

Delicate Children
The children cannot possibly have good health unless the bowels are in proper condition. A sluggish liver gives a coated tongue, bad breath, constipated bowels. Correct all these by giving small doses of Ayer's Pills. Genuine liver pills, gently laxative, all vegetable, sugar-coated. We have no secret! We submit the formulae of all our medicines.

THE death occurred at Malden, Mass., on Friday last after a brief illness of Lily Stewart, daughter of the late Alexander Stewart, of Cross Roads. All possible efforts were put forth to prevent a fatal termination of the attack but to no avail and she died in the Malden Hospital to which she had been removed. Her body will be brought home by her aunt, Miss Anna Stewart, and is expected to arrive tomorrow—in which case the funeral will take place from the residence of her uncle, Bruce Stewart, on Wednesday afternoon, to Cross Roads.

MISS ELLA CRANDALL, daughter of Rev. D. W. Crandall, recently stationed at Murray Harbor, and now of Wolfville, after a visit of some weeks at her home there, has gone to Halifax to take the steamer for England en route for Africa, where she will resume her work on the staff of the Winburg academy, Orange River colony. She will meet her sister, Mrs. Dr. Freeman, of Bridgewater, in Halifax, who is there to bid her farewell on her long journey of six weeks. Miss Crandall was one of the first of the Canadian contingent of teachers to go to South Africa and almost the only one still there as teacher.

DURING the offertory at the First Methodist Church yesterday morning Frank Stanley sang a sacred aria with thrilling effect. One of the city's most capable as well as most zealous musicians, music in the city loses heavily in losing Mr. Stanley. Kindly wishes from a host of fellow choristers go with him to his new home in Sydney. The evening service, the choir's portion of it was materially enhanced by the help of Miss Lena Murray. In addition to singing the solo in "Hark, hark, my Soul," by Shelley (the soprano solo being sympathetically rendered by Miss Hazel Freeman) she sang a sacred setting of Denny's "Lullaby." She was in splendid voice and deepened her hold in the hearts of the people.

GAMBLING WITH DEATH
What Many of us Are Doing Three Times A Day.

For everything we get something is taken away. Every act pulls two ways. Some men in power dole out their souls for it. They can't have soul and power at the same time.

And so, in this quick-living age, most of us can't have energy and health at the same time. One or the other must be lost, and it is usually health.
We know we are doing wrong and would like to reform, but we have a morbid fear of being laughed at if we aim to live and eat according to conscience and good sense.

Some of us break away for awhile and enslave ourselves to a diet. We read about the hardy Scotsman being fed on porridge and oatcake, making soldiers of muscle and dash, and how Caesar's army was fed on corn. But the diet doesn't last long. We quickly swing back into the great line, eating and drinking to fullness like the rest, eating anything and everything, at any time, and any way we find it. We say "what is a stomach for if isn't to obey the palate."
But there is really no one rule applicable to everybody's stomach. What one man may eat another may not.

But the dyspeptic should remember that the death list has a dark shadow hovering over it with a long bony finger pointing to "died of heart disease." Physicians will tell us that there are few cases of heart disease that do not come from a stomach derangement.
At every meal we may be brewing for ourselves a terrible case of dyspepsia. It may come upon us after breakfast to-morrow morning, or after that supper to-morrow night.
Acute indigestion means that you have even chances for death or life. That's the gamble you are taking. That precious gastric juice decides, as a rule, whether you continue to live or not.

Therefore, if you feel your food lies like a lump of lead on your stomach, beware! Your gastric juice is weak. It can't dispose of the food in time to prevent fermentation. Take something that will do it effectively, and at once. Take Stuart's Dyspepsia Tablets, the most powerful tablets in the world for the relief of all kinds of stomach trouble, nausea, indigestion, the worst cases of dyspepsia, fermentation, bloaty feeling, sourness, heartburn and brash.
One grain of an ingredient of these tablets will digest 3,000 grains of food. Your stomach needs a rest. At once Stuart's Dyspepsia Tablets will relieve your stomach of more than two-thirds of the work it has to do, digesting perfectly whatever food there is in your stomach.
You can't do your work well, or be cheerful, or have energy or vim or ambition, when your stomach is bad. Make yourself feel good after a hearty meal, feel good all over, clear your mind and make you enjoy life, by taking Stuart's Dyspepsia Tablets.
Give your stomach a rest, so it can rest itself, then you need fear nothing. You can get these tablets anywhere for 50 cents a package.
