Are You Using An Oily Liniment? Beware of Any Thick, Greasy Liniment That Contains Acids and Strong Ammonia.  
No doctor would think of prescribing a greasy, thick, ammoniac liniment—they can't penetrate and in consequence are unable to reach the source of pain. The best liniment for general household use is "Nerviline," which is sold under positive guarantee to cure pain.  
Nerviline is sure to cure pain because it is immensely stronger than other liniments, because it is more penetrating, because it relieves the congested condition that excites pain before it restores circulation of the part. Now you understand why one person in three throughout the Dominion of Canada uses Nerviline. These people have tested it. They know how good it is, because in the hundred and one minor ailments that afflict us at odd times they find Nerviline always cured. Nerviline is an absolute antidote to pain, powerful, soothing, and certain in its action. Nerviline is inestimably the finest remedy for pain found in the world. Not an ache or pain anywhere that Nerviline does not cure.  
Try Nerviline for neuralgia, headache, sciatica, lumbago, stiffness, rheumatism—wherever there is soreness or pain, rub on Nerviline and you'll be cured. Refuse anything offered you instead of Nerviline, large 25c. bottles, five for \$1. All dealers or The Catarrhozone Company, Kingston, Ont.
