Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2 1/2 ounces of Pinex in a 6-ounce bottle, then fill with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This you make in a 6-ounce family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soothes your cough and inflamed membranes. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

Gaudet, residing on St. George Street at the corner of Lewis Street, was struck by an automobile driven by Mr. Waldon Palmer of this city, last night and died on the way to the hospital. The accident occurred shortly before 8 o'clock and although it happened in front of the very door of the child's home, it was some two hours before the parents were aware that it was a child who had come to such an untimely end. On account of the little girl being masquerading as a boy it was some two hours after the accident before the parents were aware that the child was theirs, as a little boy was reported killed. It was not known how the accident happened but it is supposed that the child stepped from behind another car and in front of the car that ran her down. (The little girl who met such a sad and untimely death in the midst of her Halloween innocent enjoyment was a grand-daughter of Mrs. George Gaudet, and a niece of Mr. W. A. Gaudet, Business Manager of the Patriot and Mr. Fred Gaudet, Charlottetown. Her father formerly resided in this city.)

It was a great shock to the people of Stanley Bridge and the surrounding districts, when the sad news reached them of the passing away of Capt. Wm. A. Capt. Miller was a very capable seaman and was at the work he enjoyed most, when in command of his ship.

Capt. Miller was twice married, first to Louisa MacEwen, daughter of the late Arthur McEwen of Stanley Bridge, who pre-deceased him about 11 and a half years, by whom he had one son and two daughters. P. W. C. DEBATE.—Section A held a splendid debate yesterday morning on the subject: Resolved that the Yellow Race should be excluded from Canada. The speakers were as follows:—Pro—William Darby, Pearl Ramsay, Cyril Horton, Con. Andrew Lealie, Annie Martin, John Boyver, Helen Jamieson. The pro. speakers presented a strong case. The yellow man is a menace to the national welfare. He has a low standard of living, both morally and physically, which has a bad influence upon the character of the white man, and which enables the Japs and particularly the Chinese to work for wages which would be a mere pittance to a white man. Thus the Yellow Peril deprives the white man of his means of living. The con. side tried with some success to dispose of these and many other arguments. They declared that the Chinaman, after the development of his own country, would cease to emigrate. Without his labor the C. P. R. could not have been completed for fifty years. What a retarding of the advance of our country! The Chinaman is fully as law-abiding citizen as the white man and his character is every bit as good. The vote resulted in a victory for the pro side by a small margin. After a few remarks by the critic, Miss Linda Currie, and the Honorary President, the meeting adjourned.

Many relatives and friends were very sorry to hear of the sudden death in Melville, Saskatchewan of J. Albert Burns, a native and former resident of Freetown, P. E. I. The deceased was fifty-two years of age and was married to a Miss Saunders, formerly of Murray Bay, in this province. He leaves a family of two sons and one daughter, also two brothers, Isaac and Abijah Burns, well-known residents of Freetown. He left Prince Edward Island about twenty-five years ago, working for some years in Boston. Seventeen years ago he located in Melville, Saskatchewan and saw the town grow from a few families to its present size. The respect in which he was held was shown by his being elected one of the first town councillors when Melville was incorporated as a town. This office he continued to hold until his death. WHIST ENJOYED.—The whist and dance held in the Strand Theatre, Kensington on Wednesday night was one of the most successful of this season's tournaments. The event was skillfully arranged and as ably carried out. The playing was of the vulcanizing plant of Jas. Gesner, corner of Queen and Sydney Streets. The flames had already taken firm hold when the firemen arrived, but as two streams of water were soon playing on the blazing building it was quickly got under control and confined to a comparatively small area. The damage, covered by insurance was considerable, that to the building itself being estimated at \$1200. Stevensons tin shop adjoining was damaged by smoke and water and A. Aylward's store by smoke. Fire and water both, damaged the machinery of contents of the Gesner plant.

THE COACH'S JOB

Something of the taskmaster, the general and the diplomat, and a lot of the doctor must be hidden away in the man who would be the coach of a successful football or track team. Emergencies of all kinds are his daily routine. A thorough knowledge of first aid is as essential as a knowledge of the game played by his men. Bumps, bruises, strained ligaments and muscles are every day happenings. But the coach never becomes contemptuous of them. He knows that if neglected, they may result in anything. Trainers everywhere keep Absorbine Jr. in their lockers. They use it not only for sprains, cuts and bruises, but for the skin and blood protection of its disinfecting properties. In one convenient container it combines the functions of a number of preparations. It is the first of all the First Aid requisites in use in all of the leading athletic clubs. And there are just as many everyday uses for Absorbine Jr. in the homes of Canada as there are in the training camps. Always keep it in the home where you can "jump to it" in case of emergency. \$1.25 at your druggist.
