West Newton, Mass. John A. McPhee in charge. 2878-6-11mth&sat1.

Absolute Safety of Principal

The man who has accumulated a few hundred dollars by hard work, must of necessity be most careful as to any investment into which he puts his capital.

Municipal Debentures are most desirable for this purpose. They are a charge upon the entire Assets of a Municipality and therefore furnish excellent security to the investor. Then too, the investor is assured of regular interest payments at given dates.

Taking into consideration the security offered, the rates are most favorable. We can offer Municipals to net 6 per cent. Full particulars on request.

Marguerite, Maratonis, Orlando and El President 2 for a Quarter. Peg Top Stone Wall Jackson, Black and White and Tuckett's Bouquet 5c. McKinnon Drug Co., Cor., Great George and Kent Streets. Mt.

Indigestion and Headaches

Arising From Constipation, Cured and Regular Habits Established by Dr. Chase's Kidney-Liver Pills.

In the western Provinces, where so many thousands live far from doctors and drug stores, very many rely on Dr. Chase's medicines to cure diseases and maintain health and strength. This letter gives some idea of what perfect control Dr. Chase's Kidney-Liver Pills exert over the most common ailments of life. Mrs. H. K. Haver, farmer's wife, Eastburg, Alta., writes: "For about ten years I suffered from constipation, indigestion, headache and languid feelings. Treatment from two or three doctors afforded only temporary relief, so I turned to Dr. Chase's Kidney-Liver Pills, and with most satisfactory results. Headaches have disappeared, regular habits established and general health very much better. Both my husband and I can speak highly of Dr. Chase's Kidney-Liver Pills, as we have both been greatly benefited by them." One pill-dose. 25c. a box, 5 for \$1.00. All dealers or Edmondson, Bates & Co., Limited, Toronto.

CANADA A COUNTRY OF YOUNG PEOPLE

Over Eight Hundred in Every Thousand Are Under Forty-five Years of Age

That Canada is pre-eminently a country of young people is shown by the fact that 813 persons in every one thousand of the population are under forty-five years of age. It is also a country where males predominate, since the number of males exceeds the number of females by about half a million. The influence of immigration on the relative standing of the sexes is shown by the fact that there are 113 men to every 100 women, as compared to 105 to 100 ten years ago. The disproportion between the sexes is especially noticeable in western Canada. In the eastern cities the female population in practically every case outnumbers the males. These are some of the interesting facts disclosed by a census bulletin just issued dealing with the ages and the sexes of the people.

The proportion of the population under fourteen years of age is 32.91 per cent. The largest number of children is found in the Province of Quebec, where 273.5 out of every thousand of the population are under ten years of age, as compared with 200.3 in Ontario, 166.3 in British Columbia, 245 in New Brunswick, and 231.9 in Nova Scotia.

Young People in West

The western Provinces are the regions of young men and women, as is shown by the large percentage of population between the ages of twenty and forty. In Saskatchewan it is 450.7 per thousand of the population, in Alberta 457.3, in Manitoba 417.3, and in British Columbia 522.8. The Provinces showing the largest proportion over seventy years of age are the three Maritime Provinces and Ontario, with 46.6 for Nova Scotia, 38.1 for New Brunswick, and 34.7 for Ontario respectively per thousand. In Alberta the proportion is only 8.2, in Saskatchewan 8.8, and in Manitoba 13.3.

For all of Canada the proportion of the population under five years of age is 12.3 per cent., as against 11.97 per cent. 6 years ago, whilst those who had reached the allotted span of life represented only 2.31 per cent. in the last census, as compared with 3.04 in the preceding census. At the age of seventy the ratio of males to females is about even. From eighty years of age and upwards the female population exhibits a greater tenacity of life than do the males.

Bachelors and Spinners

The proportion of divorces for both sexes is only about six in every ten thousand. Of the total male population, 62 per cent. are single, 34.85 per cent. are married, and 2.33 per cent. widowed; of the total female population, 57.37 per cent. are single, 36.97 per cent. married, and 5.31 per cent. widowed.

The records of the last census show that one male and thirty females under the age of fifteen had assumed the cares of married life. The one adventurous male was a foreigner in Alberta. Of the total male and female population of marriageable age—namely, between twenty and forty—45.8 per cent. of the males and 68.6 per cent. of the males and 63.6 per cent. of the females were married.

The rate of mortality is greater among married males than among married females, since the percentage of the widowed is greater for males at every age period. The total number of divorced persons in Canada is given at 4,400. The larger proportion according to nativity are among those of foreign birth. When the census was taken there were 919 persons in Canada between the ages of ninety-five and ninety-nine years, and 120 of a hundred years or over. There were 37 centenarians in Ontario and 21 in Quebec.

Our Egg Supplies

Canada, an agricultural country, imports eggs. Over thirteen million dozen eggs were purchased in the United States for consumption in Canada. These eggs were worth nearly three million dollars. Both the production and the consumption of eggs in Canada is increasing, but the consumption is increasing much faster than the production.

A few years ago less than a million dozen were imported, but each year since the quantity has practically doubled.

Lineman's Torch

For the convenience of linemen a new alcohol torch can be suspended around a joint to be soldered, leaving its user's hands free to manipulate the soldering iron and hold it self on a pole.

Warning to Canada

The London News says: "Canada is a land of enormous natural resources which are being exploited in great recklessness. The future will pay a heavy price for it all."

PERSONALS

Mr. Mark McGuigan, St. Ann's, has arrived home from St. Dunstan's College, Charlottetown.—Z.

FAR AND WIDE

LETTERS SPEAK VOLUMES

The following few samples of letters recently received by The Guardian speak for themselves:

Star Falls, Iowa.

The Postmaster, Charlottetown, P. E. I.

Dear Sir.—I desire to get into touch with a certain publication of your city but cannot recall the name at this time. The first letter of the name, if I remember well, is G.

If this letter suggests the name of the publication to you, please hand this letter to the publisher.

If the publisher kindly sends me a copy of his publication, he may secure a new subscriber. The publication has handled fox-farming in your province interestingly; AT LEAST, IT IS AN OBT-QUOTED REFERENCE.

Trusting that my request meets your kind support, I await response of the publisher and shall be obliged to both of you if I make the desired connection.

West Roxbury, Mass.

The Charlottetown Guardian, Charlottetown, P. E. I.

Dear Sir.—Please enter my subscription for one year beginning March 2nd., 1914, and kindly send back numbers from that date.

I wish to keep in touch with the black fox industry in your Province and KNOW OF NO BETTER WAY than through the medium of YOUR UP-TO-DATE PAPER.

I don't know the exact rate to U. S. A., but am sending money order for \$3. If that does not cover, please enter my subscription and advise me of balance due.

Jacksonville, Florida.

Editor, Charlottetown Guardian, P. E. I.

Mr. L.—has asked me to send for your paper as he has become interested in the fox ranching business and in order to post himself would take your paper to keep up with it. If not asking too much, he would appreciate if you would send him an issue giving the dividends paid last year which have been quoted here.

Graniteville, Mass.

Charlottetown Guardian, Charlottetown, P. E. I.

Gentlemen,—I herewith enclose money order for subscription to your morning daily, presuming this is the edition which has the most fox news in it.

If you have any back numbers which within the last six months have given any special fox news, I would appreciate if you can mail them to me, taking the amount out of my subscription.

Yarmouth, N.S.

Dear Sir,—Enclosed find P.O. Order in payment of The Guardian. I am about to organize a fox ranch here and want THE PAPER BEST ADAPTED TO MY USE. I want all kinds of information and leave the choice of the Morning or Evening Guardians to you.

Beware of Ointments for Cataract that Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.
