Madras Air Squadron Tours United States

NEW DELHI, Aug. 5—(CP)—Regarded as the crack Pathfinder force of Britain's Bomber Command, No. 35 Madras Presidency Squadron is representing the Royal Air Force during America's Air Force Day celebrations. The squadron will cover 18,000 miles in the course of a month's tour of the United States.

Named after the Madras Presidency—for it was the people of Madras who raised the money to pay for this formation's aircraft—the squadron was the first in the R.A.F. to be equipped with Halifax bombers. Among the hundreds of awards won by its members are 19 D.S.O.'s, six bars to the D.S.O., 295 D.F.C.'s and 27 bars to the D.F.C. and 173 D.F.M.'s.

During the war, the squadron played a major part in the air offensive against Germany, flying more than 13,000 operational hours by night and over 1,000 operational hours by day. It participated inn the 1,000 bomber raid on Cologne, bombed the Scharnhorst and the Gneisenau at Brest, took part in daylight raids on Berlin and carried out a 1,700-mile mission to Trieste and back. It also gave heavy support in Normandy or D-Day in bombing coastal gunsites before the Allied landing. After the Allied invasion of the continent had made headway, the Madras Presidency Squadron was switched to dropping food and medical supplies to starving Dutch civilians and inmates of German concentration camps.

Crop Report

WINNIPEG, Aug. 4 —Weather over the whole Prairie region has been extremely hot and dry during the past week and is causing the crop to ripen very rapidly, late sown grain is suffering and not filling completely. A general rain would be welcome to complete filling of all crops. Barley harvesting has commenced and general harvesting should be under way in a week to ten days. Reports of last weeks frost damage are difficult to assess, but vary from five to fifty percent in the areas affected, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways.

Starvation stalks in many lands. If we in Canada buy and use less bread, flour and other wheat products—if we cut our consumption of meat, eggs and cheese, the Dominion government can ship abroad greater quantities of these vital foods to the hungary.

GERALD FREAM BRYENTON

There passed peacefully away on July 17th the soul of Gerald Bryenton son of Mr. and Mrs Horace Bryenton of Kensington. Gerald, who had just passed his eleventh birthday had never enjoyed good health and his devoted parents tried everything that medical skill and tender nursing could suggest to improve his condition but God willed otherwise and on the above mentioned date his gentle Spirit winged its way to its Creator after a few days illness of pneumonia.

His parents have the sympathy of a host of friends who came in large numbers to offer condolence in various ways and to attend his funeral which was held on July 18th. The service was conducted by their pastor Rev. D. Noel, assisted by Rev B. Fream, a former pastor.

The hymns sung were "Mother of Salem" "When He Cometh" and "Jesus Loves Me"

His casket was covered with beautiful floral tributes silent heartfelt expressions of love and sympathy. The pallbearers were Wesley and Wally Cole, Clarence McCarville and Newton McArthur. He was tenderly laid to rest in the Kensington Cemetery beside a baby sister Elizabeth, who predeceased him.—K.

Bristol and Vicinity

A welcome visitor here last week, Mr. Fred L. O'Brien, of Somerville, Mass. Forty two years have gone since Mr. O'Brien as a youth left Bristol, after serving his time in his father's blacksmith shop, despite all those years he recalls many of the good old days when he spent his short vacation of five days with his sister and brother, Mrs. James A. O'Brien, and John T. O'Brien, Mr. O'Brien has been employed with the Boston Elevated Railway for many years in the machine shop.

Mrs. Elmer McEwen, has returned home from the P.E. Island Hospital.

Miss Mary Sinnott, has returned home from Truro, N.S., after spending a two weeks visit with friends there.

Mr. and Mrs. Joseph Campbell, who were visiting Mrs. Campbell's old home here have returned to their home in Halifax, N.S., Their little daughter making her first trip to Bristol, was with them.

Mrs. P.R. Sinnott, and daughters Rachel, and Lauraine are at present visiting with friends in Halifax, N.S.

Mr. John T. O'Brien, has received a letter from his sister, Mrs. John A. Hughes Arlington, Mass., stating she was spending a vacation in the white mountains of N.H., and they planned to motor to the Island later in the summer. Mrs. Hughes left Bristol sixty-seven years ago and today is a smart lady at eighty-two.

Heavy fishing here has taxed the packing plants to the limit and some days they are unable to handle all the fish. Mr. Laurance Gauthier, one of our best men landed twenty two hundred dressed fish one day last week and the day previous nineteen hundred and the price is very good.

No new potatoes have appeared here yet, despite the fact they are on the market in the city.

Dr. R.J. MacDonald, the daddy of them all, is still on the job and a busy man. Long may he carry on bringing ease and comfort to the sick.

A very welcome visitor here at present is the former Blanche McEwen, who has been in the U.S. for thirty years. She is spending a month at her old home here, sadly missing her father who has passed on. Her mother is residing in Morell.

Mr. Leo Lapierre, Madgalen Islands, has returned to his home after visiting his parents here, Mr. and Mrs. John Lepierre. A brother Angus who was discharged from the army recently has gone to the gulf Islands to enter business with his brother.

Two young men who had gone a long way in their plans to operate a new saw mill here have changed their minds and after buying the outfit and getting it near ready sold the outfit and Bristol is left without her much looked for new mills.

Nigerian Prince Irish Track Star

BELFAST, August 5 —(CP)— A Nigerian prince who sprints with the grace of a panther and leaps with the ease of an antelope is Northern Ireland's "black hope" for world track honors.

Adegbeyega F. Adedeyin on the records of Queen's University — fellow students shorten it to "Addy" —the slender, six foot African already is in the front rank of Britain's high jumpers, and means to seek recognition "if medical studies permit".

This 23-year-old son of the Oka Akarigbo (king) of Ijabu-Remo, a British protectorate, jumped six feet four inches recently— seven inches short of the world mark set by Les Steers (U.S.A.) in 1941.

"I feel I am going to improve" he says in faultless English. "I have been selected on the British team to meet Holland at Antwerp and on the team to oppose France at London.

"But my ultimate goal is the world record, though it is a long way off yet."

Democratic Prince

The cheerful, almost cherubic "Addy" dislikes being called "Prince". His study, however, is furnished in princely fashion, setting off his growing collection of cups and medals.

Before breaking a ten-year record with his six feet, one inch jump in the British Universities championships this spring, Addy had set a college record of 23 feet four inches in the broad jump and another of 44 feet, 10 inches in the hop, step and jump.

He also is a near-champion hurdler and does well in sprint events.

One of "many" children, as he puts it, Addy dreamed one night, back in Africa that he could jump as high as other people pole-vaulted. The memory boosted his spirits in a prep school meet next day: "I jumped as I had never done before."

As a younger son Addy will not succeed his father on the throne. He plans to practice medicine in the British Isles for a short time after completing his studies in about three years and then he will return home.

MRS. JAMES GREGOR

There passed away on Wednesday, July 17th at the home of Mr. Ewen MacMillan, York Point, Mrs. James Gregor. She was born at Black River in the year 1855 and was the second youngest of a family of eleven children of Mr. and Mrs. John Matheson, her maiden name being Barbara Elizabeth. She was married seventy-three years ago to James H. Gregor of Brackley, the only son of Charles and Margaret Gregor and for fifty years they lived happily together. Her husband pre-deceased her some twenty-three years ago. In 1914 they moved from their farm at Brackley and took up residence in Charlottetown. For the past thirteen years she has resided with Mr. and Mrs. Ewen MacMillan, York Point.

Mrs. Gregor was a lady of fine Christian virtues and character. She had the faculty of making friends and was, herself, a good and loyal friend to many. Her passing to higher service brought a profound sense of regret to many who had been blessed by her love and fellowship but they will cherish a sweet memory of a life well spent. For many years she was a true and faithful member of the Presbyterian Church, Covehead but later became an honoured member of Zion Presbyterian Church, Charlottetown.

Her family consisted of one son, Charles at Brackley Point and two daughters, Mrs. Percy R. Bryenton of Calgary and Mrs. A.A. Pomeroy of York Point, all of whom survive to mourn her loss. There are also two grandchildren, Walter Gregor of Brackley and Spencer Gregor of London, Ontario.

The funeral service was conducted at her late residece, York Point of Sunday, July 21st, 1946 by Rev: G. Carlyle Webster, of Zion Church. The pall-bearers were all relatives of the deceased, Messrs Walter and Spencer Gregor, Walter Matheson, Gordon Shaw and Lorne and Gordon MacMillan. Interment was in the family plot at the People's Cemetery.

Webster, at Glen Alden Cabins a few days ago. It is twenty four years since as a boy he lived with her for two years and now a young lady of ninety years, she is very smart and they are both looking forward to another visit very soon. B.
