"By Nala"  
Mrs. Joseph Wadman was a recent visitor to Cape Traverse, P. E. I.

Misses Beulah Robinson, Vera Leard and Mr. Archie Robinson were visitors to North Tryon Arena Tuesday evening and enjoyed a fine skate on Mr. Poole's Excellent rink. Mr. John Carr also attended.

Mr. Lloyd Howatt of Tryon Pt. Road, passed through Augustine Cove Wednesday afternoon.

Mr. Wilfred Carr of Clyde River, is at present visiting in Augustine Cove the guest of Mr. John J. Robinson.

Mr. J. Erie Thompson of North Tryon, passed through Augustine Cove Wednesday afternoon.

Miss Alice Best and brother, Mr. Gerald Best of Crapaud, were visitors to North Tryon Tuesday evening. Also Miss Winnifred Best.

The Augustine Cove Orphanage Auxiliary met at the home of Mrs. Harry Inman, Tuesday afternoon with thirteen in attendance, afternoon was pleasantly passed as usual. Dainty refreshments were served by hostess and other lady members of the society. Later in the evening several piano selections were heartily enjoyed by all which were selected by the Misses Inman and Dobson.

The friends of Mrs. Norman Allen are pleased to know that she has recovered from her recent illness.

Well it does look like summer again, only the ground is red and grey, and some places white. We have had the pleasure of seeing a few cars splashing along the road this week, a remarkable winter season, I'll say, cars running in February. Very rare, Eh, what do you say.

Mr. Brenton Clarke and Miss Muriel McFadyen motored to Bowden Monday evening.

Mr. Earle Clarke was a visitor to Summerside Monday evening and attended the hockey match while there.

Messrs. Archie Robinson and Milton Carr were visitors to Crapaud Monday evening.

Mr. Richard Lord of Tryon, passed through Augustine Cove Wednesday afternoon.

Miss Mary Inman was recently visiting at Cape Traverse the guest of her cousin Miss Doris Campbell.

The friends of Mrs. S. C. Clarke are pleased to know that she is much improved after her recent illness.

Mr. Hillard Francis was a visitor to Carleton Place Wednesday afternoon. Also Mr. Arthur Oliver.

Mr. Kenneth Holmes of Victoria, passed through Augustine Cove Wednesday afternoon.

Miss Beulah Robinson has returned home again after a very enjoyable visit with her Aunt, Miss Etta Cann, of Crapaud.

Mr. Archie Robinson was a visitor to Crapaud Monday evening.

Mr. Earl Francis was a visitor to Crapaud Monday evening.

**Annual Meeting Abegweit I. O. D. E.**

The Annual Meeting of the Abegweit Chapter of the I. O. D. E. took place on Feb. 24 and was largely attended, and the members present made plans for the coming year's work. A splendid spirit of loyalty and good fellowship prevailed. The following officers were elected for the coming year:

Regent, Miss Mary Hunt; 1st Vice, Mrs. H. T. Holman; 2nd vice, Mrs. Annie Somers; Treasurer, Mrs. F. J. E. Wright; Sec'y., Mrs. J. S. Perry; Standard Bearer, Mrs. Wilfred Leckie; for Councilors, Miss Gladys Holman, Miss Burrows, Miss Floss Hunt, Miss Wanda Wyatt and Mrs. T. Jackson. The following reports were submitted: Madam Regent, officers and members—10 regular meetings were held among the year with an average attendance of 15. 3 executive meetings were also held, one in April to consider a Soldiers Settlement case and we spent \$15.00 in coal and groceries for them. The second meeting to consider our part of the Confederation Jubilee and another to arrange for a Bridge. In March we had a paper on Maritime Rights by Mrs. J. S. Perry. In April a paper on the Duncan Report. In May Judge Arsenault spoke to us on "The Red Cross" and we were asked to conduct the drive for funds and 10 teams of 2 ladies each were appointed to canvass the town, and the result was all or more than was expected. In June we made arrangements to place a Tablet on the monument of Hon. W. H. Pope, one of the Fathers of Confederation in the cemetery, as our part of the celebration and the members drove out on July 1st in procession. We had a very impressive service. Mrs. Neil McLeod speaking on the life of the Hon. Gentleman, our Regent, Miss Hunt,

unveiling the tablet. Prizes were given for Essays on Confederation written by pupils in the three upper rooms of the schools. We also had a successful Bridge at the Cabaret, through the kindness of Mr. and Mrs. Henry Gaudet, who loaned us the rooms free of charge. In June we held a rummage sale. We were represented at our National Convention that was held in Winnipeg by Mrs. Island. The report being read at our first meeting in the fall.

Paul Kollins came for another recital in July. We renewed our membership in the League of Nations Society and the Child Welfare Society of Canada on Oct. 17th. The members of our executive were invited to have luncheon with the executive of the Royal Chapter in Charlottetown. The luncheon was served in the Willingdon Dining Room and quite a number of important questions were brought up and discussed. The War Memorial, Over Seas Scholarships, Educational Work in India, the founding of Observance of Armistice Day and a museum for the Island. In Oct. we made plans for Armistice Day and sale of Poppies and contributed towards the fund for a painting of Mrs. Clark Murray, the founder of our "Order". Fifty I.O.D.E. calendars were distributed, thirty seven being sent to schools in Prince George County.

In Nov. we held our Regular Book Tea—which was very successful. Plans were made for remembering the Soldiers' family for Christmas. Mrs. Neil McLeod reported attending a committee meeting in Charlottetown, in connection with the Museum idea. She and Mrs. Matheson of Charlottetown were waiting on members of the Government to see if the Confederation Charm could be secured for that purpose. They were cordially received, and told that when Baldwin and King were here in the summer, they were delighted with this room and it was suggested by Premier King that a central room of this kind should be in every Province, and it is to be hoped that this fine historical room will be given over for that purpose. Mrs. McLeod also attended a meeting of the Overseas Scholarship Committee and reported that Nat White, our Overseas scholar (at present attending Oxford) would be given two years in that college, thus enabling him to take his degree from there. In January we also held a Bridge in the Gentleman's Club rooms and the sum of \$30.00 realized. We have the largest membership in the History of the Chapter reported this year and more coming in, showing that we are a worth while order and doing a much needed work. The Library is our big task and we hope with the help of our citizens, to keep it going until the town is ready to take it over. The Report of the Library follows.

Respectfully submitted,  
ELIZABETH PERRY  
PUBLIC LIBRARY REPORT

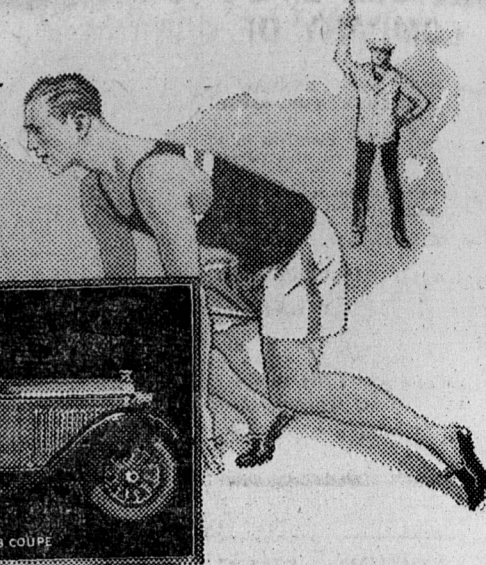

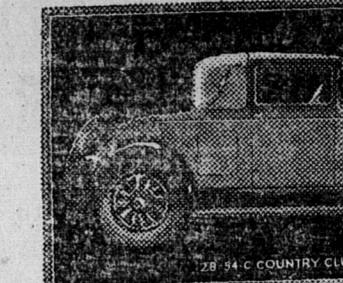

The Summerside Public Library, the chief activity of the Chapter, still maintains its high standard and this fact is encouraging to the committee.

The usual McGill Travelling Librarian is received every three months and are a valuable addition to the permanent collection. More than sixty books were contributed during the year, the bulk of these at the Annual Book Tea.

This year again fifty dollars' worth of new books were added to the shelves of the Juvenile and Main Library.

Seventeen periodicals are available to all readers—including English Illustrated London News, My Magazine, Scout, Overseas Magazine, American American Magazine, Atlantic Monthly, Saturday Evening Post, Boy's Life, American Boy, Popular Mechanics, Canadian Canadian Magazine, Montreal Witness, (weekly), MacLean's, Dalhousie Review, Echoes (I.O.D.E. organ), Canadian Home Journal, Toronto Saturday Night.

**Eager on the Getaway First at the Finish**

STUDY McLaughlin-Buick in action and you see the results of McLaughlin-Buick's keen and constant attention to engineering.

The fundamental reason for the ample power of the McLaughlin-Buick engine is its valve-in-head construction. In this type of engine, the full force of the explosion is concentrated directly upon the piston, for the combustion chamber fits exactly over the valve-in-head design, which requires no irregular-shaped chamber to accommodate the valves, can this effect be obtained. That is why the valve-in-head engine is the most powerful, per cubic inch of displacement, ever devised. In McLaughlin-Buick for 1928 this famous valve-in-head engine is further improved by a Counter-balanced Crankshaft, Torsion Balancer and many other mechanical refinements.

The G.M.A.C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.
