

PIMPLES BROKE OUT AROUND CHIN

Burst and Formed Ugly Scabs, Burning, then Itching. Had to Go Without Shaving for Weeks. Used Cuticura Soap and Ointment. Skin Perfectly Clear.

181 Cross St., Toronto, Ont.—"I was troubled with facial eruptions for many years. The first signs were pimples breaking out and then bursting and forming nasty ugly scabs around my chin. Very often the sensation was that of burning, then itching so that I scratched the sore. I had to go without shaving for weeks at a time. I tried many patent remedies but did not find a permanent cure. Every spring and fall the disease appeared at its worst. I sometimes got rid of it for a few months, then it returned as bad as ever.

"About six months ago I received a sample of Cuticura Soap and Ointment and found great relief after a few applications. I purchased two boxes of Cuticura Ointment and some Cuticura Soap and used them as directed and now my skin is perfectly clear. I can shave with pleasure." (Signed) Wm. MacBean, May 27, 1912.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczema and other distressing eruptions of skin and scalp, but no other emollients do so much for pimples, blackheads, red, rough skins, itching, scaly scalp, dandruff, dry, thin and falling hair, chapped hands and shapeless nails, nor do it so economically. A single cake of Cuticura Soap (25c.) and box of Cuticura Ointment (50c.) are often sufficient when all else has failed. Sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post card Porter Drug & Chem. Corp., Dept. 43D, Boston, U. S. A.

Big Ben

Don't set your mind—set Big Ben

Don't bother your head about getting up. Set it to Big Ben.

You ought to go to sleep at night with a clear brain—untroubled and free from getting up to date farmers, men, if you set up to date farmers, work with your brains as well as with your hands. Such a little thing as "deciding to get up at a certain time in the morning" and "feeling it on your mind" often spoils a needed night's rest and makes a bad "next day." Try Big Ben on your dresser for one week. He makes getting up so easy that the whole day is better.

Big Ben is not the usual alarm.

He's a timekeeper; a good, all-purpose clock for every day and all day use and for years of service.

He stands seven inches tall. He wears a coat of triple-nickel plated steel. He rings with one long loud ring for 5 minutes straight, or for 10 minutes at intervals of 30 seconds unless you shut him off.

His big, bold figures and hands are easy to read in the dim morning light, his large strong keys are easy to wind. His price, \$3.00, is easy to pay because his advantages are so easy to see. Big Ben is sold in Prince Edward Island by the following jewelers:

Miss Rita Dunne played the bridal chorus from Lohengrin as the bride entered, leaning on the arm of her brother John, who gave her away. She looked beautiful and girlish in her wedding gown of white satin with the usual veil and orange blossoms, and carried a bouquet of cream rose buds. Both A Bread Flour And A Pastry Flour

"A woman always wants a reason, but never gives one".
So we are going to tell you just why "Beaver" Flour is a bread flour and a pastry flour—as good for one as for the other—and best for both.

Ontario Fall Wheat is the most nutritious wheat in the world—rich in flesh and strength building qualities and with a full rich flavor and splendid pastry making qualities.

Manitoba Spring Wheat has more strength than Ontario Fall Wheat—but is not so good for pastry.

Naturally, the perfect flour is the one that combines the good qualities of both Ontario and Manitoba wheat. This is exactly what "Beaver" Flour does. It is a blend of Ontario Fall Wheat and Western Spring Wheat. It contains exact quantities of each. "Beaver" Flour has the real home made flavor that a Western Wheat flour lacks—it makes deliciously light, tasty Cakes, Pies and Fancy Pastry.

Order "Beaver" Flour

for your next baking day. Put it to the test. Try it for both Bread and Pastry—and see for yourself the convenience and economy of using a true blended Flour. Dealers—Write us for prices on Feed, Coarse Grains and Cereals.
