

TOO MANY CHILDREN

are pale and frail—backward in studies—with pinched faces and poor blood—their minds and bodies are actually starved because their regular food does not nourish.

Such children need *Scott's Emulsion* above everything else; it contains nature's rarest life-giving fats; it is essentially food—blood-food and bone-food, free from wine, alcohol or harmful drug.

Scott's Emulsion often builds many times its weight in solid flesh—its medicinal, tonic and nutritive properties make all good food do good.

IT IS NOT A PROP, BUT A FOUNDATION FOR STURDY GROWTH.

Every Druggist Has It. Avoid Substitutes.

NAMED FOR THE PARISH OF TRENTON

TRENTON, October 15—The bishop of Nova Scotia has appointed the Rev. W. W. Clarkson rector of this parish. Mr. Clarkson is an Englishman by birth and before coming here labored in the diocese of Newfoundland. Arrangements are being made to erect a rectory at once and also a church in this growing industrial centre for the adherents of the English church.

LARGE STADIUM BUILT IN A MONTH

Larger than the stadiums of ancient Greece and comparing favorably with the grandstands on the athletic fields of large American colleges was the temporary wooden amphitheater erected in Denver for the Knights Templar conclave early in the summer. It was 710 ft. long, 410 ft.

The Fall Weather Hard On Little Ones

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"HOCKEY-MO," THE NEW MOTORCYCLE SPORT

A new sport known as "hockey-mo" is being introduced among English motor-cyclists, says the November Popular Mechanics Magazine, in an illustrated article. At the start a ball is placed in front of the machine of each player, and at a given signal the motorcyclists start, each driving his ball forward until it passes through the goal about a hundred yards distant. The game is won by the player whose ball first passes the goal. Numerous possibilities in the way of collisions and upsets accompany the sport.

A Separation Granted.

Not by process of law, but by the silent working of "Putnam's" are corns separated from aching toes. Any corn or wart that "Putnam's" won't cure hasn't been discovered yet. Insist on Putnam's Corn Extractor only 25c. at all dealers.

Give them Bovril

Because the Body-Building Power of Bovril has been proved to be from 10 to 20 times the amount taken.

THE LONG-TAILED ROOSTERS OF JAPAN

The breeding of roosters with long tail feathers has long been the pastime of the natives of Shinowara, on the island of Shikoku, Japan. By patient selection of a breed of fowls, continued through 100 years, the tail feathers of the ordinary barn yard cock have been lengthened until some of the roosters on the island now have tail feathers measuring 18 ft.—From the November Popular Mechanics Magazine.

MORE MONEY FOR THE SMALL DEALER

The big man isn't big in spite of the Telephone—it's because of it, to a certain extent. If you're satisfied with the profits your great grand father made, if you just want to eke out a bare existence from your business—if more, don't look good to you—well, a phone will be just in the way—a bothersome ornament. The phone will bring you business—it will prove its worth in better returns in actual additional cost in your till. Let Contract Dept. prove these facts to you.

Charlottetown BUSINESS COLLEGE
AND INSTITUTE OF SHORTHAND & TYPEWRITING

It has not a failure in the Civil Service Examinations. It has produced the ONLY COURT REPORTER to Pass the Provincial Examination. It teaches but one system of Shorthand, Bonn Pitman, known as, THE BEST. It is the only institution in this Province that has supplied young lady Court and Verbatim Reporters. It, by record, takes less time to prepare students in shorthand and type writing than any other institution. Its Courses in Business Training are by common consent acknowledged far in advance of others. Its graduates are in demand everywhere. It produces RESULTS and advertises FACTS.
