City's Share Of Unemployment Work Proceeds

In connection with the relief of unemployment locally the City will undertake this fall some needed public works, constructing a block of pavement on Dorchester Street near the Cathedral, where there is heavy traffic during funerals. Also there will be pavement laid from the railway crossing at the bottom of Grafton to the Green Bridge; and on Brighton Road from Willow Corner to the Park entrance. Also extensive work in the breast-work at Victoria Park. These works will employ considerable men, of these, about 25 are working now and 50 more will be taken on within the next week. Married men and returned soldiers are being given the preference in the work which will continue until the snow falls, and will be completed in the spring.

Although the City feels it has about reached the end of its resources with regard to paving, still in the light of the present unemployment, not so bad here as elsewhere but serious enough and the fact that the provincial government along with the federal government will pay half, in the ratio of one quarter each, the City Fathers feel that they are justified in doing this work at this time. As stated in the Guardian a short time ago, the Provincial Government's part of the work at the Hillsboro Bridge approaches already under way.

New Temperance Division Formed At Murray Harbor

A new division of the Sons of Temperance was instituted at Murray Harbor on Tuesday evening by organizer R. H. Ward. It being the evening of the eighty-ninth anniversary of the birth of the order, the new division chose the name of "Oliver" in honor of one of two brothers who sent out the call that brought sixteen men together at No. 71 Division St., New York, on the evening of September 29, 1842, when the foundation of this great world-wide movement was laid by the formation of New York Division No. 1, Sons of Temperance. It was the pioneer total abstinence society on the American Continent, and grew out of the great Washington revival movement, which swept like wildfire throughout the Eastern States. In a very short time the new order was established in every state of the Union, extended to the Maritimes, and other Provinces of Canada. It was carried across the Atlantic and established in England by a Nova Scotian sea captain. It was established in Ireland by that great Catholic Apostle of Temperance, Rev. Father Matthew. It now numbers over 400,000 members in Great Britain and Ireland. A Nova Scotian clergyman introduced it in Australia and a Prince Edward Islander planted it in New Zealand. Of late years the Order has suffered heavily through temperance leaders placing too much dependence on law, to the neglect of temperance teaching. Yet, a few of the first divisions on P. E. I. still exist, and an earnest effort is now being put forth to revive the work in behalf of the growing youth.

The officers of the new division are: W. P., Philip Lowe; W.A., J. Burton Rix; R.S., Miss Etta J. Cook; A.R.S., Mrs. T. A. Keenan; F. S., Harry B. Herring; Treas., Edgar G. Giddings; Chaplain, Mrs. E. E. Giddings; Cond., Jack Ferguson; A.C., Mrs. M. J. McLeod; I.G., Ray Cook; O.G., Friend Herrin; G.P.W.P., Mrs. T. L. Cook; D.G.W.P., Thos. L. Cook.

Esses Husband: "If my wife wants this case adjourned, then it will have to be adjourned. It is no use arguing with her."

YOUNG PEOPLES CONFERENCE Trinity United Church

One of the most successful young people's Conferences ever held in Eastern P.E.I. met in Central United Church, Marshfield on Tuesday, September 29th. The afternoon session was presided over by the Vice-Pres. The devotional period was conducted by the Cornwall Y.P.S. Despite the unfavorable weather, there was a splendid representation from the various societies. A report of the work done last year was presented by each society represented.

Miss Emily Platt read a thought provoking paper on "What is the Purpose of a Young People's meeting in a Community, and what are the ways to achieve that purpose?" In a world so bewilderingly complex where speed is king, what is the place of religion? Have the principles of Jesus been outgrown? The purpose of the Y. P. S. is to help youth to answer the countless questions which arise. Sermons and the Sunday School serve a purpose, but in the Y. P. S. there is afforded additional opportunity to help youth to form a definite Christian ideal of life. The great aim of the Y.P.S. is to exalt the living Christ. The speaker stressed loyalty to the teachings of Jesus, as revealing itself in service for others, stewardship, and world citizenship as the sure basis of every Y. P. S. program. Miss Platt's paper was keenly discussed by various members of the Conference.

The Open Forum was conducted by Rev. R. W. O'Brien, Secretary for Young People's Work in the Maritimes. Mr. O'Brien reported on the Sackville Conference held this year. He emphasized the significance of the Christian Youth Council of North America, which met in June, 1930, in Toronto. The following findings were arrived at by that group of two hundred young people: 1, Jesus, the most important figure in world affairs today; 2, Worship, its supreme place in life; 3, Others; 4, Christian Unity; 5, A Christian Society; 6, Christian Conduct. The speaker developed these ideas in terms of Christian personality.

At the close of the afternoon session the members of Conference adjourned to the Hall to partake of the bountiful supper so kindly provided by the ladies of Central United Church. The second session of Conference opened at eight o'clock with the Y.P.S. of Marshfield conducting the devotional exercises. Miss Stewart welcomed the delegates and visitors to Marshfield. Rev. D. M. Sinclair responded on behalf of the visiting societies. An interesting event of the evening was the presentation of a shield to the Marshfield-Dunstaffnage Young Peoples' Society for doing the best work during the past year. The Murray Harbour Society was second with a splendid all round record. This shield, generously presented by Mr. George Tweedy and Mr. G. F. Hutchinson, Charlottetown, for competition, must be won three times by any one society to entitle it to permanent possession. Rev. T. R. Goudge made an appeal for The Missionary and Maintenance Fund. By a unanimous vote the Conference accepted the same allocation as last year.

Mr. Harold Vessey was chosen as delegate to the Maritime Sunday School Convention to be held in New Glasgow. Following the reports of the Findings and Resolutions Committees, Mrs. D. M. Sinclair presented the report of the Nominating Committee, which was as follows: Hon. Pres., Rev. G. A. Christie; Pres., Wylie Gibson; Vice Pres., Katherine MacLean; Secretary Treas., Florence Brown; Vice Pres., Christian Fellowship, Rev. C. N. Brown; Vice Pres. Missions, Bessie MacLeod; Vice President Christian Citizenship, Harold Vessey; Vice Pres., Literature, Harold Smith; Vice Pres. Leadership Training, Rita Crews; Missionary Convener, Rev. T. R. Goudge.

The address of the evening was given by Rev. R. W. O'Brien, on "The Quest." In each of us is a vision, an ideal of that person which we some day hope to become. He who loses his visions of youth and the romance of religion finds no challenge to leadership. The greatest idealist of all time is Jesus Christ. This dreamer of dreams visioned a world beyond the centuries. He saw a Divine society freed from the strange curse of war, the greed of profiteers, the smirch of hypocrisy, —a lovely world. For that vision He died. Catch a glimpse of what this world would be if pure love held sway in every heart. Love never failth.
