LARGE CATCH.—Dr. Taylor of Montreal and Mr. E. Burns, Steward of the Minto, left Charlottetown at 4 p. m. yesterday on a fishing excursion, this side Apple Tree wharf. They returned about 8.30 p. m. with one of the largest catches brought to the city for some time. One of the trout weighed 2 1/2 pounds and another 2 pounds.

MORTGAGE SALE.—At the Court House, Charlottetown, yesterday, at noon, Mr. R. Beairto, auctioneer, put up for sale under a deed of mortgage, fifty acres of land situated at Lot 36, Queen's County, commencing on the east side of Monaghan Road, and at the north-west angle of the land in the possession of Michael Hughes, thence east to the west boundary of Lot 37, thence north for five chains, or to the Mooney Road, to the Monaghan Road, thence north to the Monaghan Road, the sale was conducted under a power of sale contained in a mortgage made in March, 1890, between Thomas Cumiskey, of Monaghan Road, since deceased, and Donald Montgomery, of Charlottetown, also since deceased; the property being sold on the instructions of Mr. W. S. Stewart, an executor, and the wife of the deceased Montgomery, as executrix of his estate. Not much interest was evinced in the sale. Only a few persons attended. Mr. Patrick Quinn, of Monaghan Road, opened the bidding for the place with an offer of \$500 but this was quickly raised by \$100 more, and the bidding went on between himself and two or three other persons, until the amount reached \$875, when Mr. Quinn increased it with a jump to \$900, for which amount it was knocked down to him.

WEDDING BELLS.—A pretty wedding of considerable interest to P. E. Islanders was solemnized in Boston on Wednesday night last week. In fact, of the eighty guests who were present at the ceremony, a large number were from the Island. The contracting parties were Miss Sadie McPhee, of Heatherdale, P. E. I., and Mr. L. M. Lockhart, of Coleman, P. E. I. The wedding took place at the residence of Miss Catherine I. Gillis, of 553, Newbury Street, Boston. The scheme of decoration carried out in the house was strikingly beautiful, especially so in the actual room, the parlor, where the matrimonial vows were made. The happy couple were united under a magnificent floral arch, from the centre of which a large bell, artistically made of pretty white flowers, was suspended and gave an effective touch to the general decorative scheme. The bride wore an exquisite gown of white satin, and made a lovely picture. She carried a handsome bouquet of white roses and maiden hair fern. The bridesmaid was Miss Anna Lockhart, sister of the bridegroom. She was effectively gowned in pink silk, and carried a beautiful bouquet of pink carnations. Mr. Angus D. McPhee, brother of the bride, discharged the pleasant duty of groomsmen. The officiating clergyman was the Rev. Mr. Munroe, of the First United Presbyterian Church. The wedding took place at 8 p. m. A striking feature of the ceremony was the music, which was rendered by a string orchestra of that city. They played Mendelssohn's wedding march with delightful effect, and even while the vows were being made the sweet strains of the fine music stole softly over the room. After the ceremony refreshments were served and the guests remained for dancing, which was maintained for several hours, and was greatly enjoyed. The many beautiful and costly presents were greatly admired.

TREMERE, FRIZZELL.—On the evening of July 2nd at the home of the bride, Esther the daughter of Mr. and Mrs. William Frizzell entered into the holy estate of Matrimony, the fortunate bridegroom being one of the rising and enterprising young farmers of Hampshire and bearing a well known name, Mr. Robert Henry Sanderson Tremere. The bride entered the room leaning on the arm of her father, the wedding march being rendered very effectively by Mrs. Frank Howard. The bride looked charming and was most becomingly gowned in cream voile and bearing a bridal bouquet of pure white flowers. Her sister Zella acted as bridesmaid and very sweet she looked in her tasteful and simple white dress. The groom was supported by his cousin and namesake. A goodly company gathered composed almost entirely of near relatives of the contracting parties all present most thoroughly enjoyed themselves and the happy party did not break up and separated till "the dawning of the day" there was no desire to do so, and the black and dark night was not at all tempting. To all who were present the occasion will be memorable for the goodly number of children principally grandchildren of the bride's parents their demeanour and behaviour was perfect leaving nothing to be desired even down to a two months old baby who cooed and talked and smiled impartially on all. For the tastefully spread and most bountifully supplied table quantity, quality, variety, all

**FIRST THINGS**

The first company of the Salvation Army was organized by William Booth at Mile End, England, forty-eight years ago today, and the branches of the army throughout the world are already making plans to celebrate the semi-centenary two years hence. The founder, the late General Booth, and his wife, started out from the Methodist New Connection to reclaim the wayward, the neglected and the degraded. They organized their work in the east end of London, naming it the "Christian Mission," but the project was not very successful until the idea of a military organization was to use Booth's phrase, "revealed" to him. It was not until 1878 that the military organization became fully effective, with Booth as "general." The army had to light its way to recognition, for its street meetings, both in European and American cities, were at times broken up by the police, and the leaders jailed or fined. The uniforms of the men, the poke bonnets of the women, the songs, and the "music" of the drums and timbrels, served the purpose of drawing crowds to hear the preachers, who held forth at the "barracks." The plan was successful from the first, and in 1880 extended to France and America. The army now has branches all over the world, in fifty-six countries and colonies.

**WOMAN WHO WEDDED DUKE WANTS RETURN OF HER MONEY.**

PARIS July 3.—An application was made to the Versailles courts today by the Countess de Gasquet, formerly Miss Elizabeth Pratt, of New York, the widow of Count Amedee Gasquet, Jamer, a nobleman, to force her husband, Duke Henry Borwin, of Mecklenburg-Schwerin, whom she married in 1911 in England, to give her the authorization to liquidate her husband's automobile factory in France, in which she is interested.

The countess still considers herself the wife of the duke, who is a cousin of the Crown Princess Cecile of Germany, and claims that the French courts should not recognize the decision of the exceptional tribunal of Bostock, Mecklenburg-Schwerin, which annulled her marriage in April this year. Judgement was postponed.

**MINARD'S LINIMENT CO., LIMITED.**

Dear Sirs,—This fall I got thrown on a fever and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good. One bottle of MINARD'S LINIMENT, warmed on flannels and applied on my breast, cured me completely.

**FEAR CREW OF THE GLENMARK PERISHED.**

MONTREAL, July 3.—Grave fears are entertained that the entire crew of the barque Glenmark, which sailed from Farsun, Norway, have lost their lives. The Glenmark, now a dangerous floating hulk, was boarded on June 27 by Captain Griffiths of the C. P. R. liner Montezuma, which arrived here this morning. The wreck was sighted on the morning of June 27, 540 miles west of Fastnet, latitude west. She is directly in the track of ocean liners on beam ends, masted and sparless, and a serious danger to navigation. The derelict's official number was found by the boarders from the Montezuma to be 96402.
