—INDIAN RIVER.—The May meeting of Indian River Institute was held at the home of Mrs. Austin MacLellan with fourteen members and three visitors present. Roll call was answered with "Ways of making money," and many good suggestions were given. Gifts of oranges and vitone have been bought for the sick. It was decided to purchase two new books for the use of entrance pupils. It was also decided to hold a weighing contest at the next meeting. After a delicious lunch was served, the following program was rendered. Organ selections, Annie Murphy, Vocal duet, Theodora Gallant and Fred Richards; Solo, Frances Shea; Violin and organ music, Brendan Driscoll and Madge Brander, also Roderick S. MacLellan and Mrs. Edgar Hickey, and lastly a number of organ selections by Madge Brander. The meeting closed with the National Anthem. Next meeting to be held at the home of Mrs. Wilfred Gillis.

—Mr. Reuben Dickleson, Mill Valley, recently had a very successful sale. The property sold, realized good prices, cows netting \$65 and \$70. The farm will be occupied by Mr. Cecil Paynter. Mr. Dickleson will retire to take up residence in Kensington. Thrice welcome is he.—Y.

Tommy had handed in his home work and the teacher had examined it closely.

"Tommy," he said, "this looks very like your father's writing. What have you got to say?"

"Well, teacher," said Tommy after a considerable pause, "now I come to think of it, I used his fountain pen."

The Granting Of Titles

(Canadian Press)

OTTAWA, June 8.—Probably I am a reactionary, but I think it is far better to be knighted by King George than to be a member of a fraternal organization, stated Armand Laverigne, Conservative member for Montigny and Deputy Speaker of the House of Commons, speaking today of his resolution to restore the granting of titles to Canadians which have been banned since 1919. I do not believe in democracy except when tempered by monarchy, said Mr. Laverigne. I believe in titles to differentiate Canada from the United States and to reaffirm our convictions in British institutions and traditions. There are some services which cannot be paid for in money. At least I hope so. In my humble opinion, being a Conservative I think the greatest honor a man can get is recognition from his Sovereign. I fall to see why in the British Empire a legitimate King should be deprived of the function exercised by the Pope and every foreign country, especially France, which has been acting as part of the Liberal party machine in the Province of Quebec.

MOUNT STEWART AND VICINITY

Misses Cora and Jennie Douglas, Charlottetown spent the week end at the home of their parents Mr. and Mrs. Nathan Douglas, Mount Stewart.

Mr. R. B. Rattray and daughter Roberta, Charlottetown were visitors to Savage Harbor recently.

Services were held in Mount Stewart United Church on Sunday at eleven a.m. Rev. M. K. Charman, pastor.

Miss Hattie Pigot, has returned to her home in Savage Harbor after spending the past few months attending Prince of Wales College, where she successfully passed her examinations and received her certificate.

Lodge's Theory Of New World

(Canadian Press)

LONDON, June 8.—Sir Oliver Lodge nearing 80 years is quoted by the Daily Mail as predicting that the next revolutionary development of science will be the discovery of a new world. It will be a spiritual world which interacts with the material world and yet is not of it. He said it will be discovered that man is not the highest being of which we have cognizance, but that there is a multitude of other intelligences, some of them far more highly endowed than ourselves. The universe is much bigger and more complex than we thought and we are slowly awakening to the discovery of a new world to which our senses give us hardly a clue. Referring to his 80th birthday next Friday, he said as long as man can keep well there is plenty for him to do whatever his age. But it is no good darning along in a state of senility. A man may be young at seventy and we should aim at living to be a hundred.

PETERS ROAD AND VICINITY

At this time of writing, June 1st, a glorious rain is descending, gladdening the whole face of nature with its enriching effect. As one of our local poets puts it:
A dry May and a showery June,
Makes the farmer whistle a merry tune."

Farmers in this vicinity have about completed seeding operations, and are now busy with the work of potato planting.

Quite as large an area of the tubers will be planted this year as last. A large quantity of fertilizers are being applied as well as stable manure.

Messrs Poole and Thompson's large shipload of fertilizers for Murray Harbor North, Cambridge, Sturgeon, Peter's Road and vicinity arrived here per Schr. "Elva H" and docked at Clow's wharf on Wednesday 27th ult. A portion of the cargo was consigned to Fortune and Annandale.

Mr. Harry Miller, Murray Harbor North had charge of delivering orders here which were disposed of to the satisfaction of all concerned. The fertilizers were delivered in excellent condition.

The funeral services of the late Mrs. Benjamin Richards (nee Laura May Higginbotham) Cambridge, were held on Thursday May 28th in the Presbyterian Church at Peters Road. A very large assemblage of relatives and friends were present. The services were conducted by Rev. Mr. Gibson of Montague, and the Pastor Rev. Mr. Currie of Murray Harbor North, who preached a most appropriate sermon on the occasion from I. Corinthians 15th chapter, verse 58. Interment took place in the new cemetery at Peters Road.

All regret that the condition of Mr. Archie Acorn, Alliston, in his sudden serious illness is not improved.

Mrs. A. M. Johnston, who spent the winter season with her son, Dr. L. A. Johnston and Mrs. Johnston, Montague, has returned to her home at Peters Road, where she will reside for the summer. Her many friends are pleased to note Mrs. Johnston's improved health, and all join in welcoming her home again.

The many friends here of Mr. Maynard MacDonald, Montague, are glad to learn that he is at home again and greatly improved in health after his serious illness.

Prowse Bros Ltd

are still selling everything from automobiles to hairpins. This announcement was made recently by E. Z. Massicotte, Court House Archivist here. He said that writers of advertising matter from James Bay to the Gulf of Mexico have found that the colorful and sometimes legendary history of old Canada makes good "copy". The result is an increasing tide of requests to the archives for correct information.

Copy writers and artists are equally distributed among the correspondents. "What is the right date" is one of the most frequent queries from men seeking atmosphere to sell their wares. A hotel with a French name in the South wanted to know what the crest was of some nobleman or other from Old France. Another was anxious to adopt a flag and didn't want to be laughed at by the occasional bookworm or history student. Sketches of old costumes turn up with the demand to know whether there is anything wrong or anything right.

The "history advertisement" began about five years ago and is now widespread in Canada. The practice is gaining ground rapidly in the United States, especially for use in the Middle West and the Mississippi region. And Mr. Massicotte's correspondence file shows it.

"Five years ago", he says "my letters were mainly from the seeker of the 'phantom fortune' or from some classical seat or learned individual working on history. But now they are outclassed by the eternal search of the advertising man for 'something different'."

Minard's Liniment removes stains. Minard's Liniment relieves corns.

SEEK TARIFF RAISE ON U. S. TOMATOES

VICTORIA, B.C., June 8.—Texas field tomatoes sold at one dollar a crate, F. O. B. Texas, are flooding the prairie market and this will be followed by a large crop surplus from Mississippi Valley unless added tariff protection is accorded Canadian producers, a delegation of Vancouver Island tomato growers told the B. C. government.

The delegation asked that the province join in representations to Ottawa, seeking a valuation for duty purposes of 12 cents a pound, in addition to the present duty, the higher of the two to apply against imports to Canadian points.

Vancouver Island tomatoes are ripening at the rate of two carloads a day. The province is taking up the point with Ottawa.
