

Opening Of New Rink At Georgetown

The official opening of the new rink and recreational centre at Georgetown took place last evening attended by approximately 700 interested citizens of Southern Kings County.

The opening ceremonies took place on the ice surface of the new rink. Mayor P. L. Boudreau acted as chairman and in his opening remarks outlined the work involved in erecting the rink.

Mayor Boudreau extended his sincerest thanks to Premier J. W. Jones and his government for their whole-hearted support in the project and went on to thank the Community Welfare League and all others who in any way helped in erecting Georgetown's modern rink and community centre.

Brigadier W. W. Reid, Director of Physical Fitness, was the next speaker, and expressed the regrets of the Hon. J. W. Jones at being unable to be present through illness and extending best wishes on behalf of Premier Jones and his government for every success in their venture.

Brigadier Reid congratulated the people of Georgetown on their progressiveness in providing such a splendid rink for the community and assured them of the continued co-operation of his Department.

Other speakers who congratulated the Mayor and Council and Community Welfare League on their splendid achievement were Major John A. MacDonald, president of South Kings Hockey League, Rev. Owen Kiggins, and Rev. E. J. Boyce.

After the remarks of these speakers, His Worship called upon Mr. F. J. Solomon, president of the Community Welfare League, who in a few well-chosen words, said that a pleasure it was to see this splendid building opened for the recreation of all and stated that he trusted everyone would feel free to enjoy the hockey and skating which would be provided in such ideal surroundings.

Immediately following the ceremonies, a special hockey game took place between Montague Meadors and Georgetown Eagles. The three-packed hockey contest was followed by skating and dancing for all.

Previous to the opening ceremonies, supper was served in the Town Hall by the ladies of Georgetown, and was continued again after the game when players and officials were guests of the Welfare League.

Georgetown rink has an ice space of 176 feet by 75 feet, and an upstairs room over the main entrance provides a space 30 by 60 feet for dancing, suppers and other recreational activities.

GOTSHALK'S BALLET tickets on sale daily at Public Library.

NEW SKIRTS, Blouses and Prints arriving daily. Sunter's Ladies' Wear.

THE STARTING DATE of the Agriculture Short Courses has been changed to January 31st.

TRAIN DELAYED—The Borden train was an hour and three quarters late last night arriving at 7.55 instead of at 6.10. The delay was said to be due to connections on the mainland.

TO CERTIFY BLUE POTATO—Mr. Gordon Warren, Horticulturist at the Experimental Farm has received word from Ottawa that the McIntosh Blue Potato may be certified as a recognized variety. The blues are being eye indexed at present and will be grown in the green house during the winter and planted next summer. Potatoes from various parts of the Province are being examined and tested in this way and it will probably be a year before they will actually be certified and recognized officially as a certified variety.

WORK PROGRESSING — Remodelling of the four-storey building on the corner of Kent and Great George Streets, formerly occupied by Stanley, Shaw and Fearnden, is well underway and despite several delays is expected to be finished on schedule. When completed the building will house the New Way Furniture Store from Saint John, N.B. The face of the building is to be finished in primrose Carrara glass with red Carrara glass letters 5 feet, 2 inches high.

DISCUSSED DRAGGER OPERATION — Information regarding the construction and operation of draggers, a type of boat used for fishing purposes in other Provinces was sought by Hon. Eugene Cullen, Minister of Industry and Natural Resources and Mr. Eugene Gorman, Chairman of the P. E. I. Fisherman's Loan Board at Moncton yesterday. They conferred with the secretary and one fieldman of the New Brunswick Fisherman's Loan Board. The operations of the Loan Boards in both provinces were also discussed.

SODALITY MEETING — The monthly meeting of the Junior Sodality of the Guild of Mary was held on Sunday afternoon at Notre Dame Academy with the President Miss Alma Sheehan presiding. Miss Claire MacDonald was appointed new secretary replacing Miss Florence MacAulay whose retirement was received with regret. A talk on questions and answers concerning Catholic Education was given by Miss Claire MacAulay and a motion was passed that the Sodality observe the Church octave from January 18-26.

DIES IN SEATTLE — Word has been received by the family of the death in Seattle, Wash., on December 23, 1949, of Robert T. Harris, aged 49 years, formerly of Charlottetown, P.E.I. The deceased had been ill for some months but was improving and his unexpected death of a heart attack was a severe shock. Surviving are his father, William Harris of Ottawa, Ont., and an invalid mother in Charlottetown; two sisters, Helen, Mrs. Angus MacEachern, Richmond street West, Charlottetown; and one brother, Florence (Polly) Mrs. David G. Saunders, Detroit, Mich., and one brother, Ralph W. Harris, Detroit, Mich. Interment was in Seattle.

FERRY LAID UP—The Rocky Point Ferry "Fairview" will not make any more crossings this winter, according to a statement by its skipper Capt. Eric Holdway. Yesterday it attempted the crossing but after an hour and a half had just reached the foot of George Street a leak had developed in the air compressor head. "No doubt by the time a replacement is received the harbor will be frozen over," Mr. Holdway said, "and we do not want to make any more runs until approximately the first week in May." Last year the "Fairview" stopped on the 26th of January, and in the year previous it stopped on the 27th.

FUNERAL OF MRS. W. A. MACQUARRIE—The funeral of the late Mrs. W. A. MacQuarrie of Hopewell, N. S. who died in Aberdeen Hospital, New Glasgow, on January 6, 1950, was held from her old home at Freetown on January 9, at the Freetown United Church. It was conducted by Rev. R. L. Wagner and Rev. Rev. A. S. Weir. Favorite hymns were sung and Mr. Weir spoke words of comfort and hope from the twenty-third psalm. There were many beautiful floral tributes. The pallbearers were Messrs. John Lewis, Colby Lewis, Frank Deacon, Allison Proffitt, Robert Auld, and Louis Cairns, all old family friends and neighbours. Interment took place in the People's Cemetery Freetown where her parents are buried, and a sister also buried. Service at the grave was conducted by Rev. R. L. Wagner.

KELLY—At the Kings County Memorial Hospital on January 17th, 1950, to Mr. and Mrs. Joseph J. Kelly, Peakes, a daughter, Zita Elaine.

GILLAN—At the Charlottetown Hospital on Jan. 15, to Mr. and Mrs. James S. Gillan, City, a daughter, 7 lbs. 11 oz.

BALDWIN—On January 18th, Mrs. James Baldwin (nee Cecelia Sheelton), daughter of Mr. and Mrs. J. A. Sheelton in her 34th year.

HARRIS—At Seattle, Wash., on Dec. 28th, 1949, Roland T. Harris, aged 49 years, formerly of Charlottetown, P. E. I.

HARDING—At French River on Jan. 18, J. Harry Harding in his 83rd year. Remains resting at Davison's Funeral Parlour, Kensington, funeral notice later.

Burnett-McNeil Wedding At Halifax

HALIFAX, Jan. 18—(Special)—A wedding of much interest took place at St. Paul's Church, Halifax, at twelve o'clock noon today when Ann Isabel, daughter of Mrs. William McNeil and the late Mr. McNeil of Windsor Forks, became the bride of James Evelyn, son of Mr. J. R. Burnett and the late Mrs. Burnett of Charlottetown, Prince Edward Island. Rev. Canon P. W. Isherwood, rector of St. Paul's, and Rev. W. R. Anthony, of Clementsport, officiated. The music was provided by the church organist, Miss Natalie Little.

Given in marriage by her uncle, Dr. Robert O'Brien of Windsor, N.S., the bride wore a street length dress of silver gray satin faced with dots and matching feather hat. She wore a corsage of pink roses. She was attended by her sister, Miss Helen McNeil, who wore a dress of bronze lace over taffeta with yellow feather hat and corsage of yellow roses.

W. R. Burnett, brother of the groom was best man and the ushers were G. M. Burnett of Charlottetown and Alan O'Brien, of Windsor. Mrs. McNeil, mother of the bride, wore a dress of gray crepe and satin and a corsage of red roses.

Following the ceremony a reception was held at the Lord Nelson, after which the bride and groom left on a wedding trip to Quebec City and on their return will reside in Charlottetown where the groom is on the editorial staff of The Guardian. For travelling the bride wore a Bermuda blue doeskin suit with matching hat and snakeskin shoes and bag and a muskrat coat.

The bride, who is a graduate of Horton Academy and Acadia University, has for the past four years been on the laboratory staff of Camp Hill Hospital. The groom is a graduate of the Dalhousie Law School.

Among the out-of-town guests were Mr. and Mrs. George M. Burnett, Mr. William Burnett and Mrs. Charlotte Jones, all of Charlottetown; Dr. and Mrs. Robert O'Brien, Mr. Alan O'Brien, Mr. Campbell McNeil, Miss Mary Brown, Mrs. Nival Knowles, Miss and Mrs. Robert Oulton, Miss Laura Smith, of Falmouth, and Mr. and Mrs. Garwin Smith of Wolfville, Rev. and Mrs. W. R. Anthony, Clementsport, Mr. and Mrs. W. G. Oulton.

STORE ENTERED — Cudmore Bros. grocery store on Great George Street was broken into at 10.45 last night. Entrance was gained through a back window in the office. Cigarettes and a small amount of change from the cash register were the only things stolen.

FUNERAL YESTERDAY —The funeral of the late Mrs. John M. Campbell was held from the MacLean Funeral Home yesterday afternoon. The service was conducted by Rev. G. Carlyle Webb. Interment was in the People's Cemetery. The pallbearers were William Davies, E. A. Cudmore, Fred Nash, Ben Conrad, Gordon Leitch, Harry MacDougall.

WORK ON L. P. U. HALL — Work on the new L. P. U. Memorial Hall on the south side of Water St., between Queen and Pownall Streets, is progressing despite a delay in obtaining insurance. The exterior of the building has been completed and at present workmen are busy on the interior. The job is scheduled to be completed early in February.

FUNERAL AT CUMBERLAND —The funeral of the late Daniel MacPhee of Cumberland was held yesterday afternoon from his late residence, followed by services in New Dominion United Church. Graves were conducted by the Rev. M. K. Charman. The pallbearers were Vincent Murphy, Alex McKinnon, Albert MacDonald, Allison MacMillan, Hector Currie and Thomas Lowther. Interment was in the church cemetery.

HIGHWAY CONDITIONS—Traveling conditions on the paved highways are fair with some icy stretches where caution is required. The worst conditions are on No. 1 highway, from Kensington to Summerside, and on No. 1 highway, from Summerside to Tignish. These sections were quite icy previously, and if the rain last night was general travelling will be difficult. If the weather turned colder during the last night, sanding crews will be out this morning. It was announced. The gravelled highways will be found rough in some sections with reasonably good wheeling in other areas.

PERSONALS Mrs. Frank Dixon of North Tryon is visiting her daughter, Mrs. W. H. Lea, Kent Apartments, Charlottetown. Mrs. D. A. MacFadyen, Carleton, is vacationing in Charlottetown, a guest of Mrs. W. H. Lea.

EGGS AND POULTRY Continued from page 1 price for dressed poultry throughout the year as compared with 1948 offset any reduction in total revenue. The number of turkeys marketed was higher than in 1948 but prices were lower. Should Improve Quality Mr. Nash warned that "the quality of poultry marketed in Prince Edward Island is deteriorating and producers must pay more attention to the finishing of their birds if

Citizenship Council Annual Meeting

The Canadian Citizenship Council held its annual meeting on Monday, January 16, at the home of Mrs. John B. Murley. A report on the year's work showed that monthly get-togethers had been held at which the new Canadians enjoyed the socialability and learned the understanding of Canadian ways. It was also reported that English classes were conducted throughout the year. It was pointed out that the Council is endeavouring to interest the new Canadians in applying for their first papers with the intention of becoming Canadian citizens. Appreciation was expressed by the Council for the co-operation that had been received from the Department of Education, various service clubs and the merchants of Charlottetown.

The following were elected as officers for the coming year: President, Mrs. John B. Murley; vice-president, Miss Iphigene Arsenault; secretary, Miss Maylie Boswell; treasurer, Mrs. Arthur Bruce; Executive members: Mrs. (Dr.) W.J.P. MacMillan, Mrs. A. M. Putnam, Mrs. Thomas Davies, Mrs. William Brehaut, Mrs. S. G. Peppin, Mrs. Parnell McMahon.

Few Candidates In Sight For Civic Election

With nomination day less than two weeks away, only the office of Mayor and the councillorship of Ward 2 have given definite evidence of being contested in the forthcoming civic election here on February 8.

Two Charlottetown lawyers, Mr. M. Alban Farmer and Mr. N. W. Lowther have signified their intentions of contesting the Mayorship. His Worship Mayor Earle B. MacDonald made no comment when interviewed regarding the possibility of his re-offering.

Mr. Arthur McInnis, well known insurance executive has announced that he will contest Ward 2. This ward is presently represented by Councillor Lester O'Donnell who will re-offer.

Current speculation on the election is that most of the wards will be contested. Mr. Arthur Gormley, past president of the L. P. U. will definitely contest Ward 4 and there is a possibility that Mr. Simon Paoli, prominent business man, may also offer.

Councillor Wendell Beaton will seek re-election in Ward 3 and so far no one else has signified his intentions of offering although it has been rumored that Mr. Joseph R. MacMillan, well known lawyer may contest this ward.

A former councillor, Mr. G. R. Keefe will seek election in Ward 4 along with Councillor C. M. Cox who is chairman of the Tender Committee.

Councillors Edwin Johnston and David Stewart together with Mr. Walthen Gaudet will contest ward 5. Councillor Johnston is chairman of the Market Committee and Councillor Stewart is chairman of the Street Committee. Mr. Gaudet is a prominent Charlottetown lawyer.

they are to regain their position of being the leader in Canada in the production of quality dressed poultry. With regard to the Island's Approved Poultry Policy he reported that a total of 98 flocks were inspected, culled and tested twice for pullorum disease. This represented the handling of 96,302 birds and the selling of birds being approved as suitable for breeding purposes. Five flocks of turkeys comprising 1,072 birds were tested for pullorum and approved under the policy.

In 1949 there were six specialized R.O.P. poultry breeders in the Province carrying out trapezing and progeny testing work in 1949. All poultry coming under the P. E. I. Approved Poultry Flock Policy and the Turkey Approval and Banding Policy were tested for pullorum disease by both the tube test and the whole or rapid method. Mr. Nash said there were 4,223 birds tested with approved flocks showing freedom from pullorum disease. Chick Sales Increased In the production and sale of 763,970 chicks by P. E. I. Approved Hatcheries during 1949, a time record was set for volume of sales. These sales were 57 per cent over that of 1948. A definite trend on the part of the public to buy their chicks earlier in the season was noted. Five Boys and Girls poultry clubs operated in the Province during the year. Located at Russ Point, Egmont Bay, Mont Carmel, Morell and Baldwin's Road. The club comprised seventy members. 57 egg grading stations and 17 poultry grading stations operating under Government Approval in 1949 were reported. They handled 3,350,150 dozens of eggs and 1,148,494 lbs. of poultry. The five canneries operating in the Province during 1949 processed and canned over one-half million pounds of chicken during 1949. They operated under Government approval and inspection, and ready sales have been found for the finished product. GALLANT REGIMENT Of the 800 men of the Argyll and Sutherland Highlanders who fought in the Malaya campaign, only 100 were left to cross the causeway onto the island of Singapore. JOBS FOR VETERANS From May, 1945 to December, 1948, about 50,000 veterans have been appointed to positions in the Canadian public service.

Good Results Reported From Potato Packing

The packing of potatoes in a one brand sack has certainly been an improvement in the marketing of Island potatoes, stated Mr. Chester Shaw, district inspector, in a report of the Fruit and Vegetable Division at the annual meeting of the P. E. I. Agricultural Council on Tuesday. He noted that the packing of small packages, 10 and 15 pounds, had greatly increased.

1,117 export permits were issued for seed potato shipments, and six for tablestock during the year, Mr. Shaw said. Up to December 31st, 2,344 cars of tablestock were shipped.

More than 300 cars of turnips were shipped to Ontario during the year and shipments to the United States amounted to 1,359 cars. 644 carloads were shipped to the U.S.A. at this date from the 1948 crop.

"Our greatest worry this season in the certifying of turnips was the greater-than-usual infestation of turnip maggots and we strongly recommend that more attention be given by the Science Service of the Federal Department to the turnip industry," Mr. Shaw said. "We would also recommend that only government inspected turnip seed should be placed on the market, as many growers have suffered a severe loss this season through the use of inferior seed."

He reported over 300 acres of strawberries harvested in 1949 with an excellent yield of good quality berries. Blueberry shipments amounted to fifteen carloads for the season. He reported an excellent yield of good quality carrots, parsnips, beets and cabbage during the year, but stated the yield of cranberries was light.

Two carloads of Island grown apples were shipped to Montreal and found favour on that market.

Private Radio Stations Scored By Federation

SAINT JOHN, N. B., Jan. 18 — (CP) — The Maritime Federation of Agriculture, representing 50,000 farm families throughout the Maritimes, made a sharp attack on private radio stations today in a brief presented to the Royal Commission on Arts and Sciences.

The Federation said the Board of Governors of the Canadian Broadcasting Corporation "could be criticized for permitting expansion and coverage of private stations to the present state, and for not, in some instances, more closely checking their contributions in the field of public service."

The brief commended the CBC for such programs as noon-day farm markets, farm radio forum and school and weather broadcasts. On farm forum, the brief said: "The free expression of opinion of this, the largest discussion group in the world, would be impossible under any system of private control of radio and is only possible under a public ownership program."

The Federation said that "under no circumstances should private stations be permitted to operate networks, unless directed to do so in the national interest. Failure to control closely the use of publicly-owned airwaves, as has already been amply brought out in Canada, could well lead to influential groups using this means to secure their own ends."

The present CBC board of governors should be strengthened by the appointment of citizens who have the confidence of and can represent all sections of our population. "In areas not well served by existing CBC stations, privately operated stations should be required, as a matter of public service and as a condition of renewal of their licence, to carry such programs as the noon farm markets, farm radio forum, and citizens' forum."

Directors of P.E.I. Innkeepers Ass'n Hold Meeting

The regular January meeting of the Directors of The P. E. I. Innkeepers Association was held yesterday afternoon and evening at the Highfield Tourist Court where the Directors were the guests of Mr. and Mrs. Wallace Rodd, who served a lovely supper luncheon. The President of the Association Mr. Gordon Shaw presided with Mr. Thomas H. White as secretary.

A comprehensive review of the past year's work referred to such matters as the issuance of their annual booklet, for which there was an unusually heavy demand; additional presentations in connection with the electricity rates to season tourist operators; assistance in the work for the elimination of ragweed which causes the Directors to have the bus operations to and from the National Park area; the study of Income Tax depreciation for tourist buildings; presentation of facts for the possible establishment of landing strips for light planes in different parts of the Province; cooperation with Maritime Central Airways, the Canadian National Railway, the Island Motor Transport and The Charlottetown Hotel as a convention centre; cooperation with Canadian Association of Tourist and Publicity Bureau for possible change of date of Labour Day for the third Monday in September; co-operation with Department of Industry and Natural Resources in Fish and Game work; the study of a photo contest for P.E.I. pictures, and many other matters. It was decided to have a large number of prize winning potato recipes as the prize winning potato recipes as there is such a heavy demand for these.

A discussion took place about getting more conventions and special reference was made to the possibility of the Government's visiting the next session of the Dominion-Provincial Conference on constitutional changes to hold the meeting in the historic Confederation Chamber. Reference was made to this in The Guardian some days ago. It is greatly to be hoped this conference will take place here and The Innkeepers Association promises every assistance to the Government in any way they might be able to assist in the numerous arrangements that would necessarily have to be made for such a large and important meeting.

Resolutions Adopted A resolutions was passed that The Innkeepers Association would continue to exert every effort possible to aid in the elimination of rag weed from this Island Province. If such is accomplished it is felt that the tourist business here in the months of September and October could possibly equal the July and August business with consequent improved revenues from gasoline tax and other taxes to the Province and a resulting greatly increased financial benefits to the tourist operators and suppliers of food, etc.

Another resolution highly commended the efforts of the Government to have both carriers operating at Borden-Tormentine from June 15th to the September 1st, thus eliminating the delays at these points experienced by tourists and others. This resolution also commended the Government for their efforts to have the improvements made on the important Wood Islands-Caribou route and mention was made that his latest route is the connecting link between the P. E. I., National Park and the Cape Breton National Park.

Another resolution thanked the Provincial Government for their assistance to the work of The Innkeepers Association and for their assistance in aiding in arrangements for the bus service from Charlottetown and Summerside last season to the National Park area.

A resolution was passed strongly urging the Provincial Government to try and establish a Provincial Museum at the earliest possible moment. This is badly needed on Prince Edward Island and it was felt that unless something is done soon many valuable historic articles and documents may be forever lost. In addition to a tourist attraction it is felt that it would be highly educational to the thousands of school children in this Province.

It was decided also that the members of the Association would be asked to look up interesting places in their various communities and try and arrange to have them available for tour inspection and have them properly identified and wherever possible dramatized for the benefit of tourists and our own people. They felt this is an important matter. It was also decided to take up with the Provincial Department of Public Works the question of having mileages painted on the road signs throughout the Province wherever possible. Many other matters were discussed. A general meeting of the members will be held in about two weeks. The Hon. Eugene Cullen who had been invited to this meeting will be unable to attend but he had to leave unexpectedly for the mainland but promised to try and attend the next meeting.

from American sources and could well be an eventual factor in our being entirely absorbed in our southern neighbor."

In a one-paragraph reference to television, the brief said: "Canada would be well advised to proceed slowly in the television field, to avoid as far as possible the unsatisfactory situation now existing in the United States where many poor-type programs and a high degree of commercialism appear to have been intensified."

We believe that television, too, should be developed under the control of the CBC in the public interest, and that private television stations... be controlled by the CBC.

Noted Former Islander Dies In North Dakota

A former Prince Edward Islander who became prominent as an educator and political leader in the State of North Dakota died recently in the person of Mr. Robert Bruce Murphy. Mr. Murphy's death occurred at the Bismarck (North Dakota) Hospital on January 8, the funeral being held on January 10 in St. George's Memorial Episcopal Church, thence to the family plot in St. Mary's Cemetery, Bismarck.

Mr. Murphy was born Feb. 20, 1880, a son of Alice and James Murphy of Sea View. He received his early education in the community school and at Prince of Wales College. He taught school in this Province for seven years (1897-1904) at Park Corner, Sea View and Fanning School at Malpeque.

His wife, the former Beatrice Alice MacLeod who died in 1931, was from Park Corner, and her brother, Everett MacLeod, still resides in French River.

Relatives In P. E. I. Ms. Murphy's brother Edwin lives at Sea View. Messrs. James R. Murphy, teacher in Sumner, Keensington, and Eddie Murphy, Sea View, are nephews, as was the late William Murphy whose death occurred a few weeks ago in Charlottetown.

Surviving him in the United States are a daughter, Miss Rita A. Murphy, and a son, E. Bruce Murphy, Washington, D.C. A second son, Capt. Lloyd G. Murphy, a prisoner of war at Bataan, was lost in the Pacific when the prisoners were being transferred to the mainland.

The following details of Mr. Murphy's career are from a Bismarck exchange: "Mr. Murphy came to North Dakota in July, 1904 and attended the state teachers college in Mayville, while waiting for the passing of the required year of residence before acquiring a teacher's certificate. In later years, he earned his B.A. degree from the University of North Dakota.

"His first period of superintendency of public schools in North Dakota was spent in Tower City where he was engaged from 1905 to 1913, then in Michigan, 1913 to 1917; next in Grafton, 1917 to 1922. "R.A. Nestos, governor, appointed him to membership on the board of administration in 1922, and he and his family came to Bismarck where they have resided since. A G. Sorlie, governor, re-appointed him to this board on which he served until 1931.

Appointed State Superintendent "In 1932 he became deputy state superintendent in the department of education under Arthur E. Thompson, then state superintendent of public instruction. In this capacity he served for eight years. "Upon creation of the Board of Higher Education in 1940 Mr. Murphy became its first secretary and continued to serve as such under the title of Commissioner

until 1943, when he suffered a cerebral hemorrhage. Since that time he had been a semi-invalid, making his home with his daughter, Miss Rita, who is head of the English department of the Bismarck high school. "Aside from his career in education, R. B. Murphy was active in the Democratic party since his naturalization. He was a national committeeman in 1924 and 1928. In 1932, he was an unsuccessful candidate for congress. He attended many national democratic conventions following 1920 at which he first met and became a friend of Franklin D. Roosevelt, then secretary of the navy. One of his most prized possessions was a photograph of the late president, autographed from friend to friend. "His principal hobbies in his active years were hunting in the sportsman's field and the playing of contract bridge.

"He was a pioneer basketball coach in North Dakota. It was he who started the training of the members of the Tower City team which won the second state championship in Michigan. He coached the team which in 1917 also won the championship. "During his time of activity, he belonged to several organizations. In 1905, he joined the Masonic Lodge in Tower City, and became a 32nd degree Mason, joining Kew Temple in Grafton. He was a member of the Modern Woodmen of America; in Bismarck a member of the Kiwanis Service club. He was also a member of the Elks lodge.

"Well known throughout the State, "R. B." as he was affectionately called, was in great demand as a public speaker on educational and political subjects. His ready Irish wit enlivened all of his talks."

Gets Five Years For Concrete-Block Slaying

WELLAND, Ont., Jan. 16 — (CP) — Frank Mahagan, 43, of nearby Port Colborne today was sentenced to five years for the concrete-block slaying of George Morrison, 41 year old transient seaman, Mahagan, who stood trial on a charge of manslaughter by a jury here last week. During the trial, he testified he killed Morrison in self-defence Dec. 15 during a drunken brawl in a jungle shack which the two men shared on Port Colborne's outskirts. He dragged the body 50 yards, dumped it into an old cement quarry and gave himself up to police the next day.

16 Killed In Plane Crash In Spain MADRID, Jan. 16 — (Reuters) — All 16 occupants of a military plane were killed when it crashed at Tobarra, near Albacete, today. The dead included two lieutenant-colonels of the Spanish army.

BOTH STORE HARDWARE DEPARTMENTS carry a full and complete line of the famous and popular Coleman appliances.
