Address and Presentation TO THE REV. THOMAS W. TRAINOR

Sunday afternoon previous to a meeting of the League of the Cross, the presentation of a valuable gift was made to Rev. W. T. Trainor, who for many years was a member of the Society. The presentation was made by Mr. W. J. Brawders, President, the address being read by Mr. A. Joy, as follows:—

To Rev. William Thomas Trainor, Rev. and Dear Sir:—

Certain occasions and events in the passing of the years stand out prominently in the lives of each one of us. Your recent ordination to the Holy Priesthood and the celebration of your first solemn High Mass, are most significant events in your life.

The members of the League of the Cross, and particularly your former associates in the Society and Band, have asked you to meet them today, that they may offer their congratulations on the occasion of your ordination and express their pleasure that they had the opportunity of assisting at your first High Mass.

These events you have looked forward to, during the years of training as your immediate, and hoped for goal, and their happy accomplishment, though now of the past, will never be forgotten though the flight of time may dim and the urge of duty at hand, may push aside, these recollections.

As an earnest of our wish that time and duty may never take away the true happiness of this occasion, we ask you to accept this small token.

Realizing that it is only by the self-sacrificing zeal of those who respond to the call of God, for workers in his vineyard that the fruits of holy religion are brought to the people, we feel that devotion and gratitude should be the continuous gift of a people to their priest.

Happy is the community that realizes this.

That your future may be cast in such an environment and "Soggarth Aroon" is the happiness we sincerely wish you.

Signed on behalf of the L. of C. Society, and Band.

AMBROSE JOY, Secretary,
W. J. BRAWDERS, Band Master
Charlottetown, P. E. I., July 2, 1922

Father Trainor in a neat speech graciously acknowledged the gift and spoke of his early days in the League of the Cross. He gave a brief outline of seminary work and concluded by saying the presentation was only another of the many thoughtful acts of the Society.

The Spiritual Director, Rev. Maurice McDonald, followed, saying the Society made an excellent choice in the gift to the young Priest, articles that every Priest must have in the exercise of his sacred duties. He went on to say that it was noticeable the number of young men, members of the League of the Cross, who are preparing for the Holy Priesthood.

Father Trainor will remain in the city for a few days before leaving for Antigonish.

TUG SPRAY IS SUNK

MONTREAL, July 3.—The bodies of five men and a woman, the cook of the ill-fated Tug Spray, lie in the bottom of the iron cabins on the bottom of the St. Lawrence just off L'Anse-au-Loup, some six miles west of Sorel, as a result of the crash which sent the Spray to its doom at 2:15 o'clock this morning.

From the meager details which could be gleaned from members of the crew of the Cairndu, the Robert Reford Company ship which collided with the Spray, the latter sank within one minute of the crash. The night was inky black and the members of the crew who were off duty were sound asleep in their cabins. They did not even have time to escape from their bunks before they were plunged to the bottom, trapped without the least hope of escape. The Spray appears to have been side swept by the Cairndu and sank, only these on the upper deck having any chance for their lives. They were hurled into the murky river and struggled about until picked up by their experience were terrible, some of them being swirled downward into the depths by the suction of the sinking boat.

The Spray was towing a barge at the time of the disaster and immediately the crash occurred. A lifeboat was launched by the barge and sent to the rescue of the foundering crew effected. Within an hour a tug was sent out from Sorel by the owners of the Spray, The St. Lawrence Line and two divers began their hunt for the imprisoned bodies. As yet late this afternoon no recoveries have been reported and the fear is being entertained that none may be located until the doomed ship is refloated.

Against Admitting Women To Ministry

TORONTO, July 4.—Quarterly official boards of the Methodist Church in Canada have voted, by a comparatively small majority, against the admission of women into the ministry. Compilation of the returns from the various quarterly boards throughout the Dominion made public here today by Rev. Dr. T. Albert Moore, General Conference secretary, shows a majority of 49 boards against the proposal and a majority of 495 individual members of the quarterly boards against. The vote will be reported to the Methodist General Conference at its meeting here in September, when the question of admitting women to the ministry doubtless will come up for discussion.

Following are some of the figures in connection with the vote: Number of quarterly boards reporting, 1,146 out of 2,082; number giving majority in favor of the admission of women, 509; number giving majority against, 558; number declining to vote, 25; number giving tie vote, 54; majority against proposal 49.

Number of officials present at meetings of boards which reported, 12,390 out of a membership of 25,076; number voting for the proposal, 5,754; number voting against, 6,249; number declining to vote, 387; majority against proposal, 495.

The result of the vote is regarded as not settling the question conclusively.

Lindsay. Clerk—Rev. A. H. Whitman. Ass. Clerk—Alvin Robertson. (Sec.)

Seven new pastors were welcomed into the Association by Prof. A. J. Clark.

A report on the work of the Grand Ligue mission in the province of Quebec, was read by Rev. R. W. Lindsay of Alexandria. This report showed that there were 195 pupils in attendance at the Grand Ligue Institute last year. The missionaries of Grand Ligue have distributed 1,426 copies of the word of God, and about 33,000 pages of religious literature. 42 have been baptized during the year.

The afternoon session was conducted by the Women's Missionary Society, under the leadership of the Prov. Sect. Mrs. Glidden of Summerside. The scriptures were read by Mrs. N. A. Both of the addresses were well presented and much appreciated by the large audience present. A solo was beautifully rendered by Mr. Pogson of Charlottetown.

On Saturday morning the clerk read a digest of the letters which he had received from the churches of the Association. These showed the work for the most part, a very healthy condition with most of the churches under efficient pastoral care.

The report on Education, was presented by Mr. J. K. Ross, of Charlottetown. The report showed an enrollment of 1893 pupils with 165 officers, and 160 teachers. At least \$20,000 should be raised this year for the support of this work.

Rev. J. B. Daggitt gave an excellent address upon our Denominational literature, pointing out the

AMERICA'S BIG STRIKE

CHICAGO, July 4.—America today confronted with one of the greatest strike crises since 1894. Four hundred railway shippers were called out on strike while 1,000,000 miners were already striking. As the railroaders were trooping from shops throughout the country, President Harding was addressing representatives of the miners and operators in Washington in an effort to stop the coal strike which has been in progress thirteen weeks. The exact number of shippers who will obey the strike order is not known.

First reports from Albany were that the men walked out of the New York Central Roundhouse, but half an hour after the strike went into effect they were still at work in other shops around Albany. Meanwhile in Chicago Ben W. Hoge, per, chairman of the United States Railroad Labor Board, whose authority has been defied by the Unions involved in this walk out, admitted the Government had done everything possible to avoid the Railroad strike, but had failed.

CALGARY OUTLOOK BRIGHT

CALGARY, ALBERTA, July 4.—Cephus rains north and east have relieved any immediate anxiety about Alberta crops, and the conditions are the most favourable for some years. General trade is beginning to show the influence of the favourable outlook.
