arepaid to those who are the most unfortunate that is the advantage life insurance has over any other form of investments.

It is so unfortunate for a man to die young or lose his health through disease, accident or old age.

The Independent Order of Foresters has paid its unfortunate members twenty-four million dollars, and there remains twelve millions that belongs to the members NOT TO ANY STOCKHOLDERS. See the point.

## ORANGE JUICE AND HEALTH
### For Stomach and Skin.

Few of us realize what an important part the skin plays in keeping us well or making us ill.

The millions of tiny glands, or pores, are intended to rid the system of waste matter, which the blood brings to the skin. It is a well-known medical fact that the healthy skin carries off more Urea or waste matter than the kidneys. Just think how much poison remains in the system when there is any skin trouble.

The skin and stomach are intimately associated. Find a person with a dry, harsh skin and you will find one who suffers with indigestion or constipation, and both, usually.

Both may be relieved by a judicious use of orange juice. Both can be cured by taking the juice of an orange every morning before breakfast, and taking "Fruit-a-tives" at night. "Fruit-a-tives" are fruit juices in tablet form. The fresh juices of oranges, apples, figs and prunes are separated from the pulp, and then combined in such a way that the medicinal action is intensified.

Orange juice alone will not cure Skin, Stomach or Bowel troubles. But when taken in connection with "Fruit-a-tives," a positive cure results. "Fruit-a-tives" may be obtained at all dealers or will be sent on receipt of price—50c a box—6 for $2.50. "Fruit-a-tives" Limited, Ottawa.

# GUARDIAN SHORT STORY

(Continued from page one)

The assistant called for a ring with which his master would work a new trick. Mechanically Helen Morgan handed him a magnificent hoop of pearls. Erskine took the ring gravely, raised a silver hammer and apparently smashed the trinket into a thousand pieces on an anvil of curiously wrought silver. Then he produced a sealed casket of water, in which swam a goldfish, and in the mouth of the fish he found the hoop of pearls. But the ring was not returned to its owner by the assistant. Instead, as the room rang with applause, the magician himself walked quietly down the aisle, formed by the parting of many silken skirts, and placed the ring on the girl's trembling white hand. Not even the man with the monocle noticed that the conjurer for an instant held the slim fingers in his with a pressure that threatened to crush them, nor did he dream that within the girl's palm lay another ring at which she dared not look.

Somewhat awkwardly she slipped on her long white glove. She was so deeply engaged in this operation that she did not even see the conjurer as he left the improvised stage. In the privacy of the boudoir hours later she held the conjurer's ring under the light of a blazing electrolier.

"Such an odd—I was almost going to say ugly—ring," she murmured as she slipped it on her finger and turned it this way and that. A diamond, an emerald, an amethyst, a ruby, another emerald, a sapphire and a topaz formed the brilliant half hoop. Then suddenly her cheeks burned crimson. She had read the story of the many colored gems. Their first letters spelled "dearest," the message of the man who had not forgotten his promises.

With her chocolate the next morning came an oddly shaped French gray envelope, bare of crest or monogram.

"Forgive my temerity of last night," ran the message within, "but for years I have been carrying that ring in my pocket, waiting for our meeting. They were the first gems I bought when success came my way, and I gathered them one by one, each perfect in its way and worthy the one woman in all the world. Yet last night I heard you were to marry the Earl of Warburton. If this is true, do what you will with the ring. If it is but an idle rumor, drop me a single word to the Hotel Cecil, 'Come.'"

Erskine laid aside the morning papers, heralding him as the fashionable world's new found idol, to answer a summons to the phone. The voice at the other end of the wire faltered, then grew firm and strong; "Come. I could not wait to write."

**Pythagoras.**

Undoubtedly Pythagoras was one of the greatest men of all time. We know very little of him, but we know enough to warrant us in giving him a place in the front rank of the world's thinkers. He was the first moral philosopher and one of the earliest of the world's mathematicians. It would require too much space to go into the details of the celebrated theory of "numbers," but by "numbers" Pythagoras meant nothing more or less than mathematics, as though he had said, "The first principle of all things, physically speaking, is mathematics."—New York American.

# AGONIZING PILES

## CURED BY ZAM-BUK

Mr. F. Astridge, of 3 St, Paul Street, St. Catharines, Ont., says: "For five years I suffered untold agony with protruding piles. No one knows the suffering one has to endure only those who are so unfortunate as t have them. The pain was so great at times I would almost scream. I went down in weight and had no appetite. I tried everything I heard of for piles, but got no relief. I went to several doctors, but they would give me little hope of ever getting rid of them and I finally gave up in despair. One day a friend gave me a sample of Zam-Buk salve and told me of someone who had been cured. I decided to try it, and the relief I got was encouraging. I bought a box, and the piles kept on diminishing and the pain was getting less. I used three boxes and am now completely cured. I wish I could have got Zam-Buk years ago, it would have saved me a great deal of misery. One thousand dollars would be none too small an amount to give for such a cure as mine. I wish I could convince every sufferer of the value of Zam-Buk.

Zam-Buk cures cuts, burns, chapped hands, cold sores, itch, ulcers, eczema, running sores, catarrh, piles, bad legs, abscesses, face sores, spring eruptions, and all skin diseases. It is good also for rheumatism, sciatica, etc., when well rubbed in. Of all druggists and stores, 50c, or from Zam-Buk Co., Toronto.

### sire of Commodore Ledyard 34,709

He enjoys the rare distinction of having the fastest combined speed inheritance of any stallion yet foaled. He inherits the blood of the kings and queens of the trotting turf having by his sire and dam eight crosses of Hambletonian 10 Commodore Ledyard has developed into a horse of commanding size with grand bone and substance. I will weigh today 1075 lbs. Eleven colts were the result of his first year in the stud here, six of which started in the Futurity race last fall "Arena Bell" owned by Duncan Roberson, N. River won in traight heats defeating the Halifax champion with reserve speed time 1.20. They were equally successful in the show ring winning 1st, 2nd and 3rd prize their respective classes. This record has never been equalled by any stallion ever imported into Canada. The above record proves beyond a doubt his ability to ransmit speed.

There is no better bred stallion in Canada today than Commodore Ledyard.

He will make the season of 1908 at the Park stables, Queen and Euston Sts.

## SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Land in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved may be homesteaded by any person who is the sole head of the family, or any male over 18 years of age, to the extent of one-quarter section 160 acres, more or less.

Applications for entry must be made in person by the applicant at a Dominion Land Agency or Sub-agency for the district in which the land is situate. Entry by proxy may however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of any intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans.

(1) At least six months residence upon the cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires perform the required residence duties by living on farming land owned solely by him not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent in the vicinity of the homestead, or upon a homestead entered by him in the vicinity such homesteader may perform his own residence duties by living with the (father, or mother.)

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

## TOM MEDIUM 30496

(Record 2.16¼) is a raven black with glossy coat, stands 16 hands high and weighs 1250 pounds. He is a pure gaited trotter, good knee action, and is a grand individua at every point, of very strong muscular build with exceptional bone and substance being peculiarly endowed with the blue ribbon habit, carrying with him bunch wherever and whenever shown in the ring competition, thus demonstrating his perfect conformation, breeding, individuality and speed. Tom Medium has no equal in this povince. He has as good a set of feet and legs as ever carried a horse of his substance and rugged conformation. His own excellent individuality and proven race qualities, his bull-dog determination, always trotting his last heats the fastest, will make him a success in thestud.

Tom Medium, 30496, (2.16¼), sired by Riley Medium, 2150 (record 2.10¼ sire of 14, including Bob Riley (2.10), Kate Medium (2.10¾), Keen Cutter (2.13), Nina Medium (2.14½), &c; his son, Happy Riley, sired by Riley B (2.06¾), Tom's G. S. Happy Medium, is the sire of 98, including Nancy Hanks, (2.04), and Massie's Cobb (2.13¾). His daughters have produced 96 including Stam B (2.11¼), Lowline McGregor (2.11¾, Allan Lowe, &c. &c. Queen dam of Tom Medium (2.16¼), also produced Riley S (2.14¾), placing her in the grand brood mare list, Queen being out of a through-bred-mare It will thus be seen that Tom Medium's G S. Happy Medium, 400, is by the father of Trotters, Hambletonian, 10, Lou Dillon's dam was a daughter of Milton Medium (2.25½), his being a half brother of Riley Medium, the sire of Tom. Thus veins are full and rich with the blood of the animals that have gone to the world's trotting record. It has been demonstrated by Lou Dillon (1.58¼), Crescus (1.59¾), and Nancy Hanks (2.04).

Tom Medium will make the season of 1908 as follows
