LUKEMAN CLAIMS BAD TREATMENT

TORONTO, June 1.—Bobby Clough, who meets Bobby Kerr of Hamilton, the Canadian champion sprinter, will have his work cut out at the Ontario A. A. games on Saturday evening, when these two meet. The New York speed marvel had Bobby Kerr recently at the Hamilton meet there, besides meeting Clough in the 100 and 220 yard sprints, which were run in heats. Since then the Hamilton boy has been preparing to get even for that beating, and he writes to Thomas P. Douglas, the Ontario A. A. secretary, to say that he will show up at the meet here on Saturday. Frank Lukeman, the M. A. A. A. last one, wired to Toronto last night asking to be allowed in with Kerr and Clough in both sprints, and there may be a chance of his being allowed in, but it is up to Kerr and Clough to make the races all the more interesting, as Lukeman claims a grievance from the Ottawa club, where he says he was shuffled out of the second place in the 220.

SEVEN DEGREES OF FROST IN THE WEST

WINNIPEG, June 1.—The thermometer dipped last night all the way from 82 in Winnipeg to seven degrees of frost at several other points in Manitoba and Saskatchewan. The portion of wheat has been checked on top, with the consequence that it has stood out forming unusually long plants. Thus the prospects for the crop are by no means pessimistic, and a prolonged spell of good growing weather is needed now to bring the crop along.

The general trend of the agreement is strongly in the direction of conservation. The delegates, who concluded tonight a two days conference, represent three million acres of hardwood forest.

ALLEGED SHELVEING OF GEN. KITCHENER

LONDON, June 1.—Lord Kitchener's nature is the subject of persistent rumour. A sinure was created for the Duke of Connaught when he was away from the title attempt to dignify the office of inspector general of the forces within the kingdom, and when he abandoned his useless post at Malta in disgust, it was held in reserve for Lord Kitchener with the high sounding title of High Commissioner in the Mediterranean. Now that the time is approaching for Lord Kitchener's departure for Malta, there are public protests against wasting the services of the best organizer in the British army as a figure-head in a remote post. A rival of the office of commander in chief is not favored, but R. B. Haldane, Secretary for War, is urged to

ROOSEVELT'S SPEECH BEING DISCUSSED BY NEWSPAPERS

LONDON, June 1.—Theodore Roosevelt's speech at Guild Hall yesterday continued today to be discussed by the newspapers throughout the country. The editorial comments upon his utterances concerning British rule in Egypt, were influenced as a rule by partisanship. The conservative press defends the colonial system, while the liberal papers oppose his deductions with equal seriousness. But outside the questions of fact set forth, the newspapers almost without exception, challenge the propriety of a foreigner's policy of the empire.

ONE HUNDRED YEARS BEHIND THE AGE

NEW YORK, June 1.—The system under which the law is administered in this country is one hundred years behind the age, the procedure in civil cases is a scandal to our jurisprudence; many cases are decided on technical questions, and not only something will be done about it but something will be done. This is the sum and substance of a statement given out tonight by a joint committee on reform in legal procedure of the National Bar Association at the conclusion of a conference held here today at the Lawyers' Club at the invitation of ex-Judge Allen Parker.

SHOT AND STABBED IN A FISHING DORY

HALIFAX, June 1.—With his assailant still at large and the doctor and other police searching for him and two others who were in the boat, Antonio Aello, 22, a fisherman, lay at the Relief Hospital last night not expected to live. He has a stab wound in the abdomen and a shot wound in the neck, received in an altercation in a fishing dory in the bay near Deer Island yesterday afternoon. Aello with two other men, who he says, picked him up, was towed into the Eastern Packet pier shortly after 4 o'clock yesterday afternoon. Carlo Moon, 26, and Giuseppe Sharamitello, 27, of 282 North street, also fishermen, who had fished him out of the water, were locked up as witnesses. The police are looking for Ignazio Taormino and his brother Leonardo and Sarilla di Pace. Ignazio is accused of doing the stabbing and shooting and the other two were witnesses of the affair. In a statement made at the Relief Hospital by Aello early last evening to Inspector Silas Waite, which was taken down by Police Stenographer Hauser, Alfred W. Sacco acting as interpreter, the injured fisherman said there was an old trouble between Taormino and himself over a dory. They met yesterday in their boats and the dispute was renewed. After the stabbing and the shooting, Taormino and his two companions made off, while the two fishermen detained as witnesses got Aello out of the water and tried to get him back to the city for surgical aid. Francesco de Gausst of Brewster, with his last lobster boat, came along and towed the boat of Aello and that of the pair who were assisting him to the wharf. Sergt. Ross Perry of station 3 made the arrest of the witnesses and the harbor and other police began an immediate search for Taormino and his companions.

For the prisoner several clergymen and leading citizens of Toronto swore to his excellent character. Perhaps the most sensational evidence was given by Charles Risk, a foreigner, who required an interpreter.

RUSH TO GOLD FIELDS IN ALASKA.

SEATTLE, Wash., June 1.—Officials of companies operating steamships to Alaska points on the Behring Sea, estimate that 15,000 people will leave Seattle for Nome and St. Michaels on the early sailings, drawn to the far north by the reports of rich gold discoveries in the Iditarod gold fields. The first regular liner to leave for Nome will sail from Seattle tomorrow and every berth has been sold weeks in advance. Wealthy men have been compelled to take accommodations in the steerage, and there is a waiting list in the steamship office larger than the combined capacity of the northbound steamers. So great is the rush to the North that passenger and freight officers of the Alaska Steamship lines say that the movement which amounts to a stampede has been equalled by but one in the history of the north and that was during the Klondike rush thirteen years ago.

SONG.
If any little word of mine May make a life of mine brighter, If any little word of mine May make a heart the lighter, God help me speak the little word, And take my lot of singing And drop it in some lonely vale, To set the echoes ringing.
