BASEBALL

The fastest game of the Junior League played thus far was witnessed Friday when the Tigers lost to the Canadians by the close score of 17-15. The game was close from start to finish. The Tigers holding the lead by a score of 7-1 in the second, but the Canadians came from below and patched things up.

Lineup:

Tigers	Canadians
E. Biggar	Catcher
F. Acorn	J. Squarebriggs
R. Dalziel	Pitcher
A. Hale	1st Base
G. Nelson	F. Carbonell
F. Forsythe	2nd Base
E. Steinford	T. Holl
C. Matheson	S. Nicholson
G. Bennett	3rd Base
	E. Ward
	Short Stop
	A. McMillan
	Fielders
	Dickinson
	Bears
	Saunders
	Next game Monday, Canadians vs. Senators.

Workman Gets News of a Fortune

(Canadian Press)

SHEFFIELD, May 21.—Harry Taylor, of Fox street, Sheffield, has received the news that he is heir to \$200,000 left by his uncle, Martin Arthur Burke, who has died in Australia. He noticed the news of his uncle's death in a newspaper, and was one of a hundred applicants who made claim to the money. The bank has told him that his credentials are satisfactory and that the money will be transferred to him.

"I was always a nomad," said Mr. Taylor. "I was born in Sheffield, went to sea, have traveled twice round the world, joined the Royal Engineers and was for some time in South Africa. I work for a firm of motor engineers in Sheffield. I think I shall live at Scarborough, where I can hear the sound of the sea."

Woman Has Sailed 1,100,000 Miles

(Canadian Press)

BELFAST, May 21.—Mrs. William Reed, the wife of a sea captain, is believed to be the world's most traveled woman. She has a record of having journeyed 1,100,000 miles. Although she has rounded Cape Horn 17 times she has never passed through the Straits of Magellan. She has crossed the line 108 times.

ADDRESS AND PRESENTATION TO MR. AND MRS. EDWIN McQUAID AND FAMILY

A very social event took place at Elliott Vale when the people of that place and neighboring districts assembled at their home on Friday, May 9th, to bid farewell to our most esteemed citizens Mr. and Mrs. Edwin McQuaid and family.

Dancing was indulged in till the wee sma hours of the morning. The excellent music being furnished by Mr. and Mrs. P. J. Broth-ers, Fraser Bros. Messrs. J. McLellan, J. O'Halloran, D. Pratt and Artemas Cain. An enjoyable supper was served by the ladies. After which all repaired to the parlor where the following address was read by Mr. Leo Doyle, teacher and a purse presented by Mr. John McLellan.

Mr. and Mrs. Edwin McQuaid and family:

Dear Friends, It was with feelings of most profound regret that we learned some time ago of your intended departure from our community. The ever moving hand of time has crept slowly forward and it is now approaching closely the appointed hour. We feel that we cannot let this occasion pass without trying to impress upon you the genuine sorrow we experience at your departure. You Mr. McQuaid came among us some years ago, a stranger, but as such you did not long remain. By your constant devotion to the principles which stand the foundation of human society, you have won the affection and confidence of all our hearts. Your most esteemed partner, we have known from childhood, and it is only now, as together with your family, you go from our midst that we realize now, strongly the ties of friendship, which bind you to us have grown. It is not necessary to recount here the many ways in which you shall miss us. It is sufficient to say that your names will ever remain unobliterated upon our hearts, as a sparkling gem in the golden crown of memory.

We ask of you to accept this little gift as a remembrance of us, accompanied as it is by our very best wishes for prosperity and happiness in your chosen sphere. May the same good fellowship which you have ever shown to us be returned to you, and may success attend your every effort. These are the parting wishes of your hosts of friends in Elliott Vale and vicinity.

Mr. McQuaid although completely taken by surprise responded in a few well chosen words thanking each and every one for their kindness and promising that in no matter what sphere of life their lot might be cast they would always remember the good kind people of Elliott Vale and vicinity.

Cooks Strike in French Capital

PARIS, May 21.—The strikers of Paris cooks became livelier today with the advent of determined attempts to provoke further walk-outs, notably in tourist centres about the Place de l'Opera and the Rue Royale, where there are many famous restaurants.

The walking delegates were successful in only one place. This was a small hotel just off the large boulevards, possessing a bar known to almost all tourists, where they induced six cooks to drop their ladles. Several strikers were arrested for interference but were later released.

QUEEN HOTEL

Water Street, Charlottetown

This popular Hotel has been completely renovated and refurbished throughout and offers very comfortable accommodation to the traveling public.

The table is especially good and the public are courteously cared for.

Rates \$3.00 a day.

HOLM.—At DeLage on May 16th, 1924, John Holm, aged 68 years.

Woodstock Horses Are Showing Class

WOODSTOCK, May 21.—Oro Pino, 2.034, which has the distinction of being the first community owned fast record pacer brought east, has become the property of the Edmundston Driving Club, on whose behalf J. W. Hall, of Ed-Edmondston, brought him last week.

In 1918 Oro Pino was the star pacer of Thomas W. Murphy's Grand Circuit stable, and when the Woodstock Driving Club brought him here several years ago he was a star and a great attraction. Last season he "came back", after a long layoff, and showed his old speed in a couple of races, being considerably better than a 2.10 pacer.

Oro Pino has lately been owned by a syndicate headed by James W. Gibson, former president of the Woodstock Driving Club.

Dan Hedgewood, 2.044, the Woodstock Driving Club's free-for-all pacer, holds the training record for the Island track so far this season. He has been a mile in 2:35 for Fred Cameron, the club's trainer, looks more rugged than last year and his legs look to be in better shape, too. The Club Swift, 2.114, another of the club's pacers, has been a mile in 2:36 and the Cameron stable should be in good shape for the opening of the season.

R. H. Brett, 2.034, is taking kindly to association with Clarence Shuman, his new trainer, and the tough old battler from New England is expected to be a big factor in down east junior free-for-alls this year. The Shuman horses are in good shape and getting lots of work, as are those of Trainer Langille and the other stables located at Island Park, which has given Woodstock trainers the benefit of much early season work this year.

TEACHING THE OPERATORS

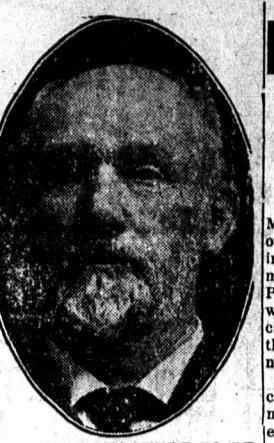

Automatic telephones may be on the way, but meantime the human element in telephone operation makes progress. According to The Blue Bell, house organ of the Bell Telephone Company of Canada, instruction in the proper enunciation of words is going on, with a woman teacher, who brings the last sound in distinctness from the operators. They are reminded that "your voice is you." When speaking face to face the movement of the lips is visible and aids in understanding, but over the wire the sound is everything.

So the young woman at the end of the room is heard making strange sounds, and the class repeats them after her, like this: "Ooh! Ooh! Ooh! Ooh! Ooh! Ooh!"

Then, as if that were not enough, the class goes over sentences like this, which should be a delight to a youngster just entering the teen and curiosity age!

Should such a shapely sash such shabby stitches show.

She is a thistle after and she has a sieve of sifted thistles and a sieve of unsifted thistles because she is a thistle sifter.

DEAN OF LEGISLATURE TO BECOME REGISTRAR.

Hon. Thomas Crawford, veteran member of the Ontario Legislature, who has sat in the House continuously since 1894 who, it is understood, will accept the position of Registrar of Deeds for Toronto left vacant by the death of J. W. Curry, K.C. He is an ex-speaker of the Ontario Legislature and is a Minister without portfolio in the Ferguson Government.

Canadians in London

The Office of the High Commissioner for Canada in London Week by Week

During the week ending 7th May, 332 visitors called at the office out of which 230 obtained interviews and 90 registered.

The Canadian Government are completing arrangements for the taking over of the recently purchased Union Club building in Trafalgar Square. The High Commissioner for Canada will probably take possession this week and it is expected that the work of alteration will begin immediately.

The Ministry of Agriculture and Fisheries has reopened the ports of B. Greenhead, Glasgow and Bristol for the landing of Canadian Store Cattle. The High Commissioner has notified the Department of Agriculture at Ottawa of these changes. Manchester is at present the only port at which Canadian Store Cattle cannot be landed. It may be some weeks before it is available for the purpose.

The Board of Agriculture of Scotland has informed the High Commissioner for Canada that a Conference on Potato Culture is to be held in Edinburgh on August 20th and 21st. The Conference has been arranged for this year in the hope that agriculturists and others interested in potato culture who may have come to England from the Overseas Dominions for the purpose of visiting the British Empire Exhibition may be able to attend. Full information regarding the Conference may be obtained from the Secretary, Board of Agriculture for Scotland, Edinburgh.

The High Commissioner for Canada has despatched to the Department of National Defence, Ottawa, four cases containing the silver plate and trophies formerly belonging to H. M. S. "Dominion" which had been presented by the Admiralty for the use of the Canadian Naval Service.

The Ministry of Agriculture and Fisheries has notified the High Commissioner for Canada that the Canadian Cattle (Marking) Order 1923 has been revoked and a new one issued which comes into operation on May 15th, permitting branding of the letter 'C' on the right cheek of Store Cattle instead of on the hip as hitherto. This change has been brought about owing to the fact that the branding on the hip damaged the hide.

The Canadian Official Mining News Letter sent out to the Press last week consisted of an article entitled "Recent Mining Developments in East Kootenay B. C." written by Mr. A. H. A. Robinson of the Mines Branch of the Dominion Department of Mines. This Office has now in preparation another News Letter based on an article prepared by Mr. L. H. Cole of the Mines Branch, dealing with Magnesium Sulphate and Sodium Carbonate deposits in western Canada.

There has been a notable increase in the number of calls on the London Trade Commissioner's office from visiting Canadian business men since the opening of the British Empire Exhibition. Their object is to make connections with firms who deal with the particular commodities which the enquirers either manufacture or wish to export from Canada. As a result of a systematic canvass and investigation regarding the potential market for many Canadian products the five Trade Commissioners' Offices in the United Kingdom are already in touch with several thousand importers whose requirements have been carefully classified. The Commissioners are thus able to give introductions and supply information the practical value of which is apparent and appreciated.

A London firm of brokers claiming close association with the South Wales tinplate industry and trade, have called the attention of the London Trade Commissioner to the fact that between thirteen million and sixteen million boxes are purchased annually for packing tin-plates. They suggest that Canadian manufacturers of box shooks might like to quote for this business. It has been ascertained that a hard-

N. S. LIBERALS DESERT PARTY

(Canadian Press)

LIVERPOOL, Queens Co., N. S., May 21.—W. L. Hall, K. C. leader of the Liberal-Conservative Party in Nova Scotia and J. Roy Gordon, manager of the MacLeod Pulp and Paper Company, Limited, Milton, were this afternoon unanimously chosen to contest this county in the interests of the party at the next provincial elections.

The Liberal-Conservative county convention, called for this afternoon, was a record one, and in every way successful. There was an unusually large attendance, with delegates present from all districts in the constituency.

The large attendance was taken as an every sense expressive of the sentiment of the electorate of Queens. One of the outstanding features was contributed in the outspoken expressions of a number of those present, who in the past have not been in sympathy with the Conservative party. Similar expressions from former Liberals featured the annual county Conservative convention a few days ago, and a repetition of that attitude on the part of several here today, is taken as an indication of certain change in the party fortunes of the provincial government.

SUN YAT SEN

Whose death is reported, ruled in Southern China. He was a well educated and clever man. In the early days of his agitation for the establishment of a republic in China he was a noted world figure, and toured many countries, including this, addressing meetings of Chinese and many others who were interested. The Chinese monarchical government of those days put a big price on his head. He lived to be the public president of the Chinese Republic, but was later ousted and for the last few years was hostile to the central government of that country. Dr. Sun Yat Sen has read obituary notices and stores of himself several times.

Can. Minister

(Continued from Page 1)

may produce complications since if a crisis were to arise the federal government would be compelled to deal with the independent representatives of the various dominions who had special ministers as well as with Britain herself.

The United States is also believed to be nervous about consenting to such an appointment and may possibly revive her demand for production of the strongest possible proof that the interests of Free State require separate representation and are not seeking to name a minister plenipotentiary solely as a local political move.

Western Guardian

—REINSTATED.—Mr. Matthew Richard, former caretaker of the Armouries in Summerside, has received word to the effect that he is to be reinstated in the position and will take charge shortly.

—EX-PREMIER JOHN H. BELL was operated on for mastoid in hospital in Montreal in the early part of last week and it is pleasing to note that he is getting along very satisfactorily.

—A PRIZE WINNER.—Mr. Emmet Quinn, salesman with Holman's Ltd., Charlottetown has received notice that he was one of the prize winners in a competition recently conducted by Simmons Ltd., Montreal. Mr. Quinn's article was in the form of a sales talk, open to all bedding salesmen in Canada, on the Simmons bedding.

—GOING BACK HOME.—Mr. Arthur E. Jarvis, who came here last autumn from Scotland to learn the fox business and has been stopping with Mr. Victor Travers at the ranch of Mr. J. W. Callbeck is leaving this week for Montreal. He will take passage from that port on the 29th inst., by the C. P. R. Steamship Metagama on his return to Scotland. He will take a number of foxes back with him. Mr. Jarvis made many friends during his stay in Summerside who will wish him every success in his fox undertaking in the Old Country.

GOT HIS ANSWER.

The inspector was paying his monthly visit to the village school. He examined the children in reading and general knowledge, as was his custom, and was very pleased with the answers he received. After the last question had been asked and answered satisfactorily, he rose to his feet and, looking slowly round on the upturned faces, remarked genially: "I wish I was a little boy at school again." He allowed a few moments for this to sink in and then added: "Do you know why I wish that?" For a moment or two there was silence, and then a childish voice from the back of the room was heard to say: "Cos youve forgot all you ever knowed."

More Amendments

(Continued from Page 1)

branches of that sect, the Wesleyans, Primitives and United.

A scheme which is being now evolved and presented at a conference of the three branches which meet here during June and July.

The proposals include the following:

1st After ten years service ministers shall receive a common minimum payment for the first five years.

2nd Each church will be allowed to adjust its financial arrangements and its funds but a thanksgiving fund of one hundred thousand pounds shall be raised in order to meet special deficits arising out of the amalgamation and the adjustment of the several funds.

wood box is required, neither spruce nor Douglas Fir being suitable, so low-grade birch or similar wood is suggested.

The Bristol Trade Commissioner reports to the High Commissioner's office in London that the official figures relating to trade between Canada and the port of Bristol for the calendar year 1923, show an increasing importance of Bristol as a port of arrival and distribution of Canadian products. The total imports from Canada (371,636 tons) are double the somewhat depressed aggregate of 1920, and imports of grain of all kinds from the Dominion have advanced from 190,767 tons in 1920 to 313,332 tons in 1923.

The High Commissioner for Canada in conjunction with the High Commissioners of the other Dominions is giving his support to a Committee which has been formed in London to organize an Association of Artists from British Dominions. The Association would have for its object the bringing together of the various artists from our Dominions when visiting London so that they may have a home in which to meet and become better acquainted with each other. The preparatory work is now completed.

The Annual Conference of the Universities of Great Britain and Ireland will be held at Wembley on the 10th May. The subjects for discussion have been selected with a view to interesting Overseas visitors. The High Commissioner's Office has been notified that a Ball will be held at the Hyde Park Hotel on May 19th in aid of the Enham Village Centre for Disabled Ex-Servicemen, and it is hoped that many Overseas visitors will be present.

Mr. W. W. Chapman, F. S. S., who has been engaged for over thirty years in the selection of Stud Stock for Home, Colonial and Foreign Breeders and Buyers, will be pleased to arrange for visitors to the British Empire Exhibition to visit and inspect pure bred Stud, Flocks and Herds in Great Britain, either individually or in parties, on application being made to him at his Office, 4 and 5 Mowbray House, Norfolk Street, Strand, London W. C. 2.

Case of Home

(Continued from Page 1)

ernment counsel that the depositors have no legal claim against the government but it was also productive of the statement by depositors' counsel that no such claim is being made. R. J. McLaughlin, K. C. counsel for depositors, informed the commissioner that there was no legal claim but under ordinary principles of justice the depositors had a moral, equitable right. The petition of the depositors was based on the view that the crown was necessarily just and that the presentation of a fair, equitable claim would meet with justice.

H. J. Symington, K. C. one of the government counsel took the ground that a compassionate plea was not a matter on which the commissioner should make a finding. It was essentially a matter for parliament to decide. He thought the commissioner must indicate that the cause of failure was the reckless management of the bank.

Prof. MacMechan was Elected Vice-President

(Canadian Press)

OTTAWA, May 21.—Lawrence Burpee, Ottawa, was elected National President of the Canadian Authors' Association here today. James Tremblay, Montreal, was elected secretary and Charles Morse, Ottawa, treasurer. Dr. Archibald MacMechan, Halifax, was elected a vice-president.

Gas In The Stomach Is Dangerous

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Such stomachs are dangerous because they cause too much acid to irritate the delicate lining of the stomach, often leading to gastritis accompanied by serious and chronic ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious ailment or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Eucalypti Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloating out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation. Eucalypti Magnesia is a painless, non-toxic, non-harmful (in milk or milk form) is harmless to the stomach, and never takes out of the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

ENORMOUS CONSUMPTION OF SOFT DRINKS

Prohibition has resulted in a steady gain in the consumption of bottled non-alcoholic beverages during the past five years, according to a survey made by The Progressive Grocer. During the past year alone there were sold 8,000,000,000 six-and-one-half ounce bottles, an average of seventy-five bottles of soft drinks for every man, woman and child in the United States, the largest year on record.

The increased popularity of these beverages, as the writer points out, is not alone due to prohibition, but also to the fact that bottlers are producing superior products, more refreshing and having actual food value.
