member of the Johns Hopkins Hospital staff.

The physician said that Dr. Alexis Carrel of the Rockefeller Institute of Research, has successfully transplanted the kidney from one dog to another and in a short time the dogs walked about and ate as if their organs had not been disturbed. According to Dr. Carrel, the same operation could be performed on a human.

Berger maintained that all he wanted was a divorce, because he did not know whether or not the woman is

THE WOMAN DID IT

If the Bank of England has been robbed of tens of thousands of pounds, as a widely believed London report has it, one of the earliest beliefs of childhood has received its positive denial. Who has not believed that the Old Lady of Threadneedle street guarded her treasure so vigilantly that so much as a farthing could not be extracted without the connivance of all England, including the Royal Family? The exact accounting, the merciless audit, the armed guards; these are as real to even the humblest debtor as the Liberty Enlightening the World or the New York subway jam.

We reject the tale of a high priced official of the bank who took the cash. No monument of respectability like a Bank of England officer could steal even a nature depraved and debased would shrink from tapping that reservoir of the world's treasure and credit. If the money is gone, "cherchez la femme." "Twas a militant prigged it—N. Y. Sun.

WAIT 14 HOURS TO HEAR CARUSO

LONDON, May 21.—An audience that packed Covent Garden welcomed Caruso after five years of absence. Some enthusiasts had waited for reserved seats fourteen hours.

Caruso, as Cabo in "Pagliacci," wept real tears. Critics found his voice less strong but more beautiful than ever. Alice Nielsen made her appearance in London after several years, and was voted charming, but vocally did not do herself justice.
