Just what I've been looking for

"BEAVER FLOUR"
makes ideal bread and pastry, because it is a perfect blend of Manitoba Spring wheat and Ontario Fall wheat. You don't need to keep two kinds of flour for bread and pastry. Beaver Flour makes both—a pure, white, nourishing, light loaf that "stands up" in the oven, and pastry that is crisp and appetizing. It is more economical than other flours, and appeals to all thinking women.
