THE HORSE RACES LARGELY ATTENDED

The Events Give the Spectators a Fairly Good Day's Sport.

ADA MAC WINS EASY IN THE 2.19 CLASS

Slight Accident Happens to May Parkside's Driver in the 2.30 Class--Athletic Events a Special Feature of the All too Short Afternoon's Sports.

The Driving Park grounds were largely patronized yesterday with an expectant crowd from all parts of the Island and many from the sister provinces to witness the 2.30 and 2.19 classes of the horse races.

THE WEATHER FOR TODAY. Fine without much change in temperature.

although there was not much to enthuse there was clean sport and fairly fast time made. The foot races and athletic exhibitors also added entertainment for those in a tendance.

The officers for the horse racing events were: Judges: G. H. Hatch, Boston, starter, J. P. Woodbury, Charlotte town; A. C. Rogers, Summerside; W. S. McKim, Charlottetown.

PROGRAM FOR TO-DAY. 9 a. m. Judging will be recommenced. 11 a. m. Auction Sale Government stock. 1 p. m. Horse races begin. 8 p. m. Lectures on Farmers' Pavilion.

2.30 CLASS.

FIRST HEAT

The horses drew positions as follows, May Parkside, Bonita, Cock of the North, Mike Dempsey, Capito'a, Parker L. At the first turn Bonita secured the pole and held it throughout, while Parker L. made a splendid effort to take second position from May Parkside, but broke twice and though finishing third was set back to fourth. There was no other notable change in positions, the horses

following in the order as given in summary.

SECOND HEAT.

During the first eighth of this heat the horses were pretty well bunched with Bonita leading. Capito'a soon worked into second position and Parker L. third. The balance of the half was chiefly a procession. At the third quarter May Parkside got into third position and here coincided with Capito'a upsetting the driver, Mr. Boutellier, who fell to the ground receiving little more than a shaking up. May Parkside then ran into second position and finished the heat third and was stopped shortly after passing the wire. One wheel of the sulky was badly smashed.

THIRD HEAT.

The third was the prettiest heat of the 2.30 class; while Bonita had no trouble to hold first position throughout, the race was close for second place between Capito'a and Parker L., with Cock of the North a good fourth. These latter three horses were well bunched on the home stretch.

2.19 CLASS.

FIRST HEAT.

In this class there were only three starters, scoring in the following order: Dai y DeWitt, Ruth Wilkes, Ada Mac. At the first turn Ada Mac took the pole. At the eighth mile turn Ruth Wilkes broke and dropped back third. In this order they continued to the finish, Ada Mac being an easy winner, and the three horses came under the wire about two lengths apart.

SECOND HEAT.

In the second heat the horses kept abreast for the first eighth. At the quarter Ada Mac, then in the lead, broke slightly and fell to second place, but soon recovered the lost ground and finished first easy in 2.21, Daisy DeWitt second and Ruth Wilkes third.

THIRD HEAT.

The prettiest heat of the 2.19 class, though not exciting, was the third heat. During the first eighth mile Ruth Wilkes urged forward taking second place from Daisy and for a short time threatened Ada Mac's position, following the remainder of the race a good second. Daisy was a close third until she made a break on the last quarter. The best time of the day was made in this heat, 2.19.

Hennessey third and Stanley fourth. The race was slow but characterized by a fast finish in the last one hundred yards. The time was 5.55, the track of course being slow for running. The Island record in this event is held by D. A. McKinnon of The Two Mares 4 mins. 30 secs.

The hurdle race, next called--The entries were Harley, Philip Duffy, Pat Duffy, Hapenny and H. Stanley, and the winners Ist Phil Duffy, 2nd Hapenny, 3rd Stanley.

ATHLETIC EXHIBITION. The spectators were entertained between the racing events by the highly creditable performances of Lou McIntyre on the horizontal bars and in his Indian club swinging.

There were over six thousand people passed the turnstiles at the exhibition grounds yesterday, besides about five hundred who were admitted through the gates, which brought the attendance up to nearly 7,000.

That is the statement of Mr. Chester Loomis, an old and respected farmer living near here. And Mr. Loomis on to give his reasons for giving Dodd's Kidney Pills all the credit, as follows: "I started to use Dodd's Kidney Pills so used up I could hardly ride and I could not do any work. SURPRISE TO DOCTORS. Most doctors are astonished at the results obtained by Dr. Chase's Ointment as a cure for eczema, skin rheum and itching skin diseases which are often considered well nigh incurable. By word of mouth from friend to friend the exceptional merits of Dr. Chase's Ointment have gradually become known until it is now standard the world over and has a record of cures unparalleled in the history of medicine.

WHEAT FOR THE FAR EAST. SAN FRANCISCO, September 27--Agents of a Chicago grain house are here buying wheat for the eastern market. It is said that 300,000 bushels of wheat have been bought in Oregon and Washington for shipment east, and that 9,000,000 bushels of wheat have also been purchased in Oregon and Washington, principally in the latter vicinity, by eastern buyers for shipment to the east by rail. These western purchasers of wheat, one of the agents is quoted as saying, cannot affect the Chicago grain market. There is a shortage back east for the millers and the purchases on the Pacific coast are simply to supply the urgent demands of the eastern millers.

PROMINENT EXPERTS GIVE THEIR OPINION

On the Great Fruit Show at the Provincial Exhibition--Prince Edward Island Apples are the Peers of the Best in the Provinces.

As substantiated the contention made in another column with regard to the excellence of the fruit show at this year's exhibition, the President of the Fruit Growers' Association obtained the following flattering judgment of Messrs. Vroom and Shepherd, the judges who apportioned the prizes, which The Guardian is pleased to give in their own words.

Mr. Vroom--"I have attended the Maritime Fairs and can safely say that

this fruit exhibit excels them all. The Gravensteins even are up to and better than our Nova Scotia ones. I hope we shall hear no more about P. E. Island not being a fruit country."

Major Shepherd--"I can fully endorse the opinion of my colleague. I may add too that the plum exhibit excels anything I have seen in the Maritime Provinces and is equal to anything I've seen anywhere."
