HOT WEATHER Health and Comfort if You Use Malt Breakfast Food.

An enjoyable and healthy breakfast is always assured in the hot weather when you make Malt Breakfast Food your first dish. Malt Breakfast Food is made by a special patented process; it is a scientific combination of the best Barley Malt and the choicest Wheat. It does not irritate the stomach and beat the blood like oatmeal and other grain foods. A trial of one package convinces all users. All Grocers.

CITY AND COUNTRY

Guardian Correspondents Everywhere.

Mrs. (Prof.) Watts sings tonight in the Central Christian Church.

The C. A. A. grounds will be lighted this evening with 350 incandescent electric lamps.

The ladies of the Methodist Church South purpose holding a strawberry festival early in July of which fuller notice will be given in due course.

Mrs. Balderston leaves soon for Prince Edward Island. She seems well pleased with the careful and judicious manner in which Messrs. Mollard and Lawson are dealing with the affairs of her deceased husband's estate.—Regina Standard.

THE INVENTOR'S WORK.—Feeling confident that the report of patents granted, which we have been in the habit of publishing heretofore interests a great many of our readers, we have decided for the future to supply regularly a list of patents granted by the Canadian or American governments. Information regarding any of these patents will be supplied free of charge by Messrs. Marion & Marion, Patent Attorneys, Montreal and Washington, D. C., to any reader who mentions the name of this paper when applying, 673,397, David M. Bredin, Picton, Ont., self closing faucet; 675,399, Alf. Ed. McCormack, Lachine, P. Q., Guard; 675,593, Allen Haworth, Hillsboro, Oregon, churn; 675,604, August Munschel, Montreal, P. Q., speed regulator for prime motor; 675,639, Luc Patry, Montreal, P. Q., artificial fuel; 676,217, Francis W. Briggs, Montreal, P. Q., book keeping system; 676,301, William Brandon, Kinsmore, Man., hand cutter and feeder. The "Inventor's Help," a 148 page book, containing information about the cost of obtaining patents, will be sent to any address by Messrs. Marion & Marion, on receipt of 10 cents.

The other day a young man from the country walked into a well-known dentist's office by mistake, thinking he was in a photographer's place of business. He told what he wanted in a low tone, perhaps modestly thinking how his picture would look when he showed it to his best girl, and with such thoughts in mind not caring to speak very loud. The dentist, whose mind was wholly occupied with things pertaining to his professional duties invited the patient to take a seat in the chair in which so many have suffered from apprehension, if not from pain. Before complying the youth proceeded to the mirror, adjusted his necktie and after giving some finishing touches to his locks and incipient mustache, smilingly seated himself in the chair as requested where he assumed an amiable and "fetching" expression of countenance. The somewhat surprised manipulator of the forceps viewed his visitor with great interest. He had seldom had a patient who seemed so willing to undergo either a filling or an extracting operation. Evidently he was a veritable believer in "painless" dentistry. The dentist approached the chair with the little mirror in hand, used for the purpose of obtaining a view of the mouth's interior. "Please open your mouth," he said. The young man complied, displaying a complete upper and lower set of nature's strongest production in ivory. The dentist carefully surveyed each particular molar, incisor and cuspid in leisurely succession, but failed to find any one requiring professional attention. After gently tapping one or two of the teeth he blandly inquired, "which particular tooth was giving you trouble?" "There aint none of 'em giving me no trouble" said the now irate youth as he sprang from the chair and seized his hat. "I come here to have my picture took." Then it also dawned upon the dentist that two men had made a mistake.

This evening Mrs. Ruthford Dominion President of the W. C. T. U. will speak in the Central Christian Church. There will be addresses of welcome by the Premier, Mayor, Dr. Anderson and others.

Prizes will be paid to above on their signing the service roll open now at my studio. By order.—W. Harry Watts, Sec. Treas.

At a meeting of the Executive Committee of the Maritime Stock Breeders' Association at Amherst last week it was decided that a Fat Stock, Dairy and Poultry Show would be held by the Association at some central point in the Maritime Provinces on the 18th, 19th and 20th December next. The choice of location will depend largely upon the desire which different towns or cities express. Over \$2000 will be offered in prizes. After the cattle, sheep and swine have been judged alive, a number of them will be slaughtered and submitted to the test. Lectures will be given on the breeding, selection and feeding of the different classes of animals, and also as to the desirability or otherwise of the various carcasses. The Dominion Department of Agriculture is co-operating with the Provincial Departments to make this winter show a great object lesson in meat production. Already a number of beef raisers are preparing to feed some good cattle. Handsome prizes will be given. A practical test of the dairy cow also will be made. The different poultry Associations in the three Provinces will be asked to join with this movement, and so insure a grand poultry display. Dressed poultry, and the killing and packing of poultry for export will be shown. This show will furnish a splendid opportunity for our meat dealers to secure their Christmas supplies, and save them the trouble and expense of sending to Ontario, and there competing with Upper Province meat dealers, and will undoubtedly do much to encourage the feeding of more and better animals.

Great Victory.

BARNABY RIVER, N. B. Mar.—Few cases of illness and recovery have excited the interest in this community, as has the kidney trouble of Mr. Cornelius Crotchie. Mr. Crotchie's treatment by the doctors at home and in the hospital, and the fact that they absolutely gave him up as a case beyond all hope, is well known. His subsequent restoration by the use of Dodd's Kidney Pills reads like a miracle. "For five years I have suffered off and on with kidney trouble. Last fall I had an attack for which the doctors had little hope of my recovery. I was obliged to go to the hospital for treatment, but it did me no good, so I came home given up by the doctors. A friend suggested Dodd's Kidney Pills. From the first box I improved. Now I am at my work every day."

VALUE OF BRITAIN'S LINENS.

Between 1861 and 1871 British factories turned out 2,000,000 miles of linen goods made from £50,000,000 worth of flax. This record has not been equalled in any decade since.

For the masses not the classes, BENTLEY'S Liniment is the family medicine est. Price 10 and 25c.

TIED OF RESTRICTION.

Boston Herald: Boston merchants are tired of having to boost trade over the Canadian tariff fence, and would like to have the top rail removed.

KUMFORT Headache Powders are safe, pleasant, and effectual. They contain no poisons or any harmful drug. They create no habit from continued use.

CURIOSITIES IN GLASGOW.

Among the curiosities to be seen at the Glasgow Exhibition are a pair of curling stones which belonged to Sir Walter Scott and a pair owned by Lord Cockburn, Lord Chief Justice. There are also to be seen three single stones, which were in use over one hundred years ago, one of which has a ring attachment and another a more modern handle.

BENTLEY'S is the best Liniment.

A Musical Story

A young lady teacher residing not many miles from Ch'town—decided to purchase an Organ. We quoted her prices on our high grade Organ—She decided to buy a cheaper one she saw advertised by a foreign house—She did so—paid freight, cartage, etc.—in a month's time the instrument was "away out" she had it repaired—in a short time it was "out" again she got no satisfaction from it—she came to us—bought one of ours with a guarantee—now she has no trouble.

It pays to buy our guaranteed instruments at.

MILLER BROS.

"The Leading Music House."

FIRE PROOF SAFES

The man who locked the stable after his horse has been stolen must have been a very near relation to the merchant who puts off buying a fire proof safe until after his store is burned down and his account books destroyed. There was a time when high grade fire proof safes cost a lot of money. That was in the days when manufacturers believed in small sales and big profits. Today a guaranteed fire proof safe of small dimensions, can be bought as low as \$35.00. Catalogues and quotations on various sizes may be obtained by writing to
