## Four Seeking His Position

DETROIT, Oct. 12.—(OP)—Looking over the biggest training camp sponsored by any National Hockey League club, Jack Adams thought today that from the array of veterans and about 50 amateurs he might be able to pick a winning combination for Detroit Red Wings.

"I've got more players than I know what to do with," the Detroit manager said. "I'm trying to sell some. We have the makings of a good club, maybe a great club."

In place of Charlie Conacher, on whom the Red Wings didn't exercise their option this year, Adams had the announced player in Cecil Dillon, bought from New York Rangers. Always one of the League's leading scorers, Dillon is expected to add steadiness as well as punch to a club that is bound to have some green material in the ranks.

Besides Conacher, who will line up with New York Americans, Detroit has lost the playing services of Herbie Lewis, another wingman, Lewis has been named manager of the new Red Wing farm at Indianapolis.

Tiny Thompson, obtained from Boston last season, is sure to start in goal although four others are still in the running. They are Jimmy Franks, last year with Pittsburgh in the International-American League; Johnny Mowers of Niagara Falls, Ont.; Bill Dickey of Saint John, N. B.; and Lloyd Ferras of Cornwall, Ont.

Doag Young, Eddie Goodfellow and Scotty Bowman, who have been to the wars with Adams for years, are leading candidates for positions on the defence. Buck Jones, who is another favorite to win a regular defence berth against the bids of such capable youngsters as Bert Janke from Winnipeg and Montreal, Syd Howe, who worked at a defence spot in the play offs last spring, may be assigned to the rearguard permanently.

Alex Motter and Edie Warg seem to be just about the only veteran forwards who can be sure of their positions against the attempts of a swarm of youngsters to crash the lineup.

## Isolater Winner By Six Lengths

NEW YORK, Oct. 12.—(AP)—A holiday throng of 10,000 saw William Woodward's Isolater win the first running of the \$10,000 added Gallant Fox Handicap at Jamaica as Charles S. Howard's valuable Sordado broke down during the race.

## Cleaning Hints

The little boy, who, on observing the upset house, asked testily, "Why does spring need cleaning?" was wise. For spring cleaning should go on the year round. If by "spring cleaning" we mean a thorough going over of the house. The good housekeeper goes over the house once a week and sees to it that everything is orderly and bright. A very experienced housekeeper, known for the shining beauty of her house, sends us the following hints that may be of use.

The telephone mouthpiece should get a weekly cleaning by wiping with a strong disinfectant. Use wood alcohol or warm water (without soap) to clean piano keys. To preserve the fine finish of your piano, dust it only with a piece of silk jersey or a clean, soft chamois leather. Walls and woodwork should be washed with water and white soap. A little ammonia added to the water will help.

## Challendon Seeking All-age Ch'ship

NEW YORK, Oct. 12.—(AP)—Simply because there's nothing wrong with him that a bag of oats won't cure, Chalendon now stands as the undisputed king of the three-year-old racing world.

The war ruined Chalendon's chances for a trip to England this fall and a try at the Ascot Gold
