**Travel 10,000 Miles To See Sick Mother**

LOWELL, Mass., Jan. 21.—(CP)—Sickness united a family scattered thousands of miles across a continent. Four men, two of them from distant Western Canada, one from California, and one from the province of Quebec, have travelled a combined total of 10,000 miles to be at the bedside of their mother, Mrs. Elizabeth Lirette who is seriously ill, and that of a fifth brother, Rev. Alfred Lirette, also seriously ill at the family home here.

Another brother resides in Lowell. This is the first re-union of the six brothers since the ordination of Rev. Alfred Lirette in this city in 1930, when he was elevated to the Roman Catholic priesthood in St. Jean Baptist Church.

The brothers who have travelled great distances to re-visit the family are: Charles Lirette, who comes from Bonnyville, Alberta, 3,300 miles from here; Arthur Lirette of Pasadena, California, about the same distance; Henry Lirette of Beacon Hill, Saskatchewan, 3,000 miles distant; and Rev. Leonard Lirette, a priest of the Compagnie de Marie, who is in charge of the closed missions at Nicolet, P.Q., about 400 miles from Lowell. The brother who is ill, Rev. Father Lirette, is pastor of the Roman Catholic Church in Richards, Sask.

**Joint Plan To Aid Fishing Industry**

(C.P. By Guardian's Special Wire)  
OTTAWA, Jan. 23.—A joint scheme for stimulating improvement in the retail handling and marketing of fish was agreed upon today by Hon. J. E. McLaughlin, Minister of Fisheries, and representatives of the Canadian Fisheries Association.

Fisheries spokesmen from Lunenburg placed before the minister what they considered weaknesses in delivery to the consumer of fish in current distributing methods for the fish under perfect conditions as possible, in transit and then in wholesale warehouse, they said. From there, particularly in the facilities used by most retailers, they suggested that the conditions of distribution might be substantially improved.

If the distributor were educated to the most modern methods in handling fish, the response on the part of the public would result in a much increased market, they held. The fisheries men proposed co-operating with the Fisheries Department in an educational campaign directed to the retailers, through their trade journals and by personal calls from fisheries agents.

The proposed concentrating their campaign on the largest centres of population where fish consumption should be markedly increased if fish were delivered in a fresher state.

This special effort will be put forward during the next two months, which are also the last two months of an intense advertising campaign by the Fisheries Department aimed at the consumer.

**Suggests Colleges Back Pro Teams**

(A. P. by Guardian's Special Wire)  
PHILADELPHIA, Jan. 23.—President C. C. Williams, of Lehigh University, suggested tonight that large colleges and universities solve the problem of "over emphasis of spectacular athletics" by sponsoring professional teams in addition to their student teams.

Such pro teams, he said in an address before the Lehigh University Club of Philadelphia, "might pay the university a percentage of receipts as a royalty for the use of the college name, and thus recompense the college athletic department for loss of patronage to regular intercollegiate contests, which could then be maintained on an amateur basis for students and could again become sport for the players."

**Mid-Season Hockey Well Established**

HALIFAX, Jan. 22.—(CP)—Handicapped in many places by lack of ice, but strong in the belief hockey is in for a comeback in the Maritime Provinces, a dozen senior leagues and almost as many junior organizations were in the midst of league schedules today, looking toward Allan Cup and Memorial Cup playdowns.

Leagues with artificial ice were definitely feeling the advantage of advanced schedules and greater practice as warm weather continued to play havoc with the chances of smaller circuits depending on natural ice.

The Southern New Brunswick League, the P. E. I. Senior League, the Cape Breton circuit and the Halifax City League seemed destined to have their leading teams fighting it out for the Maritime senior championship and the right to meet the Quebec champions in Allan Cup playdowns, unless conditions improved in other circuits.

A Meton Maroons, trying hard to follow in the footsteps of the Moncton Hawks, twice Allan Cup winners in the days of the Big Four, were leading the Southern New Brunswick League, a circuit which was recognized this year.

In the Halifax league, Tramways got away to a flying start and were in the lead for the league championship. Down in Eastern Nova Scotia, hockey-crazy this year as a result of the new artificial ice forum at Sydney, the Cape Breton League furnished with Sydney Telephone leading and considered a real threat for Maritime supremacy.

Antigonish Bulldogs, last year's Nova Scotia champions were without a league this season after the break-up of the Antigonish-Pictou-Colchester circuit. They planned a series of exhibition games to keep in trim to be right on hand when championships are given out this year.

Prince Edward Island boasted its first Senior Island League in several years, when Summerside, Charlottetown and Abegweit began a two-game schedule. Crystals were one point in the lead today after three games had been played.

Other leagues less active because of prevailing conditions but still considered as threats were the Central Valley, South Shore and Pictou County circuits in Nova Scotia and the North Shore League in New Brunswick as well as the Central League, a circuit with

**KINGSTON WOMEN'S INSTITUTE**

On January 7th, ten members of Kingston W. I. and five visitors met at the home of Mrs. Edgar Newson for their monthly meeting.

The meeting opened by singing the Lord's Prayer, followed by reading the Creed in unison. The roll call was answered by "what women dislike most in men." The minutes of the last meeting were approved as read. It was decided to change the evening of meeting to the third Monday of the month. The sick committee reported they had visited and taken fruit to eight sick people. A bill of seventy five cents was then presented and paid.

It was decided to fill out the Questionnaire on Agriculture at the next meeting. New committees appointed were:

Sick, Mrs. Edgar Newson, Mrs. Leber Campbell.  
School, Mrs. Bertram Willis, Mrs. Myrtle Holmes.  
Program, Mrs. Charles Willis, Miss Mabel Auld.

The members were pleased to have at their meeting two members from New Haven, W. I., who gave some helpful hints as to their meetings. Two contests were put on the first prizes being won by Mrs. Malcolm MacGavin, Mrs. Merrill Green and Mrs. Bertram Willis. The

both Nova Scotians and New Brunswick towns represented.

Prince Edward Island is going after the Maritime junior championship and the Memorial Cup playdowns in earnest this year, with a four-team loop in Charlottetown, and several other circuits on the Island.

They face plenty of opposition from Amherst Canucks, now operating as Amherst St. Pats, last year's Maritime junior champions, as well as from teams in the Saint John's League, the Moncton and Sussex circuit and the York County League in New Brunswick and the Pictou County and Cape Breton Leagues in Nova Scotia.

that he did not wish to hold up the business of the meeting by prolonging the discussion but that he would visit Dromore Study Club in the near future. The meeting then proceeded to discuss the best procedure to take in election of credit union directors. Various suggestions were offered, but it was finally decided that the method used by St. Andrews parish be adopted.

Prior to the adjournment of the meeting Mr. Eugene Callaghan rose to move that a vote of thanks be extended Mr. O'Brien as chairman, and also Mr. J. A. McDonald, principal speaker of the evening. The motion was seconded by Ches. McGuirk and carried unanimously.

**Associated Study Club Meeting At Webster's Corner**

A very enthusiastic and largely attended meeting of the Associated Study Clubs of Port Augustus parish was held at Webster's Corner hall on Wednesday evening, Jan. 20th. Mr. William O'Brien presided in a very capable manner. After calling the meeting to order he called upon Mr. John A. McDonald to give a review of the study club activities throughout the parish.

Mr. McDonald in opening his address said it afforded him much pleasure to see such a large attendance; it showed that there was a great interest taken in the adult education movement. Each Study Club in the parish, he said, has taken up the study of the P. E. I. Credit Union and a report would be forthcoming from the leaders as to the progress their respective clubs had made. He then dealt with the benefits of a credit union both from an economical and educational standpoint.

The following reported for their respective clubs: Mr. Peter Holland Fort Augustus West; Mr. Chas. McGuirk, Webster's Corner; Mr. D. A. McDonald, Glenfinnan; Mr. Murphy, Donagh; Mr. Herbert Beagan, Johnston's River; Mr. Ernest Hughes, Trantam; Mr. Jos. Simpson, Auburn. Five Houses and Fort Augustus East being only recently organized did not report.

Mr. William O'Brien in reporting for Dromore Study Club said that his club had taken up the study of the credit union but that some of the members were not in favour of credit unions in P. E. I. This report brought on a very lively and interesting discussion in which the following took part: Mr. Dan. Dromore; Mr. Edward Hughes; Mr. John A. McDonald; Glenfinnan; Mr. John A. McDonald said

**Labor Opposition In By-election**

LONDON, Jan. 23.—(CP Cable)—A short, intensive campaign in the north St. Pancras by-election was promised today with the nomination of Conservative and Labor candidates to fight for the parliamentary seat vacated by Captain Sir Ian Fraser.

Sir Ian, who was blinded during the Great War, has been appointed a governor of the British Broadcasting Corporation, and although his remaining in the House of Commons is not legally barred, he has deemed it inappropriate to do so.

Robert Grant-Ferris, the Conservative candidate, is 29 and unsuccessfully fought Wigan in the 1935 general election. He is a member of the Birmingham City Council from which two generations of the Chamberlain family, including the great "Joe" Chamberlain, were graduated to public life. He will be called to the bar next week.

His only opponent, H. M. Tibbles, Labor, has a long record of public service and fought Sir Ian Fraser at the last election.
