DEATHS IN RUSTICOVILLE. — There passed peacefully away at their home at Rusticoville on Jan. 31st, 1926, the beloved wife of Mr. Gilbert Peters in her 53rd year. Although the deceased had been in ill health for some months her death came as a severe shock to all who knew her. She leaves to mourn a sorrowing husband and one daughter. The sincere sympathies of the community go out to the bereaved.

TWO NEW DOCTORS. — Mr. Geo. B. McNutt received a telegram on Saturday from Trenton, N. J., announcing that Doctors Claude Simpson and Everett Bearisto would open a joint office in Summerside in the very near future. Doctor Simpson is a son of Mr. and Mrs. J. H. Simpson, Bayview and Dr. Bearisto is a son of Mrs. George V. Bearisto, North Shore Hotel, Malpeque. Both are graduates of McGill University with hospital experience.

Word was received last evening of a sad drowning fatality which occurred Saturday afternoon at Hunter River in which the little five year old son of Mr. Wilfred Whitlock, Concord, N. H., lost his life.

About 2.30 p. m. the little fellow in company with his older brother Reggie left the home of their grandparents and proceeded to the mill dam. After playing on the ice for some time Reggie returned home. Shortly before 8.30 the grandfather becoming alarmed over the younger boy's absence started out in search of him. He followed the tracks in the snow and arrived at the mill dam and after proceeding some distance down the stream he discovered a hole in the ice. Help was then summoned and about 4.30 p. m. the lifeless body of the little fellow was taken from the water.

Dr. Lafuzey was called but found upon his arrival the child was dead.

The tragedy is particularly sad by the fact that neither of Mrs. Buckley's children belonged to that locality having come there last September to spend the winter with their grandparents. The deceased was of a very pleasant and cheery disposition and had a large number of friends both old and young. Much sympathy goes out to the grandparents both of whom had become very attached to the child. It is expected that the father will arrive tomorrow night and the funeral will be held Wednesday.

In the death of Mr. Colin Donald there has passed away one of the most highly respected citizens of the western part of the province. Mr. Donald was born in Sea View fifty-eight years ago, and was the son of the late William B. and Mrs. Donald. The community was very greatly saddened last autumn on learning from Mr. Donald was suffering from cancer of the stomach, and that his case was beyond medical skill. During these four months and even previous to that time he was laid aside from his active duties in connection with his farm life, and during the last few weeks he gradually weakened till at length he passed to the Beyond on Monday night, February 8th.

He will be greatly missed in the different activities of his life in the community, but especially will his loss be felt in his home, where he leaves to mourn a devoted wife, formerly Miss Elizabeth Crozier, daughter of the late Mr. and Mrs. Samuel Crozier, Malpeque; one daughter, Miss Mildred and three sons, Messrs. William, Fred and Alden; Mrs. Charles Lockhart of Spring Valley is also a daughter, and Mr. Keith Donald, who is connected with a fox farm in Delaware Water Gap, Penn., and who is at present visiting his home, is a son. Mrs. Herbert Davison of Kensington is a sister of the deceased. To all of these the loving sympathy is extended in their sorrow. The funeral service, conducted with Masonic honors, were held on Friday at 1.30 o'clock.

Last evening in the Y. M. C. A. the regular Sing Song Service was the outstanding event of the season, over 400 people gathered in the Y. Gymnasium to greet Mr. L. A. Buckley, National Boys' Work Secretary for Canada who is on a two day visit to Charlottetown. Mr. Buckley's address was mainly for the students but was more than enjoyed by everyone present. It would be difficult to give even a summary that would do justice to Mr. Buckley's talk, he held his

hearers spellbound for twenty-five minutes giving descriptions of three boys lives which meant so much to himself and others during student days at Mount Allison. The message Mr. Buckley passed on to the students will be long remembered by them and the three boys whom he spoke about will indeed be great incentives to the students who heard Mr. Buckley's message.

A crowd which belonged to a girl student and which had swayed the lives of many students was quoted by Mr. Buckley as follows: "I would be true, for there are those who trust me I would be pure, for there are those who care I would be strong for there is much to suffer I would be brave for there is much to dare I would be a friend to all, the foe, the friendless I would be giving and forget the gift I would be humble for I know my own weakness I would look up and laugh and love and lift."

In closing Mr. Buckley gave a few glimpses of student life in Europe and Asia which he was privileged to see two years ago at the Boys' World Conference in Porto Cervo, Austria, where the students are so poor that they are paying for their school books, tuition and lodging they had only money enough left to buy one meal a day, and yet these Christian students are making their lives count for the advancement of the Old World.

Mr. Buckley was tendered the hearty thanks of all present by the chairman. The musical program consisted of two pleasing solos by Mrs. J. J. McKinnon, accompanied on the piano by Miss Lillian Earle, a solo by Mr. Roy Whitehead and also a solo by Miss Constance Whar, both accompanied by Miss Marion Whar.

Mr. Walter MacNutt accompanied for the song service. Most hearty thanks were tendered to those who took part and gave so freely of their time and talent.

TUESDAY

Yesterday the province was swept by another storm which at times gave promise of taking a place among the severe ones so far experienced this month. In the early morning snow began to fall and driven before a strong northeast wind quickly filled in roads, railway cuttings and city streets, making travel both in country and town difficult and most unpleasant. During the day there came a lull in the storm and shovellers took up the work of clearing sidewalks and crossings. Their labor however went for naught for with the fall of evening there was a decided increase in the velocity of the wind which again piled snow where it was least desired.

On the railway lines and in the straits conditions were anything but pleasant. The Car-ferry left Borden at 9.05 a. m. and after a hard struggle against ice and wind reached the mainland at 8.45 p. m. She left on the return trip at 10.30 p. m. and at an early hour this morning was reported to be a half mile out of Tormentine. West of Summerside the morning train made its regular run and the Summerside-Charlottetown train was held at Emerald awaiting the express from Borden which is expected in the city early this morning.

Eastern and southern branches were kept clear, trains on these lines running somewhat behind scheduled time.

The death occurred in this city on Sunday forenoon of Mrs. (Judge) Richard Reddin, at the advanced age of eighty-two years. The late Mrs. Reddin was a native of Colchester County, Nova Scotia. Her maiden name was Mary Mocker, and she was a member of a prominent family of ship builders and ship owners who carried on their extensive operations at River Philip and River John in the shaker province. She was twice married, first to Mr. Milo Burke, of Boston, where she resided until his death many years ago; then to Mr. Richard, afterwards Judge Reddin of Charlottetown, the latter marriage took place upwards of a quarter of a century ago. The Judge predeceased her by ten years. By her first marriage there were five children.

Out of a family of five there are only two now surviving, namely, Mrs. Daniel J. Riley, Charlottetown, and His Worship Stephen R. Burke, Mayor of Alberton. The other relatives are four sisters, Mrs. MacKay, Mrs. MacGowan, and Mrs. Cameron, in British Columbia, and Sister Mary Barbara of the Sisters of Charity, Oakland, California; also one brother, Captain P. Mocker, of Brule, N. S. The funeral takes place on Wednesday at 11 o'clock from her late

residence on Upper Queen Street to St. Dunstan's Cathedral and thence to the Roman Catholic Cemetery.

After the ceremony the bride and groom went to his sisters where a dainty wedding supper was served. Here the happy couple received many beautiful gifts and the remainder of the evening was spent with games and music. The bride looked charmingly in a beautiful infant blue crepe de chene dress trimmed with oriental lace with hat to match. After spending a pleasant evening receiving congratulations and the very best wishes of their friends, the bride and groom left their many friends in P. E. I. joining in wishing Mr. and Mrs. Isaac Hayter a long and happy married life.

GAVIN-WELCH. — The wedding of Miss E. Amelia Welch, daughter of Mrs. Emma B. Welch of 37 Johnston avenue, Coboes, N. Y., and Frank E. Gavin, son of Mr. and Mrs. James Gavin of Prince Edward Island, Canada, was solemnized at 9.45 o'clock this morning in St. Agnes Church. Rev. Joseph A. Franklin, pastor of the church, officiated. Miss Agnes C. Welch was her sister's bridesmaid and Raymond Gavin, brother of the bridegroom, acted as best man. During the ceremony Ernest Bliss sang "Ave Maria" preceding and following the ceremony, the church organist, Miss Catherine Cannon, gave a musical program. The bride was attractively gowned in Harding blue georgette with a picture hat and carried and arm bouquet of bride's roses. The bridesmaid wore a frock of ash rose and carried a picture hat of matching color. She carried an arm bouquet of Columbia roses. Following the ceremony a reception was held for members of the Gavin and Welch families. Later Mr. Gavin and his bride left for a wedding trip to Boston. Both the bride and bridegroom are popular young Cohoesers. The bride was formerly connected with the Cohoes Power and Light Corporation. Mr. Gavin is employed in the Albany branch office of the New York Central railroad. A number of social events were given in honor of the bride during the past month. Among those who entertained for Miss Welch recently in the form of showers, were Misses Elizabeth Welch and Anne Travis of this city.

It is of the value of \$1,400 and is tenable for one year only. It offers a greatly prized opportunity for study abroad for the young men and women of our universities. In awarding this scholarship, other qualifications being equal, preference is given to men who served in the Great War or to their relatives.

It is Mr. Inman's intention to pursue his studies in History and Economics at Oxford University and in view of the fact that he had already won high distinction in his chosen field of study, we congratulate him on a successful post graduate course, with additional honors in the wider sphere of study and research.

When the Sutherland Amendment is out of the way the Opposition will propose another amendment. Although just what the plans are in this respect is not known, it is supposed that the next amendment will be one expressing straight want of confidence in the Government. If an amendment of this nature comes next it probably will be in the capable hands of Mr. C. H. Cahan, K. C. of St. Lawrence-St. George.

There will be no trills to this amendment, it is believed. It will be confined to a simple statement that the House has no confidence in the Government. This is the proposal of the Government and the Progressives have been dreading. Several of the latter have declared their lack of confidence in the Ministry on its record and in voting so far to save it from defeat. Mr. Bourassa has no objection to express confidence in the administration. Miss Macphail is among those who have frankly avowed their want of confidence. The amendment which it is intended to submit will invite the members to vote in accordance with their state of mind in the House and will leave them no excuse for doing otherwise.

Until this critical division is taken, speculation as to the possibility of any adjournment is more or less idle. Accusations from the Liberal side of the House that the Opposition was obstructing the work of the session have been laughed down in the House. Conservatives suggested that it would be more graceful for the Government to cease such propaganda and the fact that it was that helplessness that was holding up the session.

SISTER DIED AT GUELPH. — Mr. W. H. V. Dunbar, this city resident by wire yesterday the sad news of the death of his sister, Mrs. Mary Wilson, wife of the late Dr. Hodder S. Wilson of Guelph, Ont. She leaves to mourn one son, Albert, aged 10; her mother, Mrs. R. A. Dunbar, Guelph; one sister, Miss Reita; three brothers, R. A. of Guelph, R. C. of Orillia, and W. H. V. of this city. The bereaved will have the sincere sympathy of their many friends and more especially will they be comforted by the fact that the second bereavement within the year, another sister, Mrs. A. E. Williams, having died in Charlottetown in February a year ago.

Fire broke out about half past five yesterday morning in Weeks and Burns Bicycle shop, Great George Street, and caused considerable damage to stock and building the latter being the property of Mr. Isaac Cadmore. The alarm was rung in by Mr. Harry Murphy of the Post Office Department, who discovered the blaze. The fire department responded quickly, and despite the diffi-

cult travelling from the Station, soon had the fire fighting apparatus on the spot, and got the fire under control in a very short time. The flames were confined to the front part of the shop which received a bad scorching and quite an amount of stock, consisting of bicycles, hockey sticks and hockey boots and skates, were destroyed. It is understood that the damage is partly covered by insurance.

CELEBRATES NINETIETH BIRTHDAY. — On January 28th Mr. Richard Vessey of York celebrated the ninetieth anniversary of his birth. Early in the evening a jolly party of twenty-six consisting of five of his children with their wives and twelve grand children, also some neighbors and friends, had gathered at his home to do honor to the occasion. Mr. Vessey has been for years one of the leaders in the community and despite his years still takes an active interest in the affairs of the day. Shortly after supper which was served by his wife a violent storm arose which prevented anyone from leaving till 7.30 the next morning. During the night the hostess favored for her culinary art, served a splendid lunch and at 6.30 in the morning breakfast in abundance from what appeared to be an unlimited larder. The hours passed pleasantly away, while by the amusements and games, Mr. Vessey seemed tireless as he kept continually on the more from room seeing that all were enjoying themselves. When the storm and darkness had sufficiently cleared, the party returned to their several homes leaving behind many good wishes for continued health and returns of the day. Mr. Vessey has a very wide circle of friends, he is a familiar figure on the streets of the city as he hustles about attending to the affairs of his farm and home and all will be glad to know he is still permitted to enjoy such good health and vigor.

Mr. John A. MacDonald, M. P., arrived in the city yesterday from Ottawa. Mr. MacDonald who is paired with Mr. R. Harold Jenkins, says: "When the Sutherland Amendment is out of the way the Opposition will propose another amendment. Although just what the plans are in this respect is not known, it is supposed that the next amendment will be one expressing straight want of confidence in the Government. Telephone Staff were united in marriage by Monsignor McDonald. The bride, who wore a rich seal coat, the gift of the groom, had a becoming hat, was unattended as witness. INVENTION PATENTED. — Mr. Joseph D. Martin, Summerside, has invented a new rail-securing device or a railroad tie of malleable iron. The principal feature of the device is the fastening which prevents any possibility of the rail spreading. He has had it patented in the United States and has applied for patent in Canada. It is understood that Mr. Martin has several good offers for the invention but has not closed with any yet. If his device should be adopted by the different railroads he should be handsomely reimbursed for his genius and enterprise.

HAVE REACHED 1335 FEET. — Mr. B. E. Polmsett, accountant for the Henry T. Doherty Company, returned yesterday afternoon from Governor's Island where he spent several days in the absence of Mr. Ross Stuntz, who is at present confined to hospital with an attack of pneumonia. Mr. Polmsett reports work going merrily on at the Island. He stated that the barometer had reached a depth of 1335 feet. When merely smiled and said that reports such as these are rather far-fetched so early in the game, and that from time to time such rumors are bound to circulate, especially where oil boring operations are being carried on. Mr. Stuntz the field manager who was conveyed to the City Hospital a few days ago suffering a slight attack of pneumonia, is now resting comfortably and all indications point to his speedy recovery.

WOUNDED BY BANDIT. — Summerside friends of Mr. Asher B. Burrows, brother of Misses Celia and Constance Burrows of this town will regret to learn that he is in hospital in Kansas City, under treatment for a bullet wound received at the hands of a bandit. Kansas City Times of February 8th gives the following particulars of the affair: A "shooting bandit" held up the Brown Owl Coffee Shop 3503 Troost avenue, last night wounded Asher B. Burrows, 3524 Troost avenue and escaped with \$450 from the cash till. The bandit entered the place about 8.30 o'clock while Mrs. Minnie A. Boutell, owner, was checking up the day's receipts. Burrows was standing near the cash drawer. While the bandit was scooping up the money, the cash till fell to the floor. Burrows reached to pick it up and the bandit fired twice. One of the bullets struck Burrows in the left leg, inflicting a flesh wound. The second bullet glanced from the floor, striking Miss Catherine Edwards in the right leg. Its only damage was to tear a hole in the young woman's stocking. Miss Marjorie Bellis, 3349 Wayne avenue, customer, sitting at another table, told the robber paid no attention to them.

BANK BRANCH BURNED. — Fire which broke out at 9.30 Wednesday morning destroyed the Canadian Bank of Commerce building at Morell. A defective flue was supposed to be the cause. The fire started shortly after the staff went to work, one of the men being in the office at the time. Fortunately, all the furniture was saved, and the loss will be confined to the building itself, which was owned by the Bank, and which was valued at about one thousand dollars. All the papers and cash were in the fire proof safe, and are intact. The safe was slightly warped with the heat and it was necessary to carry up another safe today until the damaged one is repaired, a man being despatched from here for the purpose. The bank has resumed business in other quarters yesterday.

SUDDEN DEATH. — A telegram was received on Monday by Mr. George Brown, of St. John's, conveying the sad news of the sudden death of Mr. W. H. H. Palmer, K. C., at his home, 387 Clark Avenue, Westmount, Montreal, who died at the age of 70 years. He was for many years pursued on steamers running between Montreal and Summerside and has a host of friends amongst our more elderly people, who will join us in regret at his passing. The late Mr. Palmer had not been this way since shortly before the war. His sorrowing widow is a sister of Mr. Brown, Mrs. George Godkin and Mr. (Dr.) MacKay, of Summerside, but he had no other relatives on the Island. One son, Mr. Vickers Davis, resides in British Columbia. The funeral will take place from the residence of Mrs. (Dr.) MacKay, Notre Dam Street, to the People's Cemetery.

One of the most enjoyable affairs of the season was held last evening in the Knights of Pythias Hall, when one hundred and fifty Pythian ladies and gentlemen gathered to fittingly celebrate the sixtieth anniversary of the founding of Pythian Knighthood. From the opening remarks by the chairman to the singing of the National Anthem not one dull moment punctuated an evening overflowing with entertainment of a high class order. Among the number of mirth-provoking offerings was a mind-reading stunt "executed" by Dr. Allan and Professor Dixon. The accuracy with which these gentlemen read the minds of a number of Pythians present was amazing to say the least. The Dr. in a hypnotic state selected a subject from the gathering, placed him in a chair blindfolded, after which although blindfolded, said subject identified in advance various articles taken from ladies and gentlemen present. Other games and novel forms of entertainment too numerous to mention also added greatly to making the affair the success that it was.

Saunders, O'Halloran, Mr. and Mrs. A. D. MacLellan, Maple Leaf from Mr. and Mrs. Vernon Matthews; Spray from Mr. and Mrs. G. L. Black and a Pillow from the family.

Notwithstanding the resolution of the United Church Presbytery refusing to recognize the authority of the Presbytery of the Presbyterian Church in Canada to appoint Mr. Kenneth M. Martin as their representative on the Church Representative Commission, their own representative, Mr. Neil McLeod, K. C. has recognized the appointment as valid. Two commissioners appeared before the Supreme Court on Tuesday and reported they had agreed upon Mr. H. J. Palmer, K. C., as their commissioner. The duties and powers of the commission are as follows: To investigate the circumstances under which the votes were taken under the Federal Church Union Act and examine in case of dispute, the congregational property within this province of the uniting churches and to report to the first session of the Legislature held after the passing of this Act what amendments and additions, if any, should be made to this Act to make an equitable adjustment and division of the congregational properties concerned. As the Legislature usually meets in March, the commission has not much time in which to decide upon the amendments and additions it should recommend.

Ontario Lady Has Had No Return of Her Troubles Since Taking Dodd's Kidney Pills Four Years Ago." "Newmarket, Ont. Feb. 19. (Special) — Once again Dodd's Kidney Pills have proved their inestimable value in the case of Mrs. S. Wilderman, a well known resident of this place. She writes: 'My back would pain me so at times I could hardly straighten myself. When I used to stoop down I would get dizzy spells. My husband told me to try Dodd's Kidney Pills. I used four boxes and can say I have not been troubled since with either of the things I have mentioned and that is over four years ago. I work every day.' That Mrs. Wilderman's trouble came from the kidneys is evidenced by the relief she got from Dodd's Kidney Pills. When the kidneys become clogged or out of order, the circulation becomes sluggish, the impurities are not strained out of the blood and the result is weariness and lack of energy all over the body."
