RUSTICO.—The people of Rustico rejoice at the many improvements made in their Convent, for it now boasts of hardwood floors in many apartments. This magnificent gift is due to the generosity of a devoted friend of education, the Honorable B. C. Prowse. Messrs. Fennell & Chandler have also shown their generosity by donating material for varnishing the beautiful new floors; and to Messrs. Stanley, Shaw & Bearden they are indebted for a beautiful gallery surrounded by a splendid iron railing. The parishioners unite in tendering hearty thanks to those liberal benefactors of their Convent, for which, owing to their generosity, an era of prosperity has dawned. May they continue to gain the well merited esteem of all.—Com.

PROHIBITION CASES.—Before Mr. Arthur McQuaid, Stipendiary Magistrate for King's County, on Tuesday, the prohibition cases were tried against Drs. A. A. Allan and T. V. Grant, and Mr. J. D. Knight, druggist, all of Cardigan—the first named two, for issuing prescriptions contrary to the provisions of the Prohibition Act, and in regard to the third defendant, for selling liquor contrary to the provisions of the same law. A conviction was obtained in each case, the Magistrate remarking that there seemed to have been a wholesale giving of certificates for the procuring of liquor. Drs. Allan and Grant were each fined \$25 and costs, and Knight, \$100 and costs. Another case against Dr. Grant, on a charge similar to the first, was dismissed for want of evidence. Mr. J. D. Stewart conducted the prosecutions.

HEAVY RAIN.—Quite a lot of rain has fallen in the central part of the island for the past week making good vegetation for the crops which are coming on very rapidly. The cherry trees are beginning to drop their robe of white and gives every appearance of a bumper crop providing they escape the frost which did such havoc last year.—S.

**Thin Folks Who Would Be Fat**

INCREASE IN WEIGHT TEN POUNDS OR MORE

A PHYSICIAN'S ADVICE.

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such result is not impossible, despite past ailments. Thin people are victims of fat nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting to the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to reduce a healthy, normal amount of fat nutrition, processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.
