LADIES BOWLING GAMES--It is pleasing to note the interest taken by the young ladies of our various churches in bowling this winter. On several evenings last week the "Y" allies presented quite an animated appearance. To the Misses Eula and Thelma Jenkins has fallen the honors of breaking the "Y" record for the ladies. Each having made the extraordinary score of 150. Perhaps the high scores run up by contestants accounts for the non appearance of some of our supposed crack gentlemen bowlers--never mind boys, come along what does it matter even if they do double your score.

ROBBERS AGAIN--The warehouse of Jenkins & Son, at the rear of their store on Sunnyside was broken into by thieves between three and four o'clock yesterday morning. They succeeded in opening the door by removing a staple and proceeded to the upper part of the building where they filled two large bags with groceries of various kinds, such as raisins, biscuits etc. in packages. The thieves having secured the booty left the building and were just emerging out on to Kent Street by a rear gangway when the night watchman happened along. The thieves immediately dropped their plunder and took to their heels, succeeding in making their escape.

RECORDS OF LOCAL ATHLETES--Encouraged no doubt by the success of his previous work, "P. E. Island Athletes in the Great War," Mr. James Coyle who played quarter back of the Abegweit fifteen years ago has just had published another bright little volume which will be warmly welcomed by sport lovers in this province. This booklet is entitled "Records of P. E. Island Champions and Fire-mens Tournaments" and gives brief but very comprehensive details of most of the Island boys who helped to make the name of this province famous as the home of men of speed and endurance in getting out a brochure of this kind Mr. Coyle has gone to a good deal of trouble and effort and it is to be hoped that he will meet with such success that he may be encouraged to get out an even more replete edition which will contain the names of such athletes as may have been missed from the present work as well as some accounts of the great players in the past of football, hockey, cricket and baseball who have helped to shed athletic lustre upon their native province.

Sir Knight D. A. McPherson, Treas. Sir Knight S. D. Campbell, 1st Lec Sir Knight Frank Cook, 2nd Lec. Sir Knight John A. Gillis, 1st Cen. Sir Knight M. J. Stewart, 2nd Cen. Sir Knight M. D. McDonald, St. Bearer Sir Knight George Docherty Pursit Sir Knight Alfred Martin. Committeemen first five officers. After speeches from the newly installed officers and the general business of the year being transacted the preceptory went into degree work, several members being advanced to the Royal Green.

ISLAND SOLDIER'S GRAVE--Toronto Saturday Night of December 11th contains a very interesting illustrated article entitled "Where the Empire's Heroes Sleep," being a description of the work of the Imperial War Graves Commission by Colonel H. C. Osborne, C. M. G. The following extract from the article is of local interest: "The cemetery at Forceville is entered by a deep stone gateway, which is also a record house where the cemetery register and other information will be kept. The impression of the whole enclosure, almost gay with flowers, against the dark background of the old Communal Cemetery, whose green somehow suggests that of the cypress, is one of brightness rather than gloom. On two sides one looks away to open pastoral country and, on the others, to foliage of green trees. The spire of the village church of Forceville rises in the distance. The headstones of those of Canadians, it happens bear a incised cross emblem of the Christian Faith, and in some cases an incised cross emblem of the Sign of David. While there are Mr. and Mrs. John Halliday of British cemeteries in France in Eldon, P. E. I. His name and particulars are surmounted by a Maple leaf.

The Telephone Company of Prince Edward Island

very new telephone adds to the potency of your telephone.

It is another point you may desire to call some day. It is another possible client or customer able to reach you quickly and conveniently. When the present schedule of rates went into effect, there were only 866 telephone subscribers connected to our system. To-day our records show that there are 3707 telephones in use in this province. 2541 ADDITIONAL customers or clients placed next door to you by telephone. When the full facts of the telephone rate situation are understood and the additional value considered, there are few, we believe, who will question the fairness of the proposed new schedule.
