

LOCAL BRIEFS THE ABEGWEIT-CRESCENT FOOTBALL TEAM 1899

Four alleged violators of the Liquor Tax Act will appear at the police court this morning.

Mr. Frank Stanfield, of the Truro Knitting Mills Co., sole manufacturers of Stanfield's Unshrinkable Underwear, left last evening for P. E. Island, via Moncton on a business trip for his firm.—Truro News.

Mrs. (Capt.) MacMillan, of Charlottetown, who has been on a visit to Mr. Geo. MacPherson, Pictou Landing, and also friends in Pictou and New Glasgow, returned home on Friday last.—Pictou Advocate.

Our pastor, Rev. F. W. Thompson, has gone to P. E. Island to assist Rev. J. M. Fisher in his Communion services. Rev. J. B. MacLean, Upper Stewiacke, occupied the pulpit here on October 1st.—Truro News.

On Saturday afternoon the death occurred of Mr. Henry Pigott, who was well known to many of our citizens. Mr. Pigott was at one time a member of the firm of Pigott & Dover, but was compelled to retire some years ago from the firm on account of ill health.

THANKSGIVING Day Excursions are at present being advertised at one fare for the round trip going Oct. 18th and 19th. Good to return on October 23rd between all stations in Canada on the Canadian Pacific, Intercolonial and Dominion Atlantic Railways to Montreal and to all points east of Montreal.

Miss ANNIE L. ANDERSON of Dorchester, Mass., who has been spending the summer at her home, St. Peter's Bay, left Friday morning accompanied by the Misses Miranda and Esther Anderson and Miss Florence Larkin of St. Peter's Bay. They were joined at Morel by Miss Florence L. Davison of Lot 40 who purposes going to the same place.

The railwaymen's meeting was well attended yesterday. It was led by Mr. Chas. Wood and addressed by Messrs. Chas. Palmer, H. Rackham, J. McPherson, J. J. Chappelle and H. Craswell. Mrs. S. Stumbles and Miss Aggie Chappelle sang "I'm the Child of the King," very creditable to both those ladies.

It is reported that a foreigner was among the visitors to H. M.S. Crescent as she lay at the dockyard pier on Wednesday, and it was noticed that he was taking sketches of the torpedos or apparatus used therewith. It was intimated to him that he was doing something not approved, and he went ashore. After he left, double sentries were posted and the ship was hauled out in the stream. One of the men belonging to the flagship said that the apparatus used in the British navy in shooting torpedoes while the ship is under full headway is of a patent not known to other nations, and it was thought that perhaps the suspected foreigner was endeavoring to get at the idea. The submerged torpedo firing chamber is not open to visitors however, and it is not thought that the visitor gained any information of the method and patent.—Halifax Chronicle.

bring it to its true level. They have a good record so far and their game with Dalhousie College last November proved them foremen worthy the attention of the creme de la creme of Maritime kickers. The fact that their sphere of usefulness in athletics has a wider range than football makes their following the larger and their task of perpetuating sport in general lighter.
