RY. LINES ALL CLEARED YESTERDAY

Heavy Drifts Encountered Near Bradalbane. Phone And Light Services Disrupted.

After a hard day of snow fighting following Thursday's severe storm, the railway lines of the Province were cleared shortly after five o'clock yesterday afternoon. The train which was held over Thursday night at Bradalbane and which carried 60 passengers, then proceeded to Charlottetown, arriving here at 7:30 p. m. Yesterday's Bradalbane train arrived at 9:40 p. m. Hundreds of snowshovelers were employed yesterday, together with wedge and wing plows, to clear the lines in the western and central part of the Province. The worst section was between Hunter River and Emerald Junction, where the

THE LEAGUE INSISTS ON ARMISTICE

Spokesman Declares, "That This Assembly Takes Measures To Assure Cessation Of Chinese-Jap Hostilities."

(By P. S. Lipsey, Jr., Associated Press Staff Correspondent)

GENEVA, March 4. — The Assembly of the League of Nations unanimously called on China and Japan tonight to negotiate a cessation of hostilities around Shanghai, including withdrawal of Japanese forces. The Assembly spoke in the form of a three point resolution which also provided for assistance in the negotiations from representatives of the great powers. Naotake Sato, the Japanese representative, joined in supporting the resolution and smilingly abandoned an effort to put the movements of Chinese forces within the terms of the proposed negotiations.

The Assembly's action came after the Chinese delegate W. W. Yen, had delivered an impassioned appeal for measures to halt the Japanese military advance around Shanghai, which he declared was continuing, "I insist," he said, "that this Assembly takes measures to assure cessation of these hostilities and the arrangement of a formal armistice." Dr. Yen charged that Japanese troops kept on fighting after an order had been given to cease firing, and the Japanese immediately arose to deny this, asserting that their troops would be withdrawn as soon as conditions warranted. The Assembly leaders proceeded to draft and press through its resolution, which was designed to clarify the situation as to the truth or falsity of an Armistice report and to institute proceedings leading to the retirement of the Japanese forces.

SHIPMENT OF CATTLE LEFT FOR ENGLAND

(Continued on Page 5)

OTTAWA, Ont., March 4.—The first shipment of export cattle from Canada to Great Britain for the present year, left St. John, N. B., today, the Department of Agriculture reports in its weekly review issued tonight. The shipment consisted of 211 head, and went aboard the S. S. Manchester, Citizen. Further shipments overseas are pending which will aid in relieving the domestic market, part of the usual spring load.

N. S. Net Debt Thirty-Eight And Half Million

HALIFAX, N. S., March 4.—Nova Scotia's net debt is \$38,549,722.55, the Public Accounts report, tabled in the House of Assembly yesterday by Hon. J. Fred Fraser, Provincial Treasurer, states. The funded debt is \$47,022,371.78 and the amount borrowed for the Nova Scotia Power Commission is \$13,303,241.54. These are some of the outstanding figures in the report, which consists of 82 pages, giving a number of general statements and much detail for the fiscal year ending September 30, 1931. The net revenue deficit, as announced by Mr. Fraser in a brief statement issued shortly before the House opened, is \$89,990.31 for the year. The total revenue was \$9,124,601.73 and the expenditure was \$8-

Finland Revolt Breaks Out Anew

Fascists Rebels Take Charge Of Town And Sever All Outside Connections—Rebels Continue To Hold Mantsala.

HELSINGFORS, Finland, Mar. 4. —(AP)—The Fascist revolt broke out anew today at Jyväskylä, the Lapua rebels taking charge of the town and severing communications with the outside world. At the same time rebels continued to hold Mantsala, 25 miles from the Capital, where the uprising began nearly a week ago and sent emissaries to President Svinhufvud, but nothing came of their trip.

The Government announced that elsewhere the rebellion appears to have collapsed. The revolutionists have declared they seek elimination of Marxism and Socialism or Communism from the Government of Finland. The Government has maintained that it has similar aims, but objects to the Lapuan military methods.

THIS PORT INCLUDED IN NEW SERVICE

MONTREAL, Que., Mar. 4.—(By the Canadian Press)—A new summer passenger service linking Montreal and St. John's, Newfoundland via the Bras d'Or Lakes, Cape Breton Island, and calling at Quebec, Charlottetown, P. E. I., North Sydney and St. Pierre, Mig., was announced here today by the Newfoundland-Canada Steamships Ltd. In the winter the service will be from Halifax to St. Pierre and St. John's, Nfld.

The service is expected to start on June 1, with the oil burner Belle Isle, now being built in Newcastle-on-Tyne, Eng., making the maiden journey. The Belle Isle, which is 255 feet long, 37 feet wide and with a full load draught of 15 1-2 feet will have a speed of 14 knots.

Provincial Nursing Staff For Nova Scotia

HALIFAX, N. S., March 4.—(CP)—Establishment of a provincial nursing staff to work under the direction of the Nova Scotia Department of Health, was announced in the Legislature today by Hon. Dr. George H. Murphy, Minister of Health. The service would be inaugurated on May first on a territory that has been mapped out for them, having regard to population and geography. There will be six nurses and a supervisor, all of whom will be in direct communication with the department. They will be paid by the government. Outlining their functions, the Minister said their first consideration would be inspection of rural schools. It was in rural sections that their need was most urgent, because in the larger centers hospital facilities were readily available. Rural schools in many ways were breeding grounds for tuberculosis and it was the hope of the department that by an intensive rational examination of each child to detect cases and by a process of isolation prevent spread of the disease to other children.

FLASH

MONTCTON, N. B., March 4. —(CP)—Horace E. Fawcett, prominent citizen of Sackville, N. B., and son of the late Charles Fawcett, stove manufacturer, died at his home tonight. 194,592.04. The total deficit, allowing for payment of sinking fund instalments, is \$404,834.68.

HEENAN SCORED BY MINISTER OF RAILWAYS

Former Minister Of Labor In King Gov't. Called To Account By Dr. Manion.

(Canadian Press)

OTTAWA, Ont., March 4.—What the government proposes to do in its 10 per cent salary reduction bill with employees known as "prevailing rate," was an insistent question put by opposition members to the Minister of Finance, Mr. Rhodes, in the House of Commons today and to which no information was vouchsafed in reply. The matter arose when Ernest Lapointe (Lib. Quebec East) directed the Minister's attention to the reduced wage rates which had become effective on the Lachine Canal on February 18. What would be their status under the reduction bill, he asked. The bill would take care of them, the Minister answered. However, R. J. Manion, Minister of Railways, rose to explain that the reductions were not part of the Government's 10 per cent plan, but were enforced by his Department in order to bring the wages of the employees affected into line with "prevailing rates." His declaration provoked a stir from the opposition, who chose to discern contradiction between the statements of the Ministers. Peter Heenan (Lib. Kenora.) criticised the Government for violating its own statutes, and recalled that the principle of "prevailing rates" was not applicable in districts where "prevailing rates" did not produce a living wage. Now, apparently, the Minister of Railways having cut existing wages proposed, through the reduction bill, to make further decreases. Mr. Heenan's speeches, retorted Dr. Manion, contained more irresponsible statements than those of all the rest of the members put together. He had made declarations that were untrue, he had been disowned in his own town of Kenora by the town council, the Canadian Legion and the Board of Trade. If he was not thick skinned he would have been ashamed to speak again after having been shown up last week by the present Minister of Labor. Interjections and cries of "order" ensued, and considerable cross fire was engaged in between Dr. Man-

(Continued on Page 5)

Will Be Hard Hit

TOKIO, Japan, March 4.—(By the Canadian Press)—Canada's decision to impose higher import duties on rayon textiles, cotton textiles and silk-cotton mixed cloth with the object of preventing dumping by foreign countries, due to decline in exchange rates, has been a severe blow to these industries in Japan. The new duty virtually prohibits the entry of the affected textiles into Canada. The export of rayon textiles from Japan to Canada has grown recently to considerable volume, as exporters had been concentrating on that trade because of the decline in exports to British India and South Africa. The new tariff on rayon has been fixed at \$1.25 per pound. This export of inferior articles of this material will be chiefly affected.

Carol And Helen Will Soon Remarry

(Special to the Guardian)
FLORENCE, March 4.—King Carol of Roumania, and his divorced wife, Princess Helene who divorced the King while he was in exile with Magda Lupescu is now in Florence. The newspaper said she had received Carol's offer of reconciliation.

The Princess is the mother of Crown Prince Michael of Roumania. She refused to be reconciled with Carol when he returned to the throne after spending years in exile.

MOTHER AND 5 CHILDREN DIE IN FIRE

(Canadian Press)

ST. JOHN'S, Nfld., March 4.—Trapped by flames that destroyed their home early this morning, Mrs. Robert Best and her five small children were burned to death at North West River, Labrador. News of the tragedy reached here this afternoon by wireless in a message received by S. R. Oakley, manager of the Hudson's Bay Company at St. John's. The father and eldest son were away from home trapping at the time of the fire, the message stated. Another son aged sixteen was awakened by his mother's calls. Rushing through the flames he made his way out of the house and sought help from neighbors, but when they arrived it was too late to render assistance. The wooden building was enveloped in flames which blocked Mrs. Best and her children from possible escape and the neighbors from entry. The only other child of the family, a girl of eight years, happened to be spending the night at a neighbors. The cause of the fire was not ascertained.

Journalist Dies At Halifax

HALIFAX, N. S., March 4.—W. A. Mills, formerly Editor of the Halifax Herald for 21 years, died here this morning after an illness of several months. Although 79 years of age, he rallied this week following three surgical operations and returned from the hospital to his home, apparently recovering. He retired from newspaper work about twenty years ago. He was born at St. Peter's, Prince Edward Island. After completing his secondary education on the Island, he came to Halifax to study Arts and Law, graduating from Dalhousie University.

For a number of years after graduation he preached law in Sydney and Halifax, associated with the legal firms of Foster, Foster and Mills and Bell and Mills. Journalism had many attractions for him, however, and before many years he received the appointment as Editor of the Halifax Herald. He is survived by his wife, who before her marriage was Alice Jones of the Island of Jersey, and five daughters: Mrs. H. R. Mahar, wife of Dr. Mahar, of Orange, Mass.; Mrs. Brewer Robinson, of Summerside, P.E.I.; Mrs. D. J. Strachen and the Misses Dorothy and Edith Mills, of Halifax.

FLASH

MONTREAL, Que., Mar. 4. (By the Canadian Press)—United States money today reached its lowest point since last November when it dipped to a premium of 12 per cent on the Montreal market. The close was at 12 1-16 per cent, comparing with 12 17-32 yesterday.

Trouble Develops In Manchuria

Reports Of Insurrection Against The Manchurian Federation Formed Under Jap Auspices Recently—Japanese Brigade On The Way.

(Canadian Press)

TOKYO, Mar. 4.—A Japanese brigade in northeast Manchuria left Impeno today over the Chinese eastern railway and arrived in Hailin. The brigade under General Amano was enroute northward for the express purpose of putting down insurgents against the new federated Manchuria. The Japanese planned to proceed on foot from Hailin.

Reports from Hailin today said insurgents there had fled before the Japanese arrived and that the Japanese prepared to advance to Ninguta. Meanwhile there came other reports of insurrection against the Manchurian Federation formed under Japanese auspices during February.

A Regno (Japanese) news agency dispatch from Manchuria said that a revolt against General Ma Chan

TWO OFFICIALS C.N.R. RETIRE

(Canadian Press)

MONTREAL, Que., March 4.—Announcement was made tonight of the retirement of two prominent traffic department officials of the Canadian National Railways, H. H. Melanson, assistant traffic vice-president and Thomas Lorne MacDonald, freight traffic manager central region. The retirement of Mr. Melanson, concluding 43 years service, is effective March 9, and that of Mr. MacDonald, which terminates 45 years service on March 15. H. H. Melanson was appointed assistant traffic vice-president, Canadian National Railways, with headquarters at Montreal, on January 1st, 1930. His retirement concludes a lengthy period of railway experience. Descended from Acadians who settled at Port Royale in 1680, he entered the service of the Intercolonial Railway at Moncton, N. B., in 1889 being then described as "assistant to the Junior Clerk" in the mechanical department. Three years later he joined the passenger department of the Intercolonial Railway and in 1899 was promoted to the position of chief clerk of that department. After becoming general

Is Jailed, Overstayed Leave

LOS ANGELES, Cal., Mar. 4.—An Australian, who was shown defending the United States flag on a poster to encourage enlistment for the world war, is in the county jail here for overstaying his leave as an alien visitor to the United States.

Arthur Shirley, the Australian, played the soldier-hero in "The Fall of a Nation" and scenes from this film were used for recruiting purposes.

After producing pictures in England and Australia, Shirley returned here November 30, 1930, entering with a visitor's visa entitling him to a six months stay. He was granted one six months extension, but immigration officials said they never received a second application. Shirley said he mailed the papers and they must have been lost. "If they deport me, it will ruin my life," Shirley said. "I came here to produce a series of pictures to be called 'The Truth About Hollywood' depicting the better side of the film city."

He has asked the government for another six months extension in which he hopes to get a divorce and then marry his fiancée in Canada.

LINDBERGH'S MAKE OFFER TO KIDNAPPERS

Would Deal Directly And Confidentially With Abductors Of Their Baby Son—Are Only Interested In His Safe Return.

(By Francis A. Jamieson, Associated Press Staff Writer)

Copyright, 1932, By The Associated Press

HOPEWELL, N. J., Mar. 4.—An offer to deal directly and confidentially with the kidnapers of their blue-eyed young son was made personally today by Colonel and Mrs. Charles A. Lindbergh.

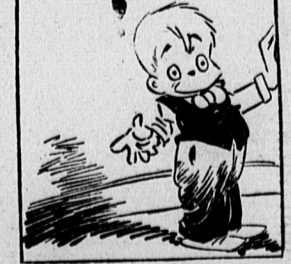

Just sixty-two hours after the child was stolen from his sick bed the two anxious parents, who had seen a mountain of clues and leads fade one by one into insignificance, signed their names to a typewritten statement. It pledged them not "to try to injure in any way those connected with the return of the child," and to observe faithfully any promise the kidnapers, emphasizing that the Lindberghs' only interest was in the immediate and safe return of their baby son, made it clear that their willingness to meet a \$50,000 ransom demand had failed to obtain any response. The appeal, the first to bear the Lindberghs' signatures, read:

(Continued on Page 5)

WASHINGTON, Mar. 4.—The House ways and means Committee today approved a manufacturers sales tax with a rate of two and one quarter percent. It was designed to raise between \$600,000,000 and \$625,000,000.

The Weather, etc
