PERSONALS

—Mr. Lewis O'Bryan who has been buying fox pelts at Mr. George McQuarries office in Summerside, left on Thursday morning for New York. He was successful in obtaining some nice skins at satisfactory prices.—S

—The many friends of Miss Rowena McLeod of Summerside will regret to learn that she is in the Prince County Hospital under going treatment. Her ailment is not of a serious nature, however and Miss McLeod expects to be able to return home in a few days.—S.

—Many old friends in Bedeque and Summerside will be delighted to hear of the arrival of a bonnie baby boy firstborn, on January 14th at the home of Mr. and Mrs. R. H. Wright of Vancouver. Mr. and Mrs. Wright were former residents of Bedeque and have been married sixteen years.—S.

In a suit over a will in Sutherland England, recently, the judge decided that the \$128,000 estate of the late Andrew Dunn should go to the widow, to whom Dunn had been married in Scotch fashion before a dentist.

Mexican Legation Ordered To Leave Soviet Russia

(Special to The Guardian) MEXICO CITY, Jan. 24.—The Mexican Government today ordered its entire Legation in Moscow to leave Soviet Russia as a protest against the recent Communist demonstrations before the Mexican Embassy in Washington, Buenos Aires, Argentina and Rio Janeiro, Brazil. The Mexican administration holds that the Moscow Government was responsible for the demonstrations. Announcement of the step was made by Genaro Estrada, Minister of Foreign Affairs. He revealed that the Mexican Minister had been ordered to leave Moscow several days ago. Today the Charge D'Affaires and all others in the Embassy personnel were directed to quit the Russian Capital as an act of protest. Senor Estrada in handing out the written statement to the press made no mention of the status of the Russian Minister to Mexico. The statement said that Mexico does not hold any of the countries where the demonstrations occurred responsible for the happenings. The Foreign Minister refused to amplify the written notice and Alexander Makar, Russian Minister also declined in consequence often seen outside the comment of any sort.

LONDON, Jan. 24.—The birth rate in England and Wales last year was the lowest on record 16.3 per thousand. In 1920, admittedly an abnormal year, the rate was 26.5 and in 1928 was 17.7. The death rate increased from 11.7 to 13.4 so that England and Wales have nearly

Better Hockey In New Brunswick

**BATHURST TEAM, MARITIME CHAMPIONS, FASTER THAN EVER. MONCTON TEAM ALSO STRENGTHENED**

(By W. J. Foley, Canadian Press Sports Writer.)

HALIFAX, N. S., Jan. 24.—Unlike the situation in Nova Scotia, the two teams that played off for the championship of New Brunswick last season, are again leading their leagues by substantial margins and bid fair to stage another home and home series in the semi-finals for the Maritime amateur hockey championship.

A filip of interest was added to the New Brunswick game last season when the Bathurst papermakers, champions of the Northern Section of the Provincial league, took the Maritime championship from the Nova Scotia titleholders, who had held it for five seasons.

Bathurst has started the 1930 season where it ended in 1929 and is undefeated to date in league games, far in front in the Northern League.

In the Southern Section the Moncton Athletics are still well to the fore although they are in a more spirited fight than the Maritime champions. At the present time the Athletics boast a fair sized lead but may encounter plenty of trouble from the rinkless Saint John Beavers, who have not, as yet, hit their best stride.

Both Bathurst and Moncton have better teams than last season. The Papermakers have been bolstered by young Taylor, a husky frontliner

from "Up Above" and Joe Matte, a keen judge of hockey, who is teaching the Maritime titleholders the finer points of the game. Matte took the Halifax Wolverines from the Eastern Nova Scotia League cellar last season and put them in the finals for the Maritime title and plans to go further this season with the team that licked his 1929 charges.

Moncton has added a few players, among whom is Tommy Radford, for years a star in Halifax. The Monctonians are playing better hockey than last season under Coach Brown, a Maritime veteran.

The fight for the Maritime supremacy promises to be much keener this season, with better hockey being played in New Brunswick, Nova Scotia and Prince Edward Island. The Abegweits, of Charlottetown and the Crystals of Summerside are developing young players who may regain some of the glory that the Charlottetown Abegweits boasted some seasons ago, when they won two consecutive Maritime crowns.

Upper Canadian hockey authorities are looking to the Maritime Provinces to provide a finalist in the Allan Cup series this season. Many Upper Canadian hockey coaches have been imported into the Maritimes and this, added to the fact that the Maritimes provided good competition last season in the Canadian championship series, had led hockey leaders to believe that the Allan Cup may go East of Montreal for the first time since the historic mug was first donated.

reached the stage when deaths will equal the number of births.

**"Hell Ship" Is No More**

(Canadian Press) SAN FRANCISCO, Jan. 21.—The gallant old barkentine City of Sydney, once the pride of the Pacific, but later known as the hell ship of the Alaska fishing trade has closed its colorful career in flames on the mud flats of Vistacion Valley. Stripped of what was worth salvaging, the old craft was drenched with gasoline by city firemen and set ablaze yesterday. She was built in 1875.
