THE CAPITAL OF THE WEST

Mrs. A. C. Stranbrenner of Virginia, who has been visiting friends in Charlottetown, and her sister Miss Emma Groom of Charlottetown came to Summerside to-day to spend a week visiting friends here.

Mrs. Wm. Smith, Cascompec, Lot 6 has arrived home from a visit to her father-in-law Jonathan Smith at Kingston Lot 31, whom she had accompanied thither on his return from visiting his many friends in the western part of the Province.

It now seems improbable that any game will take place between the Ladies' hockey club of Charlottetown and Summerside. The Summerside girls challenged those of the capital who for reasons stated have declined to play.

THERE was a good attendance at Crystal Rink last evening to witness the hockey matches and considerable interest was manifested in the games. The first contest was between the First Britannias of Summerside and the Comets of St. Eleanors. At half time the count stood 1-0 in favor of the Summerside team and when finished the score was Britannias 7, Comets 4. The following is the personal of the team:

First Britannias: Goal, Charles Gallant; Point, John Mulligan; C. Point, W. Strang; Forwards, Dan McNell, George Deegan, Joseph Gallant, Ed Smith.

Comets: Goal, William Arsenault; Point, L. Compton; C. Point, Walter Frank; Forwards, Benjamin Mills, Arthur Holland, George Frank, Stanley Tanton.

The second game between the Defenders and the second Britannias was not less interesting than the first. At half time the score stood 8-0 in favor of the Britannias. At the finish the game stood 11-1 in Defenders favor. The first match was for the Hunt cup, which will again be competed for by the Defenders and first Britannias, when, if the game is won by the Britannias the cup will become their property for this season.

Should the Defenders be the victors these two teams will play off, the winners to hold the trophy.

The Boys' Own Band furnished music for the occasion. After the games the four contesting teams partook of supper at the Queen Hotel.

FACTS ABOUT THE EASTERN WAR.

Corruption is declared to be unknown in Japanese politics.

Among the Japanese one divorce takes place for every four marriages.

The proportionate circulation of newspapers in Japan is about the same as in this country.

A Japanese private soldier is paid 70 cents a month; a Major General is paid \$131 a month.

In time of peace the Japanese Army consisting of 421,000 men, costs but \$18,500,000 a year.

Russia has the largest number of soldiers and reserves of any country on earth except Germany.

This is the fourth time Japan has made war on a foreign nation, except for early barbaric expeditions against the Koreans.

The word Japan comes from the Portuguese pronunciation of the Japanese characters, "Ni-Hon," meaning the land of the rising sun.

A Japanese officer who has not reached the rank of Major at the age of forty eight is compulsorily retired as unworthy of further service.

The Emperor of Japan is the direct descendant of the Emperor Jimmu, who ascended the throne 2,661 years ago, making the dynasty older than any other dynasty that exists or ever did exist.

The true name of Korea is "Choson," meaning "Land of the Morning Calm." It is by this name that the country is designated in diplomatic papers at the State Department at Washington.

Japanese soldiers are fed on rice, salted fish, dried seaweed, and pickled plums - a diet that is almost universal in Japan, except in the navy, where rations of meat are served. Soldiers are allowed meat when on campaign, but rarely eat it.

The Grip Leaves Thousands in its Path Weak, Nervous, Dyspeptic, Catarrh Wrecks.

From New York Journal. "During the recent Grip epidemic, claiming a million victims or more, the efficiency of Peruna in quickly relieving this malady and its after-effects has been the talk of the continent."

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks. Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands. Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system. This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna. Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna. A New York Alderman's Experience. Hon. Joseph A. Flinn, alderman Fifth District, writes from 104 Christopher street, New York City, as follows: "When a pestilence overtakes our people we take precaution as a nation to preserve the citizens against the dread disease. "La grippe has entered thousands of our homes this fall, and I noticed that the people who used Peruna were quickly restored, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated. "I had a slight attack of la grippe and at once took Peruna, which drove the disease out of my system in a few days and did not hinder me from pursuing my daily work. "I should like to see our Board of Health give it official recognition and have it used generally among our poor sick people in Greater New York." - Joseph A. Flinn. D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.: "Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe headache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do. "One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. I used it faithfully and felt a marked improvement. During the next two months I took five bottles, and then felt splendid. Now my head is clear, my nerves steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me." - D. L. Wallace. Mr. O. H. Perry, Atchison, Kansas, writes: "Again, after repeated trials of my medicines, Peruna and Manalin, I give this as my expression of the wonderful results of your very valuable medicine in its effects in my case after repeated trials. "First, it cured me of chronic bronchitis of fifteen years' standing by using two bottles of Peruna in January, 1894, and no return of it. "After I was cured of bronchitis I had la grippe every winter for several winters. But, through the use of Peruna, it got gradually weaker in its severity, until it dwindled down to a mere stupor for two or three days. Now the stupor does not trouble me any more." - O. H. Perry. A Congressman's Experience. House of Representatives, Washington, D. C. Peruna Medicine Co., Columbus, Ohio. Gentlemen: - I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy. Very respectfully, George H. White. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

There is a SOMETHING about VIM TEA that is to be found in no other tea," said a Saint John lady to a grocer the other day. She did not know exactly what or how to describe the difference, only there was a "something" VIM TEA had that other teas lacked. That something was a little more QUALITY.
